#### THE REPORT ON WOMEN'S WORK

Our North Carolina W. M. U. celebrated in March, this year, the 40th year of their organized existence. The story of these forty years is inspiring to read and ponder. This report, however, must

limit itself to the work of the last fiscal year with some reference to what has been done to date in the present year. We had at the close of last year, 2,465 active societies under supervision of the W. M. U., in which were enrolled 40,121 members. New organizations for the year were 430, a net gain of 167 over the year before. Funds raised by our women during last year which (by reason of a change of date for the beginning of the year, included only ten months), amounted to \$196,661.10. These are some of the items which may be expressed by figures. Far greater in significant importance, though less easy to tabulate, are the achievements in other respects. These include the sending out of thousands of pages of reading matter, the dissemination of information to every corner of the State, the results of mission study work, of training the young, and holding constantly aloft the glorious claims of the Kingdom of God. The impact of this work has been felt in every church in North Carolina; and its cumulative value is beyond computation. Eternity alone will reveal all that our Baptist women have done for the Master.

The financial aim of the W. M. U., for 1926 is \$265,000. During the first three-quarters of the year they have raised \$170,420.54. They are hopeful that the year will close with all the desired amount in hand, and with generous offerings of love above the amount set for a goal. The week, November 29-December 3, has been set apart as a week of prayer for Foreign Missions, and a call sounded forth for a special Christmas offering to raise \$300,000 for Foreign Missions. If this call is heeded the amount raised will go far toward lifting from our Foreign Board its heart-breaking burden of debt, and will release into vital missionary channels huge sums of money which now are being spent for interest on borrowed money. We urge this Convention to put behind this special effort the full weight of its influence, and the support of its most earnest prayers.

At the W. M. U. State Convention at Raleigh last March, our Baptist women, realizing the weight of the Meredith debt, which is hampering all of the educational work of our Convention, adopted a memorial which they will present to this Convention asking for a campaign to be launched to raise \$1,000,000 before 1930. The Convention should give careful, earnest, and sympathetic attention to the question of this memorial.

JOSEPH A. GAINES,  
*For the Committee.*

J. R. Jester read the following report on the Report of the Board of Education, which was adopted:

## REPORT OF COMMITTEE ON REPORT OF EDUCATION BOARD

Your committee on the report of the Board of Education submits the following report:

1. In view of the financial embarrassment of the Board of Education at this time, reporting a debt "of about \$70,000, and under the necessity of borrowing another \$70,000 about December 15th," we would recommend that the greatest possible caution be used to prevent increasing this obligation, and furthermore that the same general policy which is now being followed by the Mission Board be employed for decreasing the debt just as early as possible.

2. We recommend that the Budget of appropriations to the different Institutions and Agencies be kept within the reasonable expectation of receipts of the Education Board, and that payments to these Institutions and Agencies be made as the funds become available by the contributions received from the churches.

3. We recommend that the agreement between Buie's Creek Academy, Incorporated, and the Board of Education as per terms published in the report to this Convention be ratified.

4. Your committee expresses the deep conviction that no more Academies or Colleges should be established, nor any other Academies elevated to the rank of Junior Colleges, thereby entailing a larger expense of maintenance, until the Convention has discharged the burdensome debt which now rests upon Meredith College and the other schools under the direction of the Education Board.

5. We would commend the observance of the special day in our Sunday Schools for Christian Education as recommended by this Board.

6. We would refer Section 4, page 46, of the report to the W. M. U. for such action as they may deem wise and best.

A. J. Barton, General Director of the Baptist Cooperative Program, closed the evening session with an address on "The Unified Program."

On motion, Secretary Maddry was given the privilege of preparing the following report on the Cooperative Program later and of having it inserted in the minutes:

## REPORT ON THE COOPERATIVE PROGRAM

The Convention year now runs with the calendar year, therefore we cannot give the totals for the Cooperative Program now. The books close on December 31, and we will have the books audited and publish the report of the year's work in the *Recorder*.

The objective for 1927 was fixed by the joint Boards at the September meeting at \$600,000 and will be divided on the fifty-fifty basis between North Carolina objects and South-wide and world-wide objects.

The percentages of division are fixed as follows:

## State-wide objects:

|                           |          |
|---------------------------|----------|
| State Missions .....      | 20 cents |
| Hospital .....            | 4 cents  |
| Christian Education ..... | 26 cents |
| <hr/>                     |          |
| Total.....                | 50 cents |

## South-wide objects:

|                            |           |
|----------------------------|-----------|
| Foreign Missions .....     | 25 cents  |
| Home Missions .....        | 11¼ cents |
| Relief and Annuity .....   | 4½ cents  |
| New Orleans Hospital ..... | 1 cent    |
| South-wide Education ..... | 8¼ cents  |
| <hr/>                      |           |
| Total.....                 | 50 cents  |

All funds designated go to the object to which they are designated, and each object shares in the undesignated funds according to the percentages as given above.

We believe that the Cooperative Program is growing in favor with the people and slowly but surely we are gaining ground and making progress.

CHARLES E. MADDRY.

The Secretary read telegrams of greetings from the Tennessee Convention in session at Memphis, by John Jeter Hurt and from the North Carolina students at the Southern Baptist Theological Seminary, Louisville, Ky.

On motion, the Secretary was instructed to send greetings to the Texas Baptist State Convention now in session at San Antonio.

Whereas, Brethren E. Y. Mullins, A. T. Robertson and J. R. Sampey have been charged in some quarters with being unsound in doctrine, Therefore be it resolved:

1. That we, messengers to the Baptist State Convention of North Carolina, send to these brethren our warmest greetings and assure them of our love for and confidence in them as men of broad scholarship, deep consecration and soundness of faith;

2. That we appreciate the great work they have done and are doing for our denomination and for the extension of Christ's kingdom at large;

3. That a copy of these resolutions be sent to each of these honored and beloved brethren and a copy furnished the *Biblical Recorder* for publication.

Chairman Clay I. Hudson offered the following resolution, which was adopted:

## \$125,000 LOAN FOR BAPTIST HOSPITAL

Whereas, in the judgment of the Board of Trustees of the North Carolina Baptist Hospitals, Inc., it is necessary to build a Nurses' Home on its property as a part of its equipment and to refinance its present indebtedness so that the payments may extend over a longer period and come within the limits of the amount received annually from the Cooperative Program of the Convention:

Therefore be it resolved, That the North Carolina Baptist Convention in regular meeting assembled, after due and careful consideration, do hereby authorize the said Board of Trustees of the said North Carolina Baptist Hospitals, Inc., to borrow for this purpose a sum not to exceed one hundred and twenty-five thousand dollars.

And that the proper officers of the said Hospital be authorized to secure such a loan by a deed of trust on the property of the said North Carolina Baptist Hospitals, Inc., and that the said officers

are hereby authorized to issue bonds or other evidences of debt in the name of the Corporation as security for said loan.

We further wish to express our full confidence in our Secretary, Charles E. Maddry, and beg to submit the following recommendations as asked for on page 30 of the advance report of the Board of Missions:

1. We recommend that the Board of Missions secure two additional evangelists.

2. We also endorse the recommendation that our training forces be enlarged and strengthened, as far as our financial condition will permit.

3. We recommend that appropriations for 1927 be made on the basis of cash receipts for State Missions in 1926, and that one-third of the debt be included in the appropriations for 1927.

4. We recommend that the Board of Trustees of the Baptist Hospital at Winston-Salem re-finance their bonded indebtedness of one hundred and twenty-five thousand dollars and secure the lower rate of interest offered.

J. R. Jester read the following report, which, on motion of Charles E. Maddry, was received for information and referred to the General Board and the committee continued:

#### REPORT OF COMMITTEE ON CHURCH AT MARS HILL

The Committee met at Mars Hill on October 12th, pursuant to a call by the Chairman, to investigate the needs and make some suggestions concerning the church at Mars Hill.

Your Committee finds:

1. That the condition is more congested than we had imagined. Upon the judgment of the pastor it was shown that the present congregation that meets to attend services is about three times the size of the present seating capacity of the church.

2. Your Committee discovered that the need of an auditorium at this time is one of 1200 seats as a minimum, with capacity for an added balcony later, which would carry it to 1500 when required.

3. Your Committee discovered the possibility of remodeling the present plant, in view of the fact that sufficient land is immediately available in connection with it. The plan suggested by the Committee permits the saving of practically everything that is now standing and for approximately \$50,000.00 the needed auditorium can be provided and sufficient Sunday School rooms to take care of the community part of the Sunday School. It is to be observed in this connection that the present church plant belongs to the church as provided by the community. It is also observed that when the College attends, the people of the community are forced out, for want of seatings. However, they are showing a beautiful spirit, realizing that this must eventually be remedied and they trust as early as possible.

4. The experience of some of the Committee makes us bold to say that this can be financed over a long term of years and that such amicable divisions of the burden can be made between the denomination at large, on behalf of the School, and the community, as to make it both feasible and easy to go forward with this matter as early as these questions can be passed on.

5. We received every assurance, not only from the pastor, but from members at large that the community will enter heartily into any effort which the denomination may undertake. Your Committee believes that this is sufficiently urgent to demand immediate attention

as the interest of the community and the interest of the College are so intertwined that we can ill afford to have that violated or even strained. We believe that the Mars Hill Church is located in a strategic point, serving the outlying area, if only a place to preach to them is provided.

Your Committee unanimously recommend that steps be taken in the direction as outlined to relieve this congested situation.

J. R. JESTER, *Chairman*.

R. J. BATEMAN, *Secretary*.

J. M. Kester read the following report of his committee, which was adopted:

### QUEEN MARIE

We, your committee to consider the matter of a special message to Queen Marie of Rumania while on her visit to this country, recommend that the following message be sent to the Queen through the Rumanian ambassador in Washington:

"The North Carolina Baptist State Convention representing more than three hundred and fifty thousand Baptists in North Carolina in session in Wilmington, N. C., November 18, 1926, wish to convey to Her Majesty, Queen Marie, through you, the following message: 'It is with deep regret that we have learned that our brethren of the Baptist churches in your country are left out of the list of recognized confessions and are not given the privileges accorded other churches. We respectfully beseech you to grant the Baptists, along with all others, religious freedom, that they be allowed to purchase property for ecclesiastical, educational, and philanthropic purposes, and that their ministers and other church officials, be assured freedom to exercise their functions as freely as the officials of all other confessions. We sincerely hope that your visit to our country may be both pleasant and profitable.'"

The report to be signed by the President and Secretary of the Baptist State Convention.

A. O. Moore presented the following report of the Special Committee on the request of the *Biblical Recorder*, which was adopted:

#### REPORT OF COMMITTEE ON BIBLICAL RECORDER

1. We the committee recommend that the Convention authorize the President, in case of a vacancy in the position of Editor of the *Recorder*, to appoint a committee of seven to aid the *Recorder* Directors in securing an Editor.

2. In recognition of the service rendered to this Convention by the *Recorder* the Convention is urgently requested to aid in increasing the circulation of the *Recorder* to not less than 25,000. A special campaign for that purpose is recommended during February and March, 1927.

3. We the committee recommend that the Convention spend annually three thousand dollars in publicity seeking to aid in accomplishing the work assigned the *Recorder*. The increasing of the *Recorder's* circulation will most certainly increase the efficiency and liberality of our people.

#### A. J. BARTON

We view with great satisfaction the election of Dr. A. J. Barton as General Director of the Cooperative Program. His devotion to all Kingdom interests and his statesmanlike qualities, together with his splendid ability as a preacher and speaker augur well for the success of the work. His strong and attractive address at this meeting of the Convention was a valuable contribution to this great movement. We affectionately commend Dr. Barton to our sister states.

After the singing of "All Hail the Power of Jesus Name," Secretary Maddry announced that Missionary W. C. Newton, who was to have delivered an address on Foreign Missions at this hour, was delayed on account of a belated train. A. J. Barton was asked to speak on Foreign Missions, which he did, followed by prayer by J. M. Kester.

#### II. DEPARTMENT OF WOMAN'S MISSIONARY UNION

Since the last meeting of the Convention, Mrs. Edna R. Harris has come to labor with us as Secretary of the Woman's Missionary Union in the place of Miss Mary Warren who left us to get married. Miss Gertrude Mattison has been with us since June the first, a field worker. She has devoted her time thus far to the

Johnston Association. We earnestly hope that she may be continued as a general field worker for another year. The following is a report of the work and workers:

#### WOMAN'S MISSIONARY UNION

In accordance with the action of the Woman's Missionary Union, Auxiliary to Southern Baptist Convention, the North Carolina Union, January 1st, 1926, adopted the calendar year for all reports. This change necessitates our making for the year closing December 31, 1925, a ten months' report. Our gifts for this period amounted to \$196,661.10.

During the past year we have stressed Enlistment and Tithing in all of our meetings believing that herein lies the greatest opportunity before us. Because of inadequate reports we can only claim forty thousand of the more than two hundred thousand women in our churches as definitely enlisted in our W. M. U. work. Statistics not complete show but few over two thousand tithers, among our members.

The most marked progress the past year has been along the line of organization and dissemination of missionary information. Associational meetings have had fine programs and large attendance. The interest in mission study continues to increase, and the organized Personal Service has proven a decided advance in that line of work.

Our Young People continue to hold a high place in our Southern W. M. Union, the Sunbeams leading in gifts and the Y. W. A. coming second.

At the beginning of the Seventy-Five Million Campaign the W. M. Union was asked to make their gifts through the church envelopes at the regular church services, and to pay all money directly to the church treasurer, who would send it to the Treasurer of the Baptist State Convention. This plan in our judgment has not been an advantage to the W. M. Union, and has been a distinct disadvantage to the churches. The fact that the treasurer had in hand a sum of money for missions and benevolences has prevented in many instances an effort being made to present to the church our mission objects. The gifts to missions without the gifts of the Woman's Missionary Society in many instances have not been what they should. For this reason we ask that the Convention approve of our recommending to our women the plan of work used previous to the Campaign. That is, that the women make their gifts to the Coöperative Program and to their Special Offerings through their societies, and that the W. M. Society treasurer pay all money to the church treasurer, taking his check for the amount and forwarding this check to Walters Durham, Treasurer of the Baptist State Convention. This will, we believe, result in increased gifts to our denominational objects both on the part of the Woman's Missionary Societies and the churches.

The following is the financial report for the year :

### III. DEPARTMENT OF SUNDAY SCHOOLS

North Carolina is making rapid strides in Sunday School work. Secretary E. L. Middleton has laid well the foundation for a great and rapid advance in Sunday School efficiency. We would call especial attention to his report of achievements in the matter of better Sunday School equipment.

The following is a detailed report of Secretary Middleton and his co-workers :

#### SUNDAY SCHOOL REPORT

The years will go by and bring us to the time of "taking stock." This is my nineteenth Annual Report. In spite of a thousand things to be desired I am more optimistic about our Sunday School work than in any former report. It is entirely too early to be able to give

membership gains. Our gains last year were so large we will not be discouraged if they are smaller this year. For these facts you will see the Statistical Tables and the Statistical Summary in the Convention Annual.

In many points of Sunday School work we do check up monthly. We have more Standard Schools than we ever had. Teacher Training was never going so fine as now. There were never so many churches building Class Rooms to an old church, or entirely new buildings, as at this hour. The need of an adequate organization is becoming more apparent to thinking men and women than ever before.

*Some barriers and difficulties* are in our way. We would not have these if this old world was not filled with sin. I want us to note some of the things that hinder the progress of our Sunday School Work as well as the general ongoing of the Kingdom:

(1)—*The instability of workers.* I have carefully compared the list of Superintendents with a former year several times. Nearly 50 per cent of them change each year. Many say there is a larger per cent of changes among teachers and other officers. If this be true we put to work in our Baptist Sunday Schools 7,000 to 8,000 new workers each year. Very few of these have had any special training for their task, or experience in it. Our Sunday Schools can never reach efficiency until we remedy these conditions.

(2)—*Indifference.* We have many pastors, superintendents, and teachers that make no special effort during a whole year to have a larger or better Sunday School. They just drift along, and let the Sunday School do the same. We must get an objective before these people and get them started towards it.

(3)—*Not enough workers.* We need 10,000 more officers and teachers in the Baptist Sunday Schools. Good men and women are standing idle at the "vineyard gate" waiting "to be hired." An adequate organization in our schools would make a place for them, and they would render great service for God.

(4)—*Our program not known.* Southern Baptists have the greatest Sunday School Program in the world, but our people don't know about it. We must do everything possible to get this program before our people, and then help them to make it a reality.

#### GENERAL WORKERS AND THEIR WORK

For four years we had a stable force of workers, but the finances of the Mission Board caused the loss of a worker for 1926. This year there have been only three of us—your General Secretary, a Field Worker for the west, and an Elementary Worker for the entire State. These are E. L. Middleton, Raleigh; J. N. Barnette, Hickory; and Sophia Berghauser, Raleigh. We can make no adequate report of what these have done.

*E. L. Middleton* has charge of the headquarters office. He conducts a rapidly growing personal mail. This has doubled in two years. He has written all Superintendents twice. He has sent valuable literature to 2,500 teachers. He prepares the weekly article for the *Biblical Recorder*. He gets and tabulates weekly and monthly reports from workers named below. This phase of his work is one of these never ending and ever broadening tasks.

*The Field Work* of the Secretary has been curtailed but little in spite of the growing office work. During the year closing November 1 he has visited 89 churches. Many of these trips were for better church buildings mentioned later. He has been forced to limit his work in Institutes and Training Schools. During the year he has conducted only eleven of these.

*J. N. Barnette* has become an indispensable part of our Sunday School work in North Carolina. He is a recognized authority on rural Sunday School work throughout the South. During the past year he has been invited to five other states to help them "put over" their rural tasks. We cannot show this good man too much appreciation. Here is just the briefest summary of what he has done: Churches visited 121; Training Schools conducted 28; addresses made 225; classes taught 228; enlargement campaigns 12; one day engagements 36; Associational Conventions 18; other general meetings, Associations, etc., 6; classes arranged, but taught by others 340. Only eternity can reveal what this year's work done by Jasper Barnette has meant for the Kingdom.

*Sophia Berghauser* has put in a good year's work, but under her physician's advice she made only nine months. She has a desk at headquarters and plans for the four Elementary Departments—Cradle Roll, Beginners, Primary and Junior. She conducted plans for the Daily Vacation Bible Schools and it now seems we lead the South with over thirty schools. Children's Week was a success. She worked in Training Schools in 21 churches, with an enrollment of 1,200. She gives this message to her co-workers: "As new Educational Buildings go up over our State, as present buildings are enlarged our Cradle Roll Classes, our Beginners, our Primaries and our Juniors are given places of beauty where they can worship the Lord in the beauty of holiness. A new day is dawning in our Elementary work. More Juniors have been led to Christ this year than last. We are seeking to secure an accurate record of this by another year. More teachers are preparing for their task. Our total Elementary awards will reach over one thousand. 'The race moves forward on the feet of little children,' and North Carolina Baptists are moving on!"

*Bessie Morgan* is now closing her first month in the General Secretary's Office as stenographer. She is a devout, efficient Christian worker. She is a teacher of a Junior Class in a great Sunday School. Her task is to run the office in the absence of the Secretary and

while he is here coöperate in his work. She will order 10,000 Normal Awards a year. She will handle, at least, 15,000 pieces of outgoing mail.

#### ASSOCIATIONAL WORK

For over ten years the Sunday School Board has been coöperating with the several State Boards in trying to revitalize the Sunday Schools and B. Y. P. U's in our rural churches. The Board leaves it to the states to decide on the methods. For some years we used students of colleges and seminaries during the summer months.

For two years we have used Associations as units and these pay one-half the salary and the expense of the workers and the Board the other half. We are convinced this is the best way to do it. The work is too young yet for definite policies to be fixed for all details, but we believe we should not ask the Board to aid one Association longer than two years, except in extraordinary situations.

We are now using ten of these workers. These divide their time practically fifty-fifty between Sunday Schools and B. Y. P. U's, as will be shown by work below. We began the year with five workers. The aggregate time is 94 months, or the equivalent of less than eight workers.

The workers now are as follows :

B. S. Beach, Bonlee, for Sandy Creek Association.  
 Gladys Beck, Selma, for Johnston Association.  
 R. D. Clarke, Tarboro, for Roanoke Association.  
 P. W. Cooper, Weaverville, for Buncombe Association.  
 M. L. Jones, Winston-Salem, for Pilot Mountain Association.  
 K. L. Lineberger, Hickory, for South Fork Association.  
 Lillian Mabry, Southport, for Brunswick Association.  
 L. L. Morgan, Lumberton, for Robeson Association.  
 A. V. Washburn, Shelby, for Kings Mountain Association.  
 A. R. Waters, Spruce Pine, for Sandy Run Association.

Mr. Waters was in the Sandy Run until October 1, but is now serving three small Associations—Avery, Mitchell and Yancey. For three months R. F. Marshburn did this same work in the Wilmington Association.

*The service rendered* by these faithful workers cannot be tabulated except in part. The vision, encouragement, inspiration and organizations cannot be recorded. We report a few totals :

|                                 |        |
|---------------------------------|--------|
| Number of Churches visited..... | 326    |
| Enrollment in Classes.....      | 10,290 |
| Normal Diplomas Awarded.....    | 1,079  |
| Normal Seals Awarded.....       | 3,315  |
| B. Y. P. U. Awards.....         | 4,590  |

Almost every worker reports some special feature of work— simultaneous study courses among the churches, enlistment of tithers, organizing new schools and B. Y. P. U's, Associational Conventions for both interests, Daily Vacation Bible Schools, taking of religious census, establishing of family altars, etc.

We are fully convinced this work ought to continue and be enlarged as the Sunday School Board has available funds and Associations comply with conditions.

It will be readily seen that our field force has worked in 557 churches this year. In some cases the church was visited by more than one of us, but we have reached with our workers nearly one-fourth the churches in the Convention this year.

#### CHURCH BUILDINGS

This is a new feature of work for this department, but nearly every new or remodelled building is primarily to meet the needs of the Sunday School. This task has fallen on your Secretary. There is a South-wide movement for better church buildings. The cost in North Carolina for five years following 1924 will probably not be less than \$3,000,000.00.

The Department of Church Architecture of our Sunday School Board offers free service in the way of advice, free booklets, and securing competent architects. During this year your Secretary has visited and drawn plans for more than fifty churches. He tries to meet the needs of the modern Sunday School as economically as he can.

#### TEACHER TRAINING

From November 1, 1925 to November 1, 1926, North Carolina has received 10,462 Normal Awards and possibly 300 in the course in Sunday School Administration. In 1923 we reported 5,321 awards. You can readily see we have practically doubled this great work in three years. In schools and colleges we received 2,979 awards during the last school year. We reported above 4,393 awards through the work of the Associational Workers. This leaves only 3,090 from pastors, superintendents and others.

We had as well realize we can never make our Sunday Schools what they ought to be until we have an adequate force of consecrated men and women trained for their tasks. Teacher Training is our biggest and hardest task. This year marks the Twenty-fifth Anniversary of this great undertaking. Let us celebrate this Silver Anniversary worthily.

#### STANDARD SCHOOLS

Our Standard of Excellence is a definite program of work. It has proven its value in the schools that have reached it by increasing their efficiency. These schools in 1925 had 33,594 church members, but 37,316 in their Sunday Schools. They had ten times as many teacher

training awards as an average Sunday School. Their organizations are greatly improved. They are much more liberal than others and in evangelism successful. Last year there were 9.1 baptisms per church, but in churches with Standard Schools there were 22.5.

To date this year we have 114 Standard Schools as follows: Aberdeen; Alexander; Andrews; Apex; Asheboro-First; Ashley's Grove; Ashley Heights; Asheville-West End; Bethel, Statesville; Bethlehem, Kings Mountain; Boiling Springs; Buckhorn; Buie's Creek; Calvary, Salisbury; Capeharts; Caroleen; Cary; Casar; Cedar Fork; Cedar Rock; Center View; Chapel Hill; Charlotte-Pritchard Memorial; Charlotte-St. Johns; Cliffside; Cypress Chapel; Double Shoals; Double Springs; Drewry Dobbins; Durham-Angier Avenue; Eagles; Elizabeth City-Blackwell Memorial; Fallston; Floyd's Creek; Fruitland; Gastonia-Loray; Glenwood; Green Level; Greensboro-Asheboro Street; Greensboro-First; Greenville-Immanuel; Haynes Memorial; Hebron, Woodland; Henrietta; Hickory-Highland; Hickory-Penelope; High Shoals; Holloways; Holly Springs, Rutherfordton; Jersey; Jonesboro; Kings Mountain-First; Lincolnton-First; Lower Creek; Lystra; Macedonia, Kings Mountain; Mt. #### SOUTHERN BAPTISTS' SUNDAY SCHOOL PROGRAM

There is nothing new to offer. This Program has been twenty-five years in the making, using the best talent available. It is expressed in our Standards for Classes, Departments, and the whole school. The First Standard comprehends the outstanding objectives and every school that adopts this and honestly and persistently works towards it is bound to become a bigger and better Sunday School.

We present here a chart or diagram showing the standard embracing a few fundamental things to be done in every Sunday School.

1—*Teaching*. Real teaching of the Bible is the heart of a Sunday School. Our schools will never reach worthy achievements until this teaching is done.

2—*Enlargement.* We can grow larger and it is a basal task. Last year there were eleven Associations, and 800 churches with as many

or more people in their Sunday Schools as in their church membership. Our aim must be to have as many people in our Sunday Schools as in our churches. This would add over 50,000 to our Sunday School Membership.

3—*Organization.* This is putting all pupils in the right classes, and departments, and providing enough officers and teachers for all types of our Sunday Schools.

4—*Buildings.* This will cost us much money, but every interest round about us urges us to the task. We cannot teach effectively until we have adequate physical equipment.

5—*Training* has been discussed. If we continue growing as during recent years we

ought to reach 12,000 awards in 1927.

6—*Enlistment.* This means the bringing into our Sunday Schools thousands of the unreached 225,000 church members and through our organized classes training them in some form of Christian service. We have no more challenging task.

7—*Evangelism* ought to be the very heart of our teaching. With lost men and women and boys and girls about us, a Sunday School is missing the mark if it fails here.

8—*For our Children* we must do our best in making strong the four Elementary Departments in our Sunday Schools, in observing Children's Week in October and in planning Daily Vacation Bible Schools during the summer.

E. L. MIDDLETON.

### IV. DEPARTMENT OF B. Y. P. U.

The B. Y. P. U. Department has had a phenomenal growth. Just fifteen years ago we began this work with many fears and misgivings, and even opposition in some places. At the last Convention held at Meredith College nearly fifteen hundred were in attendance. Secretary Perry Morgan is rapidly becoming one of the outstanding

men in Young People's work in the South. He is doing a wonderful work among our young people and must have more assistance in his department as soon as possible. Here follows the report in detail :

### BAPTIST YOUNG PEOPLE'S UNION

By PERRY MORGAN, *General Secretary*

#### "THE FENCE OR THE AMBULANCE"

'Twas a dangerous cliff, as they freely confessed,  
Though to walk near its crest was so pleasant ;  
But over its terrible edge had slipped  
A duke, and full many a peasant ;  
So the people said something would have to be done,  
But their projects did not at all tally.  
Some said, "Put a fence around the edge of the cliff ;"  
Some, "An ambulance down in the valley."

But the cry for the ambulance carried the day,  
For it spread through the neighboring city.  
A fence may be useful or not, it is true,  
But each heart became brimful of pity  
For those who slipped over that dangerous cliff ;  
And the dwellers in highway and alley  
Gave pounds or gave pence, not to put up a fence  
But an ambulance down in the valley.

Then an old sage remarked, "It's a marvel to me  
That people give far more attention  
To repairing the results than to stopping the cause,  
When they'd much better aim at prevention.  
Let us stop at its source all this mischief," cried he.  
"Come neighbors and friends, let us rally :  
If the cliff we will fence we might almost dispense  
With the ambulance down in the valley."

Better guide well the young than reclaim them when old  
For the voice of true wisdom is calling :  
"To rescue the fallen is good, but 'tis best  
To prevent other people from falling."  
Better close up the source of temptation and crime  
Than to deliver from dungeon or galley ;  
Better put a strong fence 'round the top of the cliff,  
Than an ambulance down in the valley !

JOSEPH MALLINS.

In bringing to this Convention his seventh report your Secretary of B. Y. P. U. work declares it to be his conviction that "wisdom has fled from us" if we neglect longer to train the young members of all of our churches in the duties and privileges of church membership. There is no such thing as reaping a harvest where the soil has not been prepared and no seed sown. The future hope for the progress of Baptist churches is dependent upon the membership of the same being consecrated and useful Christians; intelligent and efficient church members; loyal and staunch Baptists. To the task of making them such this department of our Convention work has dedicated itself. In this report we express our profoundest gratitude to God for His evident blessings upon our efforts.

#### THE WORKERS

The number of workers is less by one than we reported last year. Edwin S. Preston, our field worker for the Western part of the State resigned on January the first to become State B. Y. P. U. Secretary for Georgia. Our program of strict economy would not allow us to fill the vacancy. At the present time there are two State-wide field workers and a half-time stenographer.

*Perry Morgan* is General Secretary and is completing the seventh year of his work. This has been the best of all the busy years spent in the work. He spent the time in the headquarters office at Raleigh and on the field. Speaking engagements, conferences, rallies, study course classes, field campaigns, training schools, conventions and assemblies were the channels of work while on the field. The time in the office was spent in attending to an ever growing volume of correspondence, editing and writing news notes concerning the work for the *Biblical Recorder* and building programs for Regional and State Conventions and assemblies.

*Winnie Rickett* is Secretary of Junior and Intermediate work. She is in the second year of her work with the Convention. Her work is growing in its scope of service. She is cultivating the flowers in the denominational garden. The tender, young life with which she deals already feels and knows the touch of her guiding hands. She is proving herself an outstanding leader in Junior and Intermediate work. We desire to commend most heartily the work she is doing among the Juniors and Intermediates and their leaders.

*Alma Massey*, the efficient office secretary, renders valuable service attending to most of the correspondence in the absence of the General Secretaries. She issues all study course awards and this takes a great part of her time. She sends out myriads of tracts and other pieces of free literature to people in all parts of the Convention territory.

*Associational Workers.* There are ten associational workers. They are: Roy D. Clarke, Tarboro, in the Roanoke Association; (Mrs.

Clarke renders fine service without any remuneration). L. L. Morgan, Lumberton, in the Robeson; Miss Gladys H. Beck, Selma, in the Johnston; A. R. Waters, Spruce Pine, in the Yancey, Mitchell and Avery; M. L. Jones, Winston-Salem, in the Pilot Mountain; Paul W. Cooper, Weaverville, in the Buncombe; B. S. Beach, Bonlee, in the Sandy Creek; K. L. Lineberger, Hickory, in the South Fork; Miss Lillian Mabry, Southport, in the Brunswick; and A. V. Washburn, Shelby, in the Kings Mountain. Rev. R. F. Marshburn, Wallace, rendered fine service in the Wilmington Association during June, July and August. Mr. Morgan, Mr. Beach, Mr. Cooper, Mr. Lineberger, and Miss Mabry have been added to the force of Associational workers since the last Convention. All of these have rendered fine service. One-half of the expense for these workers is paid by the Sunday School Board, Nashville, Tennessee, and the other half by the Association employing the worker.

#### THE WORK

**Church B. Y. P. U. Departments.** The number of churches instituting the B. Y. P. U. as a regular department of their work has grown very noticeably. This is accounted for by the fact that they are awakening to their responsibility to give spiritual, intellectual and social training to their young members. More than a hundred churches now have General B. Y. P. U. Directors. Highland, Hickory; Loray; Sandy Plains; Asheboro and Mt. Moriah reported Standard B. Y. P. U. Departments during the year.

**Local Unions.** Annually we face the difficulty of getting exact data as to the number of unions in the State. Our files show the number of Senior unions to be 1,159, Intermediate 295, Junior 425. Total 1,879. This is 216 more than we reported last year.

**Standard Unions.** The number of standard unions increased noticeably during the year, it having reached 137 for a single quarter.

**College and School Unions.** There are 61 in our schools and colleges. In nearly all these institutions the B. Y. P. U. is the major organization in student religious activities. The work is growing in all of them and will soon become the greatest single training agency for the denomination on the campuses.

Meredith College with eight unions, led by Miss Marguerite Harrison, won and now holds the State efficiency banner for school unions. The number of unions is ever increasing. Mars Hill has eleven, Wake Forest eight, Wingate Junior College five, Chowan three, Buie's Creek Junior College four, and other schools from one to three each.

**Student Work.** The B. Y. P. U. Secretary was again designated as chairman of the Convention Committee on Student work. This department gave approximately two months time to work with the students at our schools in the interest of various phases of the

Convention's work. No appropriation was made for this, the B. Y. P. U. budget taking care of printing, postage, and other expenses. We coöperated with the Inter-Board Commission of the Southern Baptist Convention in putting on a South-wide Conference for students at Birmingham with an attendance of one hundred twenty-five North Carolina representatives. No State Student Conference was held this year, but one will be held next year. The student phase of our work demands and should have the best support we can give it.

*Regional Conventions.* We held five Regional Conventions and the total attendance was about two thousand. They were held at the following places and dates:

Elizabeth City, March 19-21 for the Eastern Region composed of the Roanoke, Neuse-Atlantic, Chowan and West Chowan Associations.

Payetteville, March 26-28 for the Southern Region composed of the Pee Dee, Robeson, New South River, Bladen, Eastern, Dock, Cape Fear-Columbus, Brunswick and Wilmington Associations.

Sanford, April 9-11 for the Central Region composed of the Sandy Creek, Montgomery, Piedmont, Beulah, Flat River, Central, Raleigh, Johnston, Little River, Mt. Zion and Tar River Associations.

Hickory, April 23-25 for the West-Central Region composed of the Alexander, Ashe, Anson, Three Forks, Stony Fork, Caldwell, Catawba River, Kings Mountain, Gaston County, South Fork, Brushy Mountain, Alleghany, Stone Mountain, Surry, Elkin, Brier Creek, South Yadkin, Mecklenburg-Cabarrus, Pilot Mountain, Liberty, Union, Stanly, Yadkin and South Mountain Associations.

Hendersonville, April 30-May 1 for the Western Region composed of the Haywood, Tennessee River, Western North Carolina, Macon, Tuckasegee, Transylvania, New Found, Buncombe, Yancey, Green River, Avery, Sandy Run, Mitchell, French Broad, Carolina and West Liberty Associations.

In these meetings much was done to propagate the work and inspire our young people to greater activity in Kingdom enterprises. Five meetings of the same type will be held next year.

*State B. Y. P. U. Convention.* The State B. Y. P. U. Convention was scheduled to be held with the Baptist churches of Asheville, but for good reasons it was changed to Meredith College where conditions are almost ideal for a young people's convention. President Charles E. Brewer and his co-workers royally entertained the delegates and visitors. The total attendance was approximately two thousand with fifteen hundred seventy-five registered delegates. The Convention was a clearing house of B. Y. P. U. information and a fountain of spiritual inspiration. The 1927 session will be held again at Meredith College.

*Study Course Work.* The B. Y. P. U. is educational. It has a definite, clear-cut course of study. The following books comprise the curriculum: A General B. Y. P. U. Organization, Senior B. Y. P. U.

Administration, Junior Intermediate Leaders' Manual, Senior B. Y. P. U. Manual, Training in Church Membership, Pilgrim's Progress for the B. Y. P. U., Training in the Baptist Spirit, Southern Baptists Working Together, The People Called Baptists, The Plan of Salvation, The Books of the Bible, Division I of the Sunday School Manual, Intermediate B. Y. P. U. Manual, Training in Stewardship, Training in Bible Study, Training in Christian Service, The Junior B. Y. P. U. Manual, Studying for Service, Bible Heroes. There were issued from the B. Y. P. U. office 14,005 awards for the completion of the study of the books named above.

*Mountain Assembly.* The Secretary was again asked by the Board of Missions to direct this enterprise. It was scheduled to be held at Mars Hill College July 19-29. Serious depletion in the supply of fresh water there occasioned by an extended drought made it necessary to change the place of meeting to Ridgecrest. Prospects for the attendance were the best in eight years, but this change in place of meeting cut down the attendance considerably.

*Churches Without B. Y. P. U's.* There are in our State Convention 1,287 churches without any training service. Nothing is being done to enlist and train the young people in them. There is spiritual, moral, mental and material power there that is unharnessed. This department is reaching these churches as rapidly as possible.

*Acknowledgments.* 1. We desire to acknowledge our indebtedness to the State Board of Missions for the hearty support given this department of the Convention's work.

2. To Charles E. Maddry for his gracious and hearty support and the encouragement given to the workers.

3. To the Sunday School Board at Nashville for help given in sending special workers to our State Convention and some training schools. Among those workers were Mrs. J. E. Lambdin, Mrs. A. L. Crawley and E. J. Wright. We are grateful to them also for much free literature given us for distribution throughout the State.

4. To the *Biblical Recorder* for space in its columns for items of interest about the work and news notes concerning it.

*Recommendations.* We recommend:

1. That pastors, churches and their young people observe the following schedule for placing special emphasis upon the various activities designated in an adopted program for the year:

January—Standard of Excellence.

February—Bible Reading.

March—Study Course.

April—Live Investment and College Education.

May—Conventions and Assemblies.

June—Recreation.

July—Associational and Extension Work.

- August—Evangelism.
- September—Enlargement.
- October—Our Denomination.
- November—Stewardship.
- December—Missions and Benevolences.

2. The B. Y. P. U. is a church task. We urge that the churches assume it as such.

3. That the incoming Board of Missions be instructed to make such appropriations as will be necessary to carry on this work with the present force of general workers, a whole-time stenographer and the addition of five or a smaller number of field workers as soon as they can be secured and financial conditions will warrant.

V. DEPARTMENT OF EVANGELISM

Four years ago we had four Evangelists—One by one they have left us to go into other work, until now we have only one man left, J. C. Canipe, Roxboro. We do not believe that this department ought to be allowed to go down. We need at least three men to cover North Carolina. We give the following report of the achievements for the year. Report of J. C. Canipe:

|                                                  |            |

VI. CO-OPERATION WITH THE NEGRO BAPTIST STATE CONVENTION

Two years ago we began coöperative work with the Negro Baptist State Convention. J. H. Moore, Teaching Evangelist, to our negro brethren, has done a good year's work, and we hope you will continue him in his present labors. Here follows his annual report:

|                             |     |

## VII. REPORT OF THE HISTORICAL COMMISSION

Since our last Convention the Historical Commission has perfected partial plans for the writing of the first volume of a proposed history of Baptist achievement in North Carolina. Geo. W. Paschall of Wake Forest College, has been employed to write this first volume. At the special hour set for the consideration of this matter, some definite recommendation will come to you from the Commission. The Commission reports for the year as follows :

### REPORT BAPTIST HISTORICAL COMMISSION

J. T. ALDERMAN

The Commission makes a brief report. During the year we have been endeavoring to stimulate an interest in local affairs. Many of the churches are revising their records so as to bring them up to date. Some of the associations are preparing their records for publication. There is a growing interest among our people for historical information and a desire that as much as possible shall be put into permanent form.

Perhaps no other state furnishes such a store-house of unwritten material, political, social, and denominational, as our commonwealth affords just now. The field is broad, the materials are abundant and full of interest. The ambitious writer has only to look around for a subject and classify and organize the materials at hand.

The Commission has secured the services of an experienced writer to prosecute the task of writing our Baptist history.

It has been planned that the first volume shall cover the period from the time of the beginnings of Baptist thought and entry into North Carolina to the organization of the Baptist State Convention in 1830. It is expected that the volume will be ready by the meeting of the Convention in 1930—the centennial year.

The problem now before the Commission is, how to finance the enterprise.

## VIII. DEPARTMENT OF ENLISTMENT

The Mission Board in session on September 24, after a careful consideration of the whole matter, recommends to the Convention that the Department of Enlistment be abolished and that more emphasis be placed upon the training and development of our young people. We can wait on some things, but we cannot wait on the training and nurture of this generation of young people. We greatly appreciate the fine work done by our two Enlistment workers, K. D. Stukenbrok and R. L. Randolph. The report of Brother

Randolph is included in the report of the Missionary pastors as he was giving only a part of his time to Enlistment work. The report of Brother K. D. Stukenbrok is as follows:

|                                                        |      |

## IX. THE BAPTIST BOOK SHOP

The Baptist Book Shop is conducted jointly by the State Mission Board and the Sunday School Board, Nashville, under the direction of Miss Madge Alderman, Manager. We have had a very successful year, and the business is growing rapidly. We give below a brief summary of the business done the first year, from September to September.

### BAPTIST BOOK SHOP

MISS MADGE ALDERMAN, *Manager*

The Baptist Book Shop, Raleigh, N. C., is a partnership consisting of the Baptist State Mission Board of North Carolina and the Baptist Sunday School Board of Nashville, Tenn. The partnership was organized September 2, 1925, when the business was taken over from Mr. R. L. Middleton. Since the organization of the partnership the business has been devoted entirely to buying and selling of books and supplies under the management of Miss Madge Alderman.

The business has grown rapidly and steadily. Net sales for the first eight months, which marked the close of the Convention year, amounted to \$17,142.89 with a net profit of \$2,372.69; consequently the net worth of the business was increased during the eight months from \$5,669.80 on September 2, 1925 to \$8,042.49 at April 30, 1926. Sales for the calendar year, September 1, 1925 to September 1, 1926 amounted to \$26,204.21, which amount exceeded our expectations. The percentage of increase in sales for the month of September, 1926 over September, 1925 was 123%.

We handle all supplies for church, Sunday School, and B. Y. P. U., except quarterlies and periodicals. We keep a good stock of religious and some general books and, by means of the catalogues at our disposal, we can secure any book in print within a short time. We are prepared to fill orders promptly and efficiently and are anxious to render a distinctive book store service to the hosts of Baptists in North Carolina.

We appreciate your coöperation and business during this first year and trust we may merit your continued patronage and support. Write us when in need of a book. Catalogue will be sent free on request.

## X. DEPARTMENT OF STUDENT ACTIVITIES

We now have Baptist Student workers at the following institutions: R. P. Downey, Wake Forest; Yancey C. Elliott, State College, Raleigh; L. H. Tapscott, University, Chapel Hill, and Miss Cleo Mitchell, North Carolina College for Women, Greensboro. These are all new workers and we are very hopeful of fine results at these institutions. We are doing all we can to promote and perfect the work of the Baptist Student Union in all of our colleges and schools. Just as soon as possible we hope to secure student workers for our other schools and colleges.

## XI. EASTERN AND WESTERN FIELD MEN

W. M. Gilmore and A. C. Hamby, our eastern and western field men, are supported jointly by the State and Home Boards. They have labored diligently in season and out of season for the whole Coöperative Program. They have visited churches, associations, pastors' conferences, held mission rallies and institutes. They have trained the workers and put on the every member canvass in many churches. They are all-round fellow-helpers in all our Kingdom work, faithful and devoted servants of Christ. We give here their reports for the year:

## REPORT OF A. C. HAMBY

## A BRIEF SUMMARY OF THE YEAR'S WORK

It is a pleasure to report that there is a more general and hearty acceptance of the Coöperative Program than in 1925. A larger number of individuals are supporting the Program, and more money has been given. The associations and churches have set advanced goals for 1927. Injurious criticism has about run its course and in its place there is a purpose to coöperate in the Convention Program. Material progress goes on, and the contrast between this and the slow progress in the churches has created a feeling of uneasiness. Materialism is absorbing the spiritual energy of the churches. This uneasy state of mind may point the way out, or it may be the last feeble gleam before collapse. The mental framework of our people is changing to such an extent that we face a condition full of hope and pregnant with danger. Our people, especially the young people, are rudely shaken up and out of the complacent attitude of former years. A question mark is thrust in after every tenet of our fathers. Man may be "incurably religious," but he is not incurably Christian.

## STATISTICAL

The following is a statistical statement of work done during the year:

Supplied for Pastors 49 times.  
Addressed Pastors' Conferences 15 times.  
Spoke on the Coöperative Program 35 times.

## REPORT OF WALTER M. GILMORE

## FIELD WORKER FOR EASTERN NORTH CAROLINA

While our work the past year has been many sided, we have sought in every phase of it to magnify Christ by trying to enlist all our people in His great world-program of winning the lost to His side and training them for His service.

The following statistics will give some idea of the extent of our activities: 261 sermons and addresses delivered; 171 churches visited, of which 29 were pastorless and 47 were receiving aid from our Board of Missions; 28 mission rallies and conferences attended; 20 associational meetings attended; 8 Conventions attended; acted as business manager of the Preachers' School at Meredith College June 7-18; acted as recording secretary of three Board meetings. In order to fill these engagements we have traveled 25,375 miles at a cost of \$106.74 for actual traveling expenses, the entire expense account being \$220.39.

We have aided seven churches in special meetings in which we have emphasized Stewardship and putting on the Scriptural financial plan. Everywhere we have emphasized the Coöperative Program and putting on the Every-Member Canvass, personally assisting in some of the canvasses.

In a number of cases we have assisted churches and fields in securing pastors. We have also succeeded in some cases in getting groups of churches to form fields. We have the promise of some churches that have been receiving aid from the Board not to ask for it next year. We have tried to strengthen the hands of the

pastors whom we have visited and to encourage their people to follow their leadership.

Between times, we have done the general publicity work of the denomination, sending out scores of articles to the State papers.

## XII. REPORT OF THE NORTH CAROLINA BAPTIST FOUNDATION

For the Fiscal Year ending October 31, 1926

By GILBERT T. STEPHENSON, *Secretary*

At the close of business October 31, 1926, the North Carolina Baptist Foundation was administering 12 trusts of the aggregate value of \$77,970.05, which shows an increase of \$13,846.32 during the year.

The trusts are as follows:

1. Two vacant lots in Sunset Park, Wilmington, valued at \$900.00, the gift of Brother W. L. Carter of Greensboro, N. C.—object undesignated.

2. A fund of \$38,848.43 now being held as an endowment for aged Baptist Ministers of North Carolina. Upon instruction from the State Mission Board, the Foundation has, during the year, added \$2,065.64 of accumulated income to the principal and re-invested it. This fund is now growing by the re-investment of the income at the rate of over \$2,000 per year, and, in normal course, should amount to \$100,000 in about sixteen years.

3. A fund of \$1,000, also for the benefit of aged ministers, the income of \$60.00 per year, however, payable for life to Mrs. W. O. Allen of Windsor, N. C.

4. A fund of \$5,000 from the Noah Biggs estate as an endowment for Mission Work in the Roanoke Association. Income to the amount of \$307.60 has been paid during the year to the State Mission Board.

5. A fund of \$5,000, also from the Biggs estate, as an endowment for the building of churches in the Roanoke Association. Income to the amount of \$307.60 has been paid during the year to the State Mission Board.

6. A fund of \$2,500, also from the Biggs estate, as an endowment for the relief of aged ministers. Income to the amount of \$170.49 has, under the instruction of the State Mission Board, been re-invested so that the original fund of \$2,500.00 is now \$2,817.39.

7. A fund of \$2,500, also from the Biggs estate, as an endowment, for ministerial education, income of which in the amount of \$153.33, has been paid during the year to the State Mission Board.

8. A house and lot in Newland, Avery County, North Carolina, valued at \$10,000 for State Missions, subject to an annuity of \$10.00 per month during the life of Brother D. P. Bridges.

9. A fund of \$400.00, name of donor withheld at his request, which is being increased at the rate of \$200.00 per year, and which is to be

held in perpetual trust as a memorial, the income to be paid annually to the Thomasville Baptist Orphanage.

10. Two lots in Sunset Park, Wilmington, the gift of Brother W. L. Carter of Greensboro, to be sold as soon as practicable and the proceeds held for the Thomasville Baptist Orphanage.

11. Two lots in Sunset Park, Wilmington, the gift of Brother W. L. Carter of Greensboro, to be sold as soon as practicable, and the proceeds held for the Baptist Hospital, Winston-Salem, N. C.

12. A fund of \$7,000, name of donor withheld at his request, to be held, together with its accumulations, subject to the orders of the Thomasville Baptist Orphanage and to be added to other funds and used for a memorial building. This fund has already increased by accumulation, to \$7,871.72 since it was placed in the hands of the Foundation on March 6, 1926.

A summary of these twelve trusts shows that during the year the Foundation has received \$3,225.43 net income of which it paid out \$828.53 and re-invested \$2,396.90 according to instructions.

At the close of the last fiscal year the Foundation reported that it had received notice of the execution of 39 wills and 4 trust agreements by which gifts of the estimated amount of \$770,000 had been made to the Foundation, this in addition to the \$64,032.65 then on hand. During the past fiscal year it has received notice of the execution of four more wills containing gifts of the estimated value of \$25,000, one of which is undesignated and the other three for the Thomasville Baptist Orphanage. In addition, it has received the deeds already mentioned for vacant lots in Sunset Park, Wilmington, two lots for the Orphanage and two lots for the Hospital.

The Hurdle will case, involving the gift of a large farm in Edgecombe County to the Foundation for the Orphanage and small gifts to Home and Foreign Missions, is still pending in the Superior Court of Edgecombe County.

The steady growth of the Foundation, year by year, by gifts in amounts varying from \$200 to \$10,000 shows the need of just such an administrative agency and entitles the Foundation to the active support of all our denominational leaders and the institutions, agencies and objects they represent.

### XIII. THE SUMMER SCHOOL FOR PASTORS

Two years ago, we began the summer school for pastors at Wake Forest. Because of a conflict with the summer school for teachers, the Pastors' School was moved to Meredith College. The enrollment was nearly three hundred, and every one pronounced the school a great success. Meredith College gave a rate of one dollar per day and every one who attended was delighted with the accommodations and entertainment. The pastors expressed a desire that the school

be held at Meredith again next summer. We have already secured a splendid faculty and plans are in the making for a greater school next summer. W. R. Cullom served as Dean last summer and will be placed at the head of the School again this year. He is the right man in the right place and we greatly appreciate the fine service he is rendering.

#### XIV. MATTERS FOR CONSIDERATION, ACTION AND INSTRUCTION

##### (1) THE BIBLICAL RECORDER AND PUBLICITY

The Baptist State Convention and the *Biblical Recorder* have been inseparably bound together for ninety-four years. God has wonderfully used these two agencies for the coming of His Kingdom in North Carolina and all around the world. The *Recorder* has been the organ and mouthpiece of the Convention from the beginning. You cannot think of one without thinking of the other; the history of one is the history of the other. As our Convention grows in numbers, it is imperative that the *Recorder* shall grow likewise. Our people, in some way, must be informed and enlightened about our denominational program. We believe firmly that our failure to enlist multiplied thousands of our people is because they are uninformed about our work. We believe the Baptists of North Carolina would be sympathetic and coöperative if they were rightly and truthfully informed about the Coöperative Program and the heart-breaking needs everywhere. We have tried the efficacy of tract distribution. In the days when there were few newspapers and fewer books, when the means of communication were poor, and our people were isolated and widely separated from each other, tracts were eagerly read and widely distributed. But we have come to the conclusion that a great deal of money is being wasted in tracts. We believe the time has come when this Convention should give serious consideration to the matter of widely and generally informing our people about our work and we believe the best and most effective agency for this task is the *Biblical Recorder*.

We cannot expect the Directors of the *Recorder* to go on indefinitely losing money on the *Recorder* and making up the deficit out of their own pockets while multitudes of our people in the churches know little or nothing about our mission and benevolent work. There are two things the Convention can do to make the *Recorder* more effective—one is to see to it somehow that the subscription list is increased to twenty-five thousand and the other is to share with the directors the deficit incurred each year in running the *Recorder*. We therefore join with the *Biblical Recorder* Manager in asking that serious consideration be given to this subject at this Convention.

## (2) SHALL THE EVANGELISTIC DEPARTMENT BE INCREASED?

As set forth in our report on the Evangelistic Department, we now have but one evangelist. At the meeting of the Mission Board on September 24, the Corresponding Secretary was instructed to bring a recommendation to the Convention that two more men be added to the Department of Evangelism. It is contemplated that one of these men shall be a building evangelist in that he will go to State Mission churches and assist the pastor in raising the funds and launching the building enterprise. We have found that the work of Secretary Middleton in assisting country and village churches in designing and planning Sunday School equipment has grown to such proportions that he is overwhelmed with it and cannot possibly do all that is needed in following up the local enterprises. Then too we have many State Mission points where houses are needed and the Board cannot build them. If we had a man, gifted in raising money and building houses, whom we could send to assist our State Mission pastors, we believe he would be worth his salary many times over. He could begin his work in a community by holding an evangelistic meeting and the amounts received in the offerings from these meetings could go toward paying his salary. We are convinced that such a man would be of great and lasting value to the State Board. It is proposed that the other man shall work particularly among laymen along lines of New Testament Stewardship, tithing, organizing laymen's brotherhoods, putting on the budget in churches, training competent laymen in every association to go out and put on our Co-operative Program in the country churches. One especial feature of his work would be to work for the Baptist Foundation in securing gifts, legacies, bequests in wills and large gifts for all our denominational Boards and institutions. Such a man would be invaluable to our whole denominational program and we bring the matter to you for your serious consideration.

## (3) THE NECESSITY FOR THE ENLARGEMENT OF OUR TRAINING PROGRAM

After six years of experience we are convinced that we are making very little progress toward the enlistment of unenlisted adults in our churches. Many pastors are unsympathetic and even antagonistic. Many deacons and other leaders are not of one mind with us in our denominational program. We are firmly convinced that our only hope is to win the rising generation through our training agencies. Therefore, we earnestly urge the Convention to give serious consideration to the requests of our four great training and enlistment agencies for enlargement and expansion, viz.: Our Department of Sunday Schools, B. Y. P. U., W. M. U. and B. S. Union. These agencies are our hope for the future and must in some way find sufficient funds for the enlargement and maintenance of these Departments.

## (4) OUR FINANCIAL STATUS

It now looks like we will come to the end of the Conventional year with a debt on the current expense fund of State Missions of about fifty thousand dollars. We began the year with a debt on our current fund of \$65,000. It will be seen that we have reduced the debt about \$15,000 during the year. We recommend that the appropriations for the year 1927 be made on the basis of the amount of cash received for State Missions for the year 1926, and that one-third of our debt on the current fund be included in the amount appropriated for next year. We are sincerely hoping to be out of debt on our current fund by the 1928 Convention.

## (5) THE MARS HILL ASSEMBLY

Because of the long continued drought, we were compelled to move the Mars Hill Assembly from Mars Hill to Ridgecrest. The attendance was not up to the standard and we have been unable, thus far, to get any definite assurance from the town of Mars Hill that the water situation will be remedied by next summer. Negotiations are now under way with the Ridgecrest Management for an open date and reasonable rates for this next summer session of the Assembly. We hope the Convention will authorize the continuation of a Western Assembly at some place to be decided upon, and leave the details to be worked out by the State Board.

## (6) OLD MINISTERS' RELIEF BOARD

We now have about one hundred and twenty old ministers or widows of ministers on our Board. They receive on an average of about \$120.00 per year. It ought to be much more. This fund ought to be increased until all these faithful servants of Christ have an adequate support in their old age. We are re-investing the interest semi-annually in our Old Ministers Relief Fund coming down to us from the Old Ministers Relief Board of the North Carolina Convention. This fund is now nearly forty thousand dollars and is growing at the rate of more than three thousand a year. In some way we ought to add to this fund and build up there a large endowment for aged ministers. We would urge that a more careful supervision be given to the Old Ministers' Relief work through the Board. All that can be done now is by correspondence through the office. There should by all means be a more careful investigation of each case and a closer personal supervision given to this work.

## (7) THE BAPTIST HOSPITAL

The Superintendent of the Baptist Hospital at Winston-Salem will bring you a recommendation from the Board of Trustees with reference to re-financing the Hospital and erecting a nurses' home. We

have gone carefully into this matter and we recommend that the matter be given favorable consideration. We are glad to say that the Hospital is growing in appreciation and popular favor with our people. It is surely meeting a long felt need. The Mother's Day offering for charity ward, did not bring in the amount we had anticipated, but the generous amount given from the Duke Foundation for charity work will enable the Hospital to make ends meet until our next Mother's Day offering in the Sunday Schools next May.

#### (8) HOME AND FOREIGN MISSIONS

We gave for Home Missions for the last Southern Baptist Conventional year \$79,589.49, and for Foreign Missions \$99,842.47. The situation confronting both these Boards is critical and heart-breaking beyond words to express. The Home Board has been compelled to retrench and curtail, until a mere fraction of the work is being done that surely ought to be done. The Foreign Board has been compelled to cut down the work until it looks like we will have to withdraw from some of the countries where we began work under such high hopes and favorable circumstances. The Board at the October meeting faced the matter of further retrenchment because of the enormous debt. It was decided to send out no new missionaries and to keep at home all those now on furlough in the home land. This will surely mean disaster for the work on many needy fields. Surely in prayer and sacrifice, the Baptists of North Carolina will do their full share in relieving the sore distress of our Home and Foreign Boards.

#### (9) THE W. M. U. MEMORIAL

At the annual meeting of the Woman's Missionary Union on March, 2-4, the following Memorial to the Baptist State Convention was adopted and we transmit it herewith, together with our fullest endorsement:

#### MEMORIAL OF THE WOMAN'S MISSIONARY UNION TO THE BAPTIST STATE CONVENTION

Realizing the imperative necessity of rebuilding Meredith College at once, the Baptist State Convention, in session at Gastonia in 1923, authorized the issuance of \$750,000 worth of six per cent bonds for this purpose, the Convention pledging its honor and credit for the redemption of these bonds during a period of fifteen years. These bonds were sold and therefore became a solemn obligation, not of Meredith College alone, but of the Convention itself and the payment of these bonds, together with the interest, constitutes a first claim upon all the funds of the Convention. In addition to the bond issue of \$750,000 it was found necessary to borrow \$250,000 more to finish the buildings and enable the college to move to the new site. The

debt therefore on the Convention for the building of the new Meredith is one million dollars and the yearly interest on this sum alone is \$60,000.

Since the debts were incurred, the needs of every other Baptist school in the State have greatly increased, while the debts upon all of our mission Boards have grown to appalling figures. At the same time the gifts from the churches for our Coöperative Program have decreased more than a quarter of a million dollars a year—from the high days of the 75-Million Campaign. The situation has become distressingly acute, when we realize that the amount coming to Christian Education out of the 1925 Coöperative Program lacked several thousand dollars of being enough to meet the interest and retirement fund of the Meredith bond issue alone, to say nothing of the requirements of the other colleges and schools belonging to the Convention. If the Board of Education were relieved of the enormous charge incident to the liquidation of the Meredith College bonds year by year, they would have money enough for the normal needs of every school we own. The quickest way for the relief of our other schools is to pay off these bonds immediately.

The Woman's Missionary Union has always stood faithfully and loyally by every plan and program put forward by the Baptist State Convention. We believe fully in the Coöperative Program and support it on all occasions. We believe the only hope for all of our work, and especially Christian Education, is in standing loyally by the Coöperative Program. We must let nothing hinder or interfere with the regular, systematic giving through our Coöperative Program for the current support of all our work. The payment of this debt on Meredith College will not hinder our regular work year by year. We must appeal to special friends of Meredith, alumnae, and well-to-do Baptists to pay this debt over and above their regular gifts to our work for current support. Our women have a profound dislike for debt and they especially dislike to see their money go for interest charges, when there is such need around the world for the Gospel of Jesus Christ. We realize that this debt on Meredith has already become a serious handicap in all of our work and unless this burden of debt is lifted from the Convention, we face the possible breakdown of our whole Coöperative Program.

The Convention will celebrate its centennial in three more years—1930. We ought to make this event forever memorable by paying off the last dollar of the debt that is now crushing our great school for girls.

Therefore, in view of the facts set forth above, we the Woman's Missionary Union of North Carolina memorialize the Baptist State Convention, meeting in Wilmington in November, 1926, to launch a campaign in 1927 for the payment of the debt on Meredith College by 1930, and thus celebrate the One Hundredth Anniversary of our

organized Baptist work in a fitting and worthy manner. We pledge ourselves as an organization and as individuals to coöperate in every possible way, to the fullest extent of our ability, for the worthy and successful conclusion of such an undertaking.

### RECOMMENDATIONS

1. The Business Manager of the *Biblical Recorder* will bring to the Convention some recommendations with reference to the responsibility of the Convention in increasing the circulation of the *Recorder* and taking care of the deficit incurred by the Directors in producing the paper. We urge that this matter be given serious consideration.

2. We ask that the Convention give us instructions as to the matter of increasing the evangelistic staff.

3. We commend to your earnest consideration the necessity of further enlarging and strengthening our Training Departments, viz.: Sunday Schools, B. Y. P. U. and W. M. U. field work, together with our Student Activities. We believe that these are our great enlisting agencies and we hope the Convention will take a forward step in these Departments.

4. We recommend that the appropriation for 1927 be made on the basis of cash received for State Missions for 1926, and that one-third of the debt be included in the appropriations for 1927.

5. We recommend that the Board of Trustees of Winston-Salem Hospital be instructed to re-finance their bonded debt of \$125,000 and secure a lower rate of interest.

6. We commend heartily the W. M. U. Memorial with reference to a Centennial Campaign to pay the debt on Meredith College and ask that special Committee of fifteen be appointed to consider it.

## AUDITOR'S REPORT

January 12, 1927.

Dr. Charles E. Maddry, Corresponding Secretary, N. C. Baptist State Convention

Dear Sir:

We submit herewith our report covering the audit of the North Carolina Baptist State Convention, Raleigh, N. C., for the twelve months ending December 31, 1926.

In addition to these comments we submit herewith Eleven Exhibits and Ten Schedules, as enumerated in the index, which contain the details of the operations for the past year.

## SCOPE OF EXAMINATION

Our examination was in detail and consisted of a verification of all cash disbursements as supported by vouchers issued in the regular course of business. We reconciled the vouchers issued during the year with those paid by the Treasurer and we also reconciled the checks issued by the Treasurer in payment of the vouchers, with the charges to his account by the banks. We also traced all cash receipts into the banks and made tests of the receipts by reference to the original letters sending the money to the Treasurer. We did not check all the letters for the reason that it would have taken quite a while to do so and we did not think it necessary, especially since the cash received is published in detail every three months. At the close of our audit all paid vouchers were turned over to Miss Ivey, the bookkeeper, for filing and the Treasurer has no vouchers in his possession now except those paid by him in 1927.

We found the books in good shape and well and accurately kept. No irregularities were disclosed during the course of our audit.

## SUMMARY OF FUNDS BALANCES

In the several Exhibits the Cash Receipts and Disbursements are given in detail. The following is a summary of the Cash Balance of the funds on December 31, 1926.

The balance in the General Fund is composed of \$14,000.00 in borrowed money and \$81.04 in items which we adjusted during the course of our audit. The adjustments will be included in the January, 1927, distribution.

We examined the method of distributing the General Fund for the year and find that it was distributed as follows:

|                                         |                  |   |
|-----------------------------------------|------------------|---|
| State Missions .....                    | 20               | % |
| Foreign Missions .....                  | 25               | % |
| Home Missions .....                     | 11 $\frac{1}{4}$ | % |
| Ministerial Relief .....                | 4 $\frac{3}{4}$  | % |
| Hospital .....                          | 4                | % |
| New Orleans Hospital .....              | 1 $\frac{1}{2}$  | % |
| Christian Education .....               | 26               | % |
| Seminaries and Board of Education ..... | 7 $\frac{1}{2}$  | % |
| <hr/>                                   |                  |   |
| Total .....                             | 100              | % |

During the past year the Education funds have been kept in two accounts. They would first come into the hands of Mr. Durham, the Treasurer, and those funds disbursed by Mr. Huggins, the Educational Secretary, would be transferred to an account in the Raleigh Banking and Trust Co., and paid out on his voucher. This is being discontinued as of January 1, 1927, and all funds are being disbursed by one kind of voucher over the signatures of Dr. Maddry and Miss Ivey, the bookkeeper. We have given instructions as to the handling of these Education Funds through the regular books of the Convention.

We also inquired as to the bonds of the Treasurer and Bookkeeper and found them bonded for \$5,000 and \$10,000 respectively. (Since the Auditor submitted his report, the Trustees of the Convention authorized the bond of the Treasurer to be increased from \$5,000 to \$30,000.—WALTER M. GILMORE, *Secretary*.)

Our examination was confined to the Cash Receipts and Disbursements strictly. We have not attempted to prepare a statement of the Assets and Liabilities of the Convention at this time.

The total Cash Receipts for the year were \$580,479.44, divided as follows:

|                                               |              |
|-----------------------------------------------|--------------|
| Funds Paid by Churches to the Convention..... | \$515,501.08 |
| Funds Remitted Direct .....                   | 11,198.32    |
| Borrowed Money .....                          | 29,070.39    |
| Special Funds .....                           | 24,709.65    |
| <hr/>                                         |              |
| Total .....                                   | \$580,479.44 |

In conclusion we wish to state that we were given every assistance possible, during the course of our audit, by those having knowledge of matters pertaining to the audit and financial records. This assistance greatly facilitated our work and we wish here to express our appreciation for it.

Respectfully submitted,

A. T. ALLEN & COMPANY,

### Report of the Board of Education

By M. A. HUGGINS AND R. T. VANN, *Corresponding Secretaries*

The Board of Education presents this its twelfth annual report with deep gratitude to God for the blessings of the past, and with a firm reliance on Him for wisdom and courage to meet the acute problems which now face us together with our present and future opportunities. For the sake of convenience and clarity, the report is offered under three divisions, with sections under each division. In division one will be found general information and specific achievements of the Board during the past year. Division two gives certain information as a basis for some suggestions to which it is hoped the membership of the Convention will give earnest consideration. In division three will appear specific recommendations which the Board would urge the Convention to adopt.

#### DIVISION I

##### GENERAL INFORMATION

SECTION 1. The past year has been filled with perplexing problems. Enthusiasm has had to be sustained not by facts, but by faith in God and in the triumph of His Kingdom, through the perseverance of His people. Let it be emphasized, however, that the preservation of our institutions will not be achieved save by the perseverance of His people, and to a far greater degree than has been the case for the past twenty-two months. This is another way of saying that education which is worth while costs money, and the Board has received only an amount sufficient to meet the fixed charges, authorized by the Convention, of one institution in our system. As an illustration of the difficulties which your Board has faced, the following is suggested: At the close of a meeting of the Board, one member, a business man, who was appointed by the last Convention, said something like this: "We've spent two hours talking about how deeply in debt we are, but have taken no steps to get us out of this impossible situation." And his statement was correct. The Board and its officers have used the funds received through the Coöperative Program as their wisdom has dictated, and has borrowed from time to time so that none of the work would suffer irreparably. This has been done, however, with the full realization that an extraordinary effort would have to be made if our institutions are to survive and if our credit is to be preserved unimpaired. The Board has believed, too, that the Convention, facing all the facts, would make the necessary extraordinary effort. In a word, the Board reports: "We have

done our best; our acute situation is revealed in this report; the time demands faith and courage. *SOMETHING EXTRAORDINARY MUST BE DONE!*"

SEC. 2. In the institutions the work has gone on unabated. Without attempting any complete review of the year's work, let an interpretation of only one or two outstanding facts be stated here. Our schools continue to gain in college students, but continue to lose in high school students. The figures on November 1, 1926, show a net increase over those of November 1, 1925, of 156 college students, but reveal a loss of 121 high school students. Boiling Springs is now faced with the situation which has in turn faced Mars Hill, Wingate and Buie's Creek. It would be tragic to close a school which has rendered fine service for more than twenty years; but with no funds in sight, what is to be done? These facts would seem to indicate our task as Christians and Baptists. Twenty years ago our fifteen Baptist high schools reached directly a fairly large percentage of all the high school students enrolled in the State. Now, however, with only one Baptist high school, we must reach that class of students by sending out into the public high schools of the State, from our colleges, men and women of such dynamic Christian character that our influence in these high schools will be as effective as when we owned and controlled them.

Another interesting development is the growth of summer schools in our institutions. A gain of 176 is reported for the summer of 1926 over the summer of 1925, the enrollment during the past summer being 1,061 students. Meredith and Chowan do not have summer schools, but the plant of Meredith was utilized last summer, and will be again for both the School for Preachers and the B. Y. P. U. Convention. Thus our property is being utilized, some of it at least, for eleven and a half months during the year. Another interesting service which Wake Forest in particular is rendering is the provision made whereby last summer some 400 teachers in the public schools enjoyed the courses offered in Bible by Drs. Cullom and Lynch.

One is inclined to raise the question: "Will the time come when the State will adopt a Junior College Program similar to its High School Program, and thus made it difficult for our Junior Colleges to exist?" And another question is often asked: "Is the Junior College a passing fad or is it likely to remain as a distinct part of the Educational Program in America?" The conviction of those acquainted with the trend as well as the need is that it is here to stay for the reason that, with the growth of the idea of Universal Education, there is the tendency to lower the period of general education from eleven years in high school plus four in college, to about eleven or twelve in high school plus two in college. The Junior College meets such a demand while the last two years of the traditional four-year college is becoming highly specialized. Also, the

Junior College can be operated less expensively than the four-year colleges. How can our own Junior Colleges and colleges meet their opportunities and competition from the State, should it arise? They must have such organization of curricula as will meet the needs, such faculties as will lead as well as instruct, and last but not least **ENDOWMENT.**

**SEC. 3. A UNIFORM ACCOUNTING SYSTEM FOR THE INSTITUTIONS IN THE SYSTEM OF THE CONVENTION.** In the past it has been difficult to secure from the institutions the financial facts necessary for a comparison of income, costs, and expenditures. An audit of the books of a particular school, though correct in itself, was worth but little when compared with the audit of another institution, for the reason that each institution used a different classification of income and expenditures, or "spoke a different language." For a year and a half Secretary Huggins has given more time and thought to this phase of the work than to any other, with the result that now five schools are using precisely the same system. During the past summer Secretary Huggins, in company with Mr. Mason, the auditor employed by the Board, visited Meredith, Chowan, Mars Hill, Wingate and Boiling Springs, making an audit of the books of Chowan, Mars Hill and Wingate, and installing the new system in Meredith and Boiling Springs in addition to these three. The system in detail is not in use at Wake Forest, but the classification is used by Mr. Earnshaw, and, for its purpose, the system in use there is modern and thorough, as all those in position to know testify. The Secretary of the Board is indebted to Mr. Earnshaw for direction and sympathy in the preparation of the system. All the schools have shown a fine spirit of coöperation, and it is expected that the net result will give us accurate information. All forms are printed and sent to the schools, and a saving is thus effected. Moreover, it is hoped that the next time we can secure an audit, made by one auditor, for all the institutions, for about \$300, whereas, under the old system, a separate audit would have cost at least \$1,000. The system, of course, will be improved from time to time as we profit from experience.

**SEC. 4. CHANGES IN FACULTIES.** The following changes have occurred in the faculty of Wake Forest: F. W. Carroll, H. M. Vann, V. H. Duckett, W. J. Wyatt, G. R. Sherrill, J. J. Tyson, F. G. Dillman, R. P. Marshall, and Henry Garrity, resigned. W. E. Speas is on leave. New faculty members are: C. C. Carpenter, Medicine; E. M. Fanning, Chemistry; C. N. Isbell, Chemistry; C. Mars Hill reports the following changes: S. O. Brandon, Mr. and Mrs. S. M. Lawton, Inez Tillery, resigned. Ethel Greeg is absent on leave. The names of new faculty members follow: Ralph M. Lee, Burgin Mullinax, Bonnie Wengert, Martha Biggers. Net increase in faculty, one.

Wingate reports the following resignations: E. L. Carter, J. A. Medlin, C. E. Lancaster, Clara Nunnelley, Jessie Allen. R. L. Poplin and R. C. Blackwell are absent on leave. The new members of the faculty are: Carter Preslar, G. B. Funderburk, Eudura Orr, Mary Bowers, Mrs. L. L. Williams, Mrs. W. O. Kelley. Net decrease in faculty, one.

Buie's Creek reports only one resignation, Miss Lela Cobb. R. C. Pettigrew and Gladys Strickland are on leave for one year. Additions to faculty follow: G. G. Richards, L. B. Martin, S. O. Brandon, John E. Ayscue, Jessie Allen, Mrs. Abbie Bonstell. Net increase in number of faculty, three.

The following resignations are reported from Bolling Springs: Mary Ella Harris, H. H. Wells. Additions are: Rev. J. R. Greene, H. G. Hammett. No increase, no decrease in number of faculty.

SEC. 5. PINELAND SCHOOL FOR GIRLS AND JUNIOR COLLEGE. The Board presented to the 1925 Convention the matter of receiving into the system of the Convention, Pineland School for Girls and Junior College as a gift from Rev. W. J. and Mrs. Mollie B. Jones. The Committee on Report of the Board of Education recommended as follows:

"The Convention instructs its Board of Education to give to this matter its serious consideration with the assurance that this Convention expresses itself as favorable to the acceptance of this offer provided the property (1) be deeded to this Convention in fee simple (2) to be administered by a board of trustees elected by this Convention, and that (3) a guarantee be given to the Board of Educa-

tion that no debt be incurred by said school prior to January 1, 1931, for which this Convention shall be legally or morally responsible." Following the Convention, a conference was held with the owners, Mr. and Mrs. Jones. After considerable discussion, it appeared that the owners were unwilling to give a fee simple title, and likewise unwilling to surrender full control to a board of trustees appointed by the Convention. In other words, a lease to them by the board of trustees giving them that measure of control which they considered they ought to have, appeared incompatible with the provisions of a fee simple title and that control which a board of trustees appointed by the Convention must have. Failing to reach an agreement, Mr. and Mrs. Jones committed the property of the school to a board of trustees incorporated. This arrangement met with the approval of Mr. B. N. Duke, and it is reported that the friends of the school have raised \$50,000 to meet the offer made by Mr. Duke, thus giving Pineland \$100,000 endowment. The Board rejoices in the contribution Mr. and Mrs. Jones are making to Christian Education, and extends hearty congratulations upon their achieving the goal of \$100,000 for endowment.

SEC. 6. BUIE'S CREEK JUNIOR COLLEGE. It will be remembered that the Convention of 1925 approved the purchase of Buie's Creek Academy, unincorporated; that is, that part of Buie's Creek owned by Dr. and Mrs. J. A. Campbell. (For details of the transaction, see minutes of the session 1925, pages 105, 106, 107.) On March 4, 1926, Dr. J. A. Campbell and some of the trustees of Buie's Creek Academy appeared before the Board of Education at a special meeting for the purpose of securing the approval and coöperation of the Board in raising Buie's Creek from an Academy to a Junior College. For the information and guidance of the Convention, the following excerpt is taken from the minutes of the Board of Education:

"A statement was made by Secretary Huggins informing the Board that Dr. J. A. Campbell and the trustees of Buie's Creek Academy, Incorporated, desire to raise the rank of the institution to that of a Junior College. He raised two questions concerning the proposition: First, has the Board the right to change the status of the Institution without the expressed approval of the Baptist State Convention; Second, is the step a wise one in view of the general situation. Chairman J. H. Highsmith ruled on the first point that the Board does have such a right. Statements were then heard from J. A. Campbell and J. C. Clifford urging the Board to approve the effort to raise the Standard of the school. C. L. Greaves offered the following resolution which was, after discussion, adopted unanimously.

*Resolved:* That the Board of Education authorize Buie's Creek Academy, Incorporated, to offer for the session 1926-27 one year of work above High School Grade, that the Board of Education recommend to the 1926 Baptist State Convention that Buie's Creek Academy be raised to the rank of a Junior College, beginning with the session 1927-28: *Provided first*, that Dr. J. A. Campbell, to whom Buie's Creek has been leased, will assume all additional financial responsibility

until the session of 1929-30, unless in the meantime the Board of Education shall be relieved of at least half of its present burden: *Provided further*, that our approval is conditioned upon the organization of the College in such a way that it can secure Standard rating with the State Department of Education." (Refer to Division III, Recommendations.)

SEC. 7. ACCUMULATED DEBT OF CHOWAN COLLEGE. For the information and guidance of the Convention, the following is taken from the minutes of the meeting of the Executive Committee of the Board of Education on July 19, 1926:

"Secretary Huggins read a letter from Mr. J. H. Matthews, Chairman of the Board of Trustees of Chowan College, and laid before the Committee the following resolution which had been transmitted by Mr. Matthews for the action of the Executive Committee:

"Whereas, Chowan College is in immediate need of the sum of ten thousand dollars, with which to pay off and discharge pressing current expenses for the past year, and is without the funds with which to pay same; and whereas, it is necessary to borrow the said sum of ten thousand dollars, with which to pay off said indebtedness:

"Now Therefore Be It Resolved: That Chowan College borrow the sum of ten thousand dollars from any person or persons, firm or corporation from whom same may be borrowed, and that J. H. Matthews, Chairman of the Board of Trustees of Chowan College, be and he is hereby authorized and directed to execute and deliver to such persons, firm or corporation from whom said amount is so borrowed, the note or notes of Chowan College for the same, which note or notes shall be signed by said J. H. Matthews, Chairman of the Board of Trustees, in the name of Chowan College, and attested by the Secretary and the common corporate seal of Chowan College affixed thereto; and that said J. H. Matthews, Chairman of the Board of Trustees of Chowan College, be and he is further authorized and directed to execute and deliver a deed of trust conveying the same to secure the payment of said note or notes at maturity, with interest thereon, and which deed of trust shall be signed by said J. H. Matthews, Chairman of the Board of Trustees, in the name of Chowan College and attested by the Secretary and the common corporate seal of Chowan College affixed thereto, all by order of the Board of Trustees in regular meeting assembled this the 23rd day of June, 1926."

"After considerable discussion it was moved and carried that the Board of Trustees of Chowan College be notified that we, the Executive Committee of Education Board, do not approve the mortgaging of the property of Chowan College to secure funds to pay off indebtedness incurred by the deficit of the school years 1924, 1925, 1926, and cannot authorize that such action be taken, as suggested in letter of July 12, 1926, from J. H. Matthews, Chairman of the Board of Trustees of Chowan College, to M. A. Huggins, Secretary Baptist Education Board of North Carolina, said letter enclosing a copy of the resolution passed by the Board of Trustees of Chowan College, June 23, 1926."

SEC. 8. CHOWAN COLLEGE ENDOWMENT CAMPAIGN. At the joint meetings of the Boards on June 15, 1926, the following

resolution was passed, and is here recorded as a matter of information and record:

"On motion of J. H. Matthews the following resolution was passed:

"Resolved, that the Board of Trustees of Chowan College are given permission to raise fifty thousand dollars for the endowment of said college, outside the church organizations of our State, to meet the gift of \$25,000 offered by Mr. B. N. Duke on condition that the friends of the college raise \$50,000, in addition thereto, by May 1, 1927."

## DIVISION II

### GENERAL INFORMATION AND SUGGESTIONS

SECTION 1. MINISTERIAL EDUCATION. During the past year the Board has aided 199 young men and women in our seven schools and 2 in the mountain schools. Of this number 138 were in college and 63 in high school. The question of aid to high school students is a difficult one. In a recent meeting of the Board the secretaries asked for instructions with reference to aiding young women in high school, and the board voted unfavorably upon the proposition. It is interesting to observe that the average age of men in college is 24.9 years; of women in college, 22.1 years, while the average age in high school is 27 years. Now, of those who received aid during 1924-25 48 were NOT in school during 1925-26; and of these 48, 25 were high school students; or, stated differently, 23 out of 138 college students, or 17 per cent, could not return to school, principally for financial reasons, while 25 out of 63 high school students, or 40 per cent could not return. Remembering that these men in high school are about 27 years old, one must conclude that there is but little chance of many of them ever going to college, and this, in the face of an ever increasing need for trained men in the ministry. The \$7.50 per month to students in high school and Junior College and the \$15.00 per month to those in college meets only about one-third of the financial needs of a student. Perhaps the next step is to set up, out of the receipts of the Coöperative Program, a *Loan Fund* which should be carefully administered and preserved. Some way also must be devised whereby the wives of students may also receive training. It is now costing the denomination around \$1,500, including the aid he receives from the Board, to graduate a man from Wake Forest after a four-year course. If this man has come up through a denominational high school, the figure would go to about \$2,000. This may seem high, but when considered in the light of his probable contribution to the Kingdom and to the denomination, who would dare place a monetary value on such investment? It is the conviction of the secretaries that the denomination is not meeting this problem in a really effective way.

In this connection the Board records with keen regret the response of the Sunday Schools to its appeal for a worthy contribution on Education Day for this purpose. Following the hearty approval of the last Convention to the plan proposed by the Board, the secretaries did all in their power to get the matter before the Sunday Schools. Personal letters were written to 250 pastors and Sunday School superintendents urging their coöperation, and indeed, every pastor and superintendent were written to. But instead of receiving, as had been hoped for, at least \$8,000, the Board received up to November 1 about \$3,300. This amount was contributed by about 12 per cent of our Sunday Schools. Most of the larger Sunday Schools gave no heed to the appeal, but with the following notable exceptions: First Baptist of Raleigh, First of Goldsboro, First of Durham, The Orphanage, Grace Street, Durham, Chapel Hill, Brown Memorial, Winston-Salem, Brevard, and Buckhorn. The last, a country church, with a gift of \$53.19, led the State on a *per capita* basis, with Brevard a close second. The West Chowan led all the associations both in per cent of Sunday Schools contributing and in the total amount contributed, giving in fact about 12 per cent of the total. Most of the pastors, many of whom received aid while in college, gave no attention to the appeal of the Board for aid for their younger brethren. The other objects, State, Home and Foreign Missions and the Hospital, seems to have but little difficulty in securing from ten to twenty thousand dollars on the day allotted to them in the Convention Calendar. Nothing is of more fundamental importance to the growth of the Kingdom than a well equipped ministry, and the Board believes that the people will respond to an appeal for such a purpose when properly presented by our pastors and Sunday School Superintendents. The Board would like to see special days eliminated from the program of the Convention, except for the information and inspiration which they bring. However, since it appears wise to a majority of the Convention to continue these "Days," the Board would urge all pastors and leaders to give the same enthusiastic attention to Education Day as is given to other special days.

Furthermore, since it is only about six weeks from Mother's Day, or Hospital Day, until Education Day (the fourth Sunday in June), and since State Mission Day comes about the middle of September, would it not be wise to move up the date for Education Day from the last Sunday in June to the fourth Sunday in July? This is not in accord with the South-wide Program; but since Ministerial Education is to be the object of the appeal on this special day the change would involve no conflict. In Division III, sec. 3, a recommendation is made covering this matter.

SEC. 2. THE DISTRIBUTION OF RECEIPTS FOR THE PAST TWENTY-TWO MONTHS. A casual glance through this report

will reveal that it deals almost wholly with financial matters. When one, however, considers the acute problems which the Board has faced for the past 22 months, it will be clear why this report must deal principally with such matters. Since the Board has not received sufficient funds since the close of the 75 Million Campaign to pay the principal and interest on Meredith College bonds, the problem has been (1) to meet payments on these bonds, and (2) to provide a little current expense money for all the schools, save Wake Forest and Meredith, without which they cannot exist, (3) to provide for about 175 young men and women in our schools who are preparing for the ministry and mission service. How has the Board used the money which has come into its hands? Observe the following table, which covers the period from January 15, 1925, to November, 1926:

| <i>Institution or Object</i>          | <i>Amount</i> | <i>Per Ct. of Total</i> |
|---------------------------------------|---------------|-------------------------|
| Wake Forest -----                     | \$ 120.00     | .0009                   |
| Meredith -----                        | 73,553.71     | .4571                   |
| Chowan -----                          | 14,000.00     | .0871                   |
| Mars Hill -----                       | 18,509.17     | .1151                   |
| Wingate -----                         | 6,921.56      | .0432                   |
| Boiling Springs -----                 | 4,203.00      | .0262                   |
| Buie's Creek -----                    | 3,035.00      | .0189                   |
| Liberty-Piedmont -----                | 1,300.00      | .0082                   |
| Seminary, Louisville -----            | 443.02        | .0028                   |
| Ministerial Education -----           | 21,514.99     | .1337                   |
| Summer School, Preachers -----        | 1,344.24      | .0084                   |
| General Administration Expenses ----- | 9,916.52      | .0616                   |
| Printing, Supplies, etc. -----        | 5,906.14      | .0368                   |
| Total -----                           | \$160,767.35  | 1.0000                  |

Of the total amount of \$122,085.46 divided among the institutions, only \$23,184.03 has been used by the institutions for current expenses, and this has been divided as follows: Wake Forest, \$120.00; Meredith, \$300.00; Chowan, \$14,000; Mars Hill, 0; Wingate, \$3,964.03; Boiling Springs, \$1,500; Buie's Creek, \$2,000; Liberty-Piedmont, \$1,300.

A careful study of these facts will convince one that the Board can not carry on without a substantial increase in receipts. With a debt now of about \$70,000, and under the necessity of borrowing another \$70,000 about December 15th, there seems no way out except through an enthusiastic special campaign. In the meantime we MUST build up the Coöperative Program, so that within a few years there will be a steady stream of revenue not only for Education, but for all the objects which we support. All our people are

urged to contribute to the WHOLE program without designating to any particular object except on the special days as provided in the Calendar of the Convention or during special campaigns duly authorized. Education does not have the appeal of some other objects, and this the more reason for zeal on the part of those who do believe that it is a vital and necessary part of the program of Jesus. To be sure, it is discouraging to recall that of the \$400,000 given thus far in 1926 by our Baptist people, Education shares in only about \$275,000 of this amount; and leaving out the special offering of \$48,000 to Foreign Missions, it will be seen that Education is not sharing in about \$77,000 of the regular contributions of our people.

It ought to be added that, although the Convention at its 1925 session authorized a budget for the year 1926 for current expenses of the schools in the amount of \$33,900, the Board has been able to meet only \$4,500 of this amount and in May of this year the Executive Committee of the Board instructed the Secretary to advise the institutions not to expect any further remittance until after the meeting of the Convention at which time it is the custom of the Board to lay its whole financial situation before the Convention for instructions and direction. This the Board now does, calling the attention of the Convention sharply to this fact:—no institution can exist without endowment or an annual guaranteed support either by the State or by the denomination which owns and controls.

SEC. 3. THE TOTAL INDEBTEDNESS OF ALL INSTITUTIONS. Herein is recorded the total indebtedness of the Board of Education and of all the institutions in the system of the Convention on November 1, 1926. As indicated, the column on the right shows what part of the total debt the Convention has authorized and the evidence of such indebtedness. Let it be kept in mind that the amounts given are "principal" amounts and no interest is included. The amount of interest to be paid, of course, depends on the time these obligations remain outstanding.

Referring to the table above and the column headed, "Amount of debt authorized by Convention," the following explanation is made: The \$925,000 due for Meredith has been expended on the new plant. Of the \$53,000 listed for Mars Hill, \$30,000 is the balance due by the Convention on its proposition to pay Mars Hill \$50,000 during the years of 1925 and 1926 for the purpose of meeting the Treat offer. (See minutes of the 1923 session, pages 48 and 49.)

The balance of \$23,000 represents an accumulated debt, the funding of which was authorized by the 1924 Convention. (See the minutes of the session of 1924, pages 103-104.)

The \$40,000 listed for Wingate represents an accumulated debt incurred by reason of changes and additions to the plant made necessary when the institution was raised to the rank of a Junior College. The amount of \$32,000 listed for Boiling Springs represents the debt incurred in erecting a Memorial Building. This \$32,000, authorized by the 1924 Convention (see minutes of the session 1924, pages 103-104), is under-written jointly by the Convention and by the three Associations which own Boiling Springs High School, namely, the Kings Mountain, the Gaston County, and the Sandy Run. The agreement between the Board of Education and the Board of Trustees of Boiling Springs provides that the responsibility for meeting this debt shall rest with the three Associations, if for any reason the Coöperative Program should cease to function. The \$28,000 listed for Buie's Creek represents the purchase price of Buie's Creek Academy, unincorporated, \$5,000 of which, borrowed from Bitting & Co., in connection with the Wingate loan, has been paid to Dr. J. A. Campbell as a first payment.

To summarize, the \$100,000 debt-funding bonds authorized by the 1924 Convention was divided as follows: Mars Hill College, \$23,000; Wingate Junior College, \$40,000; Boiling Springs High School, \$32,000; Buie's Creek Academy, \$5,000. The \$69,500 represents an accumulated indebtedness of the Board of Education. This money has been borrowed to meet Meredith Bonds, to meet the payments due Mars Hill and other expenses which the board had to meet according to the budget adopted by the Conventions of 1924 and 1925.

SEC. 4. JOINT MEETING OF BOARDS OF MISSIONS AND EDUCATION. The Board of Missions and the Board of Education in special joint meeting at Meredith College, Raleigh, N. C., on June 15, 1926, acting under the authority of the Upchurch resolution, passed the following resolution authorizing the issuance of an additional \$275,000, in bonds for Meredith College:

"WHEREAS, at the annual session of the Baptist State Convention of North Carolina, held at Charlotte, N. C., in November, 1925, the following resolution was adopted:

*'Resolved*, that to the two Boards (The Board of Missions and the Board of Education) shall be referred all matters which need attention between the sessions of the Convention:'

AND WHEREAS, at the annual session of said Convention held in Gastonia, N. C., in December, 1923, the said Convention authorized the expenditure of ONE MILLION DOLLARS to rebuild and equip Meredith College to accommodate five hundred students, and this sum was to be raised by the sale of the land, buildings and equipment formerly owned by the said college in Raleigh, estimated as worth \$250,000, and the balance, \$750,000 was to be raised by the issue in the name of the said Convention of bonds to be known as 'Meredith College Bonds';

AND WHEREAS, pursuant to the said authority, the said property mentioned was sold in July, 1925, for \$271,400 and after paying the expenses of said sale, bonds were also sold and the amount raised, after paying the expenses of the same, amounted to \$714,513.10;

AND WHEREAS, the cost incurred in erecting the new plant at Meredith College, in addition to the amount raised by the sale of said property and said bonds, and the estimated cost of marketing the securities for the new loan amounts to \$275,000, and it is now necessary to provide for borrowing this amount of money;

Now, THEREFORE, *Resolved*, that the Trustees of the Baptist State Convention of North Carolina are hereby authorized and directed, pursuant to the authority hereinbefore mentioned, to borrow the said sum of \$275,000 and to issue evidences of indebtedness in the name of the said Convention to obtain the funds to pay the said deficit which is now due to the banks of Raleigh for money borrowed and other floating indebtedness incurred in finishing the Meredith College plant. But the authority herein given is authorized upon the condition that Meredith College, through its proper officers, shall execute a mortgage or deed of trust to the Trustees of the Convention for the amount of said indebtedness incurred by the Convention in adopting this resolution."

The following is also taken from the minutes of this joint session of the Boards:

"Secretary Maddry read the following resolution adopted by the Trustees of Meredith College as a kind of 'gentleman's agreement' between said Trustees and the Boards of Missions and Education:

'WHEREAS, the Board of Trustees of Meredith College find it necessary to borrow \$275,000 in order to complete the new plant of Meredith College this sum being required in addition to the proceeds from the sale of the old plant, about \$255,000; and

WHEREAS, it has been found impracticable to borrow money on a second mortgage because of prohibitive interest rates:

THEREFORE, *be it resolved* by the trustees of Meredith College that we petition the Boards of Missions and Education in view of the authority conferred upon these Boards by the Baptist State Convention (session 1925 Minutes of the Convention, page 35) to authorize the Trustees of the Baptist State Convention to borrow for us, the Trustees of Meredith College, the sum of \$275,000 payable in (5) five annual installments beginning with the year 1927;

*Be it resolved further*, that we assume full responsibility for meeting both principal and interest payments on said loan.'

*Be it resolved further*, that a copy of these resolutions be sent to the Board of Missions and the Board of Education."

SEC. 5. THE MEMORIAL OF THE W. M. U. As stated in the preceding section of this report, the Boards of Mission and Education authorized the issuance of \$275,000 Meredith College bonds for the purpose of completing the new plant. This money was secured through Bitting & Co., of St. Louis, Mo., which company it will be recalled, bought Meredith Bonds, first issue, 1923, in the amount of about \$410,000. These "second issue" are 5 per cent bonds, and were sold at 90.63 and accrued interest, which was the price paid for the \$410,000 block of the first bond issue.

The Woman's Missionary Union at its annual meeting, 1926, memorialized the Baptist State Convention to plan and carry through a campaign during the years 1927, 1928, 1929. The administrative officers of all institutions in the system of the Convention, together with some members of the Executive Committee of the Board of Education and of the several institutions involved, met on September 23rd, at the call of the secretary of the Board of Education, and discussed at length this memorial of the Woman's Missionary Union.

The resolution below was offered as a recommendation to the Convention and finally passed. Six institutions voted in the affirmative with one not voting. This resolution was also presented to a joint meeting of the Boards of Missions and Education on September 24, 1926. The vote was 39 for, with one voting in the negative. The resolution follows:

"WHEREAS, the Baptist State Convention of North Carolina in its annual session in the city of Gastonia, on December 12, 1923, authorized the issuance of bonds in the amount of \$750,000 for the purpose of rebuilding Meredith College;

WHEREAS, the Boards of Missions and Education, meeting in joint session on June 15, 1926, and acting upon the authority of the Upchurch resolution as recorded on page 35, minutes of the session of 1925, authorized the issuance of additional bonds in the amount of \$275,000; and

WHEREAS, the Board of Education of the Baptist State Convention, which Board was charged with the responsibility of meeting principal and interest payments on said bonds, has not received during the years 1925 and 1926 sufficient funds to meet said principal and interest payments from the Coöperative Program; and

WHEREAS, the W. M. U. in its annual session 1926 has memorialized the Baptist State Convention of North Carolina to authorize a campaign during the years 1927, 1928 and 1929 for the purpose of liquidating said bonds;

Now, THEREFORE, *be it resolved*, that the proper agency be and is hereby authorized and directed to plan and carry through a campaign during the years 1927, 1928 and 1929 for the purpose of raising \$1,000,000 with which to liquidate all outstanding Meredith College bonds.

*Be it further resolved*, that any and all funds derived from such campaign shall go toward liquidating the first Meredith College bond issue of \$650,000, plus \$75,000 now due by the Board of Education, and any funds raised over and above this amount, shall be applied toward the payment of the second bond issue for Meredith College of \$275,000, it being understood that any amount collected in the campaign over and above the amounts stated above shall be prorated or divided among the other institutions. *Further*, that in the meantime, all funds derived from the Coöperative Program shall likewise be divided or prorated among all the institutions in the system."

SEC. 6. MAJOR OBJECTIVES. For the purpose of provoking thought and discussion on the part of the Institutions and those who support them, the Board submits the following statements or objectives which should govern our policy for the next five or ten years, and perhaps longer.

(1) The establishment of a Department of Religious Education in all our institutions is becoming a necessity. Should not such a department in a Christian Institution rank as first in importance? Should any student be permitted to graduate without an active effort having been made to acquaint him or her through a definite course of study with the literature, methods, purposes, and organization of Religious Education, and should not all diligence, both by example and precept, be used to inculcate the principles of Christian stewardship in every student who enters a Baptist School?

(2) The quality of work done in the Junior Colleges must be as excellent as is to be found in any Senior College in the country. This will only come by attracting men of character and scholarship and it is too much to expect men having these qualities in high degree to labor for a mere pittance, especially when men of equal or less ability, even in the pastorate, receive far more salary.

(3) The idea of erecting more buildings should not be entertained for a moment, but every effort should be made to build up an ENDOWMENT.

(4) Payment of the debts, which have assumed threatening proportions, must claim our whole attention for the next three or four years. No more expansion until our debts are paid.

(5) The membership of the churches must be brought to a realization of the contribution which Baptist Educational Institutions have made and are making to the enlargement of the Kingdom, without which contribution there will be little or no enlargement in the future. This often is a discouraging task, but that is no reason why every effort should not be made to carry the message to the membership of the Churches. Perhaps each institution should have a "Department or Bureau of Extension," one of the chief functions of which would be to send speakers and literature, regularly and systematically, to the churches.

## DIVISION III

## RECOMMENDATIONS

The Board of Education beg to offer the following recommendations upon which definite action is asked by the Convention.

SECTION 1. The following budget is recommended for the Convention year 1927. These amounts are guaranteed, and the Board of Education is instructed and authorized to borrow from time to time in the name of the Convention any amount necessary to meet a temporary deficit in the funds available to meet this budget; or in lieu of this, the Board may authorize an institution to borrow, provided, however, that any amount so borrowed shall not exceed the amount due at the time from the Board of Education in accordance with the provisions of this budget; provided further that each institution sharing in this budget shall present to the Board of Education not later than May 1st of any year a detailed budget for the following school year. Each institution sharing in this budget shall coöperate in every way possible with the Convention's plans, both in the raising of money and in its expenditure, whether through the Coöperative Program or by special campaigns.

Total Budget, \$378,230.00.

Explanation.—The \$8,000 to Wake Forest will pay the tuition of Ministerial Students. The \$8,000 to Meredith and \$9,600 to Chowan will somewhat equalize the amount the denomination is expending per student, whether at Meredith or Chowan. Mars Hill expects

\* The payment of the \$3,500 to be left in the discretion of the Board.

\$3,500 from the Home Board in addition to about \$10,000 expected from the Alexander Trust Fund and thus Mars Hill should receive about treble the amount allocated to Wingate. Buie's Creek, though doing a year's work above High School, is given the same amount as Boiling Springs, inasmuch as Dr. Campbell has agreed with the Board of Education to assume any additional obligation incurred for a Junior College. (See Division I, Section 6.)

It is recommended that this budget be adopted, with this understanding. In the event that the Convention authorizes a campaign for the benefit of one or more institutions or objects, the amounts allocated in this Budget under "permanent improvements" for such institution or object shall not be further considered as a part of this Budget; and should any funds from the Coöperative Program of the Convention remain, after meeting the amounts allocated under "Current Expenses," and after deducting any amounts from the Budget as provided herein, such funds will be divided as the Board may direct. In the event that the Convention does not authorize a special campaign, the amounts allocated the institutions under "Current Expenses" shall not be further considered as a part of this budget.

SEC. 2. The Board recommends that Buie's Creek be raised to the rank of a Junior College, beginning with the session of 1927-1928, in accordance with the provisions of the motion passed by the Board in its meeting on March 4, 1926. (See Division I, Section 6.)

SEC. 3. The Board recommends that the date for the observance of Christian Education day in the Sunday schools be fixed by the Board of Education and that the Convention urge the people to make a contribution on this day of at least \$10,000, all of which will be expended for Ministerial Education.

SEC. 4. It is recommended that the Convention request the W. M. U. to place Christian Education among the objects to which they make special offerings and for which a week of prayer is observed during each year, especially commending to them the care of about twenty-five young women now in our colleges who plan to do Mission Work on the Foreign Field.

SEC. 5. It is urgently recommended that the Convention authorize a campaign during the years 1927, 1928 and 1929 for the purpose of lifting the debt of the Board, now grown to intolerable proportions, and likewise provide for the payment of bonds authorized by the Convention and notes issued by the Board of Education upon the authority of the Convention; but that in so doing the Convention urge the membership of the Churches to support unreservedly the Coöperative Program through regular, systematic contributions.

# ADDENDA

## 1. THE BUILDING OF MEREDITH COLLEGE

(Report of Trustees to Baptist State Convention)

The buildings at Meredith College have been actually occupied for nearly a year, but this is the first Convention occurring since that time, and hence we feel it fitting to give you a report of the building operations.

You charged your trustees with the obligation to build "to accommodate 500 students." (Minutes 1923, p. 33.) It was realized by all that dormitory space to accommodate at least that number was the minimum that should be provided in erecting a new plant. We have faithfully tried to carry out that direction. The four dormitory buildings are intended to accommodate 500 roomers.

We first made diligent inquiries concerning suitable architects and after canvassing the entire territory carefully we selected a firm which had been highly commended to us by brethren connected with Wake Forest College who had had experience with them in building operations there. These architects also had other high commendation. They were Messrs. Wilson & Berryman, of Columbia, South Carolina. They set to work to make plans for a complete plant embracing such buildings as it was felt we might be able to erect first, as well as furnishing a plan for future additions of uniform architecture and making a harmonious whole.

Bids were solicited from all available competent firms, about 12 in number. When opened it appeared that some of the bids ran nearly as high as two million dollars to build those parts of the plant which we felt we must have to enable us to operate at all. We set our building committee and our architects and the lowest bidder to work to denude the structures of every adornment which was dispensable and to cut the cost in every possible way that was reasonable. We steadfastly refused, however, to cut out the requirements that the buildings must be fireproof. This made them cost considerably more than the same amount of space could have been builded for. If any one chooses to criticise that let him say if he be willing to imprecate upon himself the responsibility for the lives of students lost by fire. We considered ourselves trustees not only of material funds but also of human lives sacred and valuable past monetary admeasurement, and we felt in conscience bound to protect them from fire.

Finally we got the contract price for the four dormitories, the dining room and kitchen building and the administration and library buildings down to \$910,100.00. This included the charge of the contractor of \$50,000.00; but we specified in our contract with him that if the cost of the buildings to him could be reduced in any way below the figures used in the calculations when the contract was

made, the College should have one-half of such savings. By this provision we saved to the college \$14,970.82. However, during the work of construction there were certain extra things that had to be done, as is always the case in such building operations, as all persons of experience know, and these cost \$35,712.14. This brought the price of these structures up to \$930,841.32.

Not being able to build at this time the four "headhouses" planned to be at the four corners of the quadrangle and to contain lecture rooms, teachers' dormitories, etc., and also being unable to build in permanent form an auditorium and a music building and a science building we had to erect three temporary buildings of frame construction; one for an auditorium and music building, one for science laboratories and lecture rooms and the other for class rooms in the other studies. We got these at actual cost of \$84,425.52, without profit or commission to the contractor. The architects designed them for us.

There were certain other things that had to be done and which we had done on a basis of cost plus six per cent and which the architects supervised. These were constructing an infirmary in the dormer roof of one of the dormitories, costing \$14,737.61; building covered ways connecting the buildings where, to save money, we had cut out parts of permanent construction until later years, this costing \$4,592.93; building a laundry room in a basement, \$1,473.66; installing plumbing in science building, \$1,345.74; placing windows in built-in fire-escapes as permitted by State Insurance authorities, \$947.76; building a room for electric transformers required by power company as condition precedent to connections, \$662.95; building a dining room for club girls, \$1,807.14; making steam connections, etc., with kitchen, \$2,337.18; extending walls in main dining rooms, \$352.95; building a spurtrack from the railroad to the rear of all buildings (which greatly reduced the cost to us of all building operations and is and will permanently be of the greatest value in getting in our coal and supplies and the baggage of the students, etc.), such track being about a half a mile in length upon our premises and costing \$17,229.22; building a reservoir to furnish us an adequate water supply, and so constructed as to ultimately be converted into a swimming pool, which cost \$5,418.69; the installation of a pump, costing \$935.68; sundry small miscellaneous items aggregating \$881.36. The contractor's six per cent on all these items amounted to \$3,163.37. The total cost of all items in this paragraph, including that commission, amounted to \$55,886.24.

The total of all these expenditures hereinbefore mentioned amounted to \$1,071,153.08. The College holds the bond of the contractor in the sum of \$50,000.00, given by a surety company guaranteeing the quality of his work for two and one-half years after completion.

We had to pay the architects \$52,965.58, which we did, and have settled with them in full for all services rendered.

There were certain other things that had to be done. The plant is far beyond the city limits and we had to run water pipes and sewer pipes and build a water tower for pressure, all at a cost of \$34,611.27 and \$1,730.56 to Prof. C. L. Mann, Civil Engineer, who planned and supervised it and also furnished us charts of all lines and connections and fixtures which is and will be of great and increasing permanent value. We had to paint the temporary buildings and the ceiling of the dining room, at a cost of \$4,840.18. Elevators were installed, costing \$2,345.00. The power transmission lines crossing the property where the buildings were located had to be removed at an expense of \$11,824. Light bulbs cost \$258.38. An inspector of all the work was early and continuously until its completion employed to watch its progress and check against the contractor and the architect and supervise all materials and performance and expenditures. This cost \$2,362.50. We had the accounts audited by one of the State's most experienced certified public accountants, Major J. J. Bernard (a Baptist deacon) at a cost of \$580.00.

The total of all these recited expenditures is \$1,182,670.55.

The resources we had consisted of the old property in Raleigh which the Convention valued at \$250,000.00 and from which we realized \$257,830.00, and in addition to this the proceeds of the bonds which the Convention issued in the principal sum of \$750,000.00 and authorized to be sold by the Meredith College Bond Commission (Minutes 1924, p. 47) at a cost of 4.3 per cent (which would thereby at cost have netted \$717,750.00) and from which we actually realized \$722,807.00. This made the total funds furnished us \$980,637.00, which lacked \$202,033.55 of the total of our necessary expenditures to erect the plant to accommodate 500 girls. Besides this it had to be equipped. The only other resource the College had was its credit as the creature of the Baptist State Convention. The banks of Raleigh loaned the College on short term paper the necessary sum. The work was finished and the buildings were occupied. The Board of Education and the Board of Missions, designated by the Convention under the Upchurch resolution to act for the Convention ad interim, issued the bonds of the Baptist State Convention in the principal sum of \$275,000.00, netting \$249,232.50, to take up the obligations at the banks.

Thus has this home of this child of the Convention been builded. It has cost the lowest possible dollar. It is plain but excellent. There is none anywhere better planned. It excites the commendation of all who visit it. The Convention has the worth of its money and more. The property would no doubt sell for much more than it cost.

Meredith College, of course, is not a creature apart from the Convention, except for technical legal purposes. It is the Convention's enterprise. It is indeed but the Convention itself functioning in the sphere of education. It is a corporation, but the Convention has for years elected its trustees. It has no resources to pay building expenses except such as the Convention furnishes. It has a meagre endowment,

but that cannot be used for such purposes. Every dollar of the income from the endowment is needed to supplement the income from the students in order to pay the teachers and current expenses.

The College is a great asset to our Baptist cause. That man who would say or do aught to estrange from it the affection of any Baptist is no friend to this Convention or to its cause. That man who would seek to make any consider the College as a thing apart from this Convention hurts the cause of this Convention which was founded nearly a hundred years ago for the purpose, among others, of fostering that kind of Christian education which Meredith College gives. God pity us if we falter in this crucial time in offering to our Baptist girls the maximum of Christian culture.

Your trustees are humbly grateful for the privilege you have given them to have a part in this high and holy undertaking. It was much responsibility that you placed upon us when you assigned us the duty to rebuild Meredith College. You directed funds to "be turned over to the Board of Trustees of Meredith College to be used as in its judgment shall be wisest for rebuilding Meredith" (Minutes 1923, p. 34). You, as well as the law, gave us discretionary power. We have used it conscientiously. You charged us with a great undertaking, making requirement that the minimum provision should be for 500 students. This has been accomplished at minimum cost. This enterprise has demanded and received unlimited time and thought and service on our part. It would have been an onerous or burdensome service had it not been rendered in love. We may not have done as well as some others could, but we have done the best we could and we rejoice that we have the approval of a good conscience that as stewards we have been faithful.

Thus do we render you account of our stewardship and pray God's blessing upon this great agency of the Convention's work. May it abide in fruitful ministry until the Master comes.

R. N. SIMMS,

*For the Board of Trustees of Meredith College.*

## 2. CAMPBELL COLLEGE

In view of the fact that our brother, Dr. J. A. Campbell, working strenuously and untiringly through a period of forty years, has built a great school at Buie's Creek, known through the years as Buie's Creek Academy, Inc., and recently changed to Buie's Creek Junior College, and,

Whereas it is eminently fitting that such devotion to the cause of education should be kept in memory perpetually and the name and work of Brother Campbell be preserved as a cherished memorial of North Carolina Baptists, be it

Resolved, that the Baptist State Convention now in session, request its Board of Education and the Board of Trustees of Buie's Creek Academy, Inc., to change the name from Buie's Creek Academy, Inc., to Campbell College.

## APPENDIX C

### I. General Report on Social Service

BY WALT N. JOHNSON

The Gospel saves men for the next world. It saves them one by one. It saves them for all eternity.

But God uses saved men to save this world. It is to become "a new earth wherein dwelleth righteousness." It is not to be annihilated, but renovated. This transformation of the earth is to take place by saved men working together with one another and with God in bringing the kingdom of heaven to fill the earth.

"God so loved the world that He gave His only begotten Son"—not the souls of men, but the world itself. Those who believe are saved and God uses them to save the world. He is reconciling "all things" unto Himself, not simply the people are to be brought into God's use, but all things. He "came to seek and to save that which"—not those who—"was lost."

Social Service is Christians working together and working with God in making this earth a clean footstool for God. Social Service is not the Gospel, it is an inevitable effect of it. Orphanages, hospitals, and public sanitation, and law enforcement are not Christianity; they are its leaves and its fruits. They must therefore be given plenty of room in the Christian program. Take them out of the work of Christ, and nothing is left but a bare tree.

Our modern world is so compactly and widely organized that the social side of Christian activity has to be carefully nurtured. Hospitals and orphanages and such institutions must be supported, if we are to give social expression to the service of Christ among men.

## ADDENDUM

### THE LIQUOR QUESTION

On May 26, 1908, we outlawed liquor in North Carolina. For over six years the Eighteenth Amendment has been the law of the entire United States. Many people seem to think that since the great Biblical principle has been enacted into law that we do not need to teach and preach and work against the outlawed liquor traffic. This view is not held on the laws about murder, theft, bigamy nor any other law affecting common morality. The liquor laws cannot enforce themselves.

We are fast finding out that we cannot trust the enemies of Liquor Reform to enforce the laws against liquor. A blue hawk is the wrong bird to guard little chickens. The real question confronting us now is this: Will our State and Federal Governments Uphold the Con-

stitution? Will we enforce the law? Shall the friends or the enemies of Prohibition rule? The liquor interests of this country and of Europe are today taking advantage of our indifference to lay their plans to dynamite and nullify our Constitution and make a joke of our laws. Their attack has taken the shape of a contest between partizanship and principle; between patriotism and nullification; between righteousness and lawlessness. The Hindenburg line of this war lies just ahead of us. This is no time for temporizing with the lawless liquor traffic and its cohorts.

In a day such as this our Baptist people will be found as ever at the front. We believe in Prohibition. We stand for law and order. We are opposed to nullification. We maintain that the welfare of this country and the good of mankind can best be conserved by electing to positions of responsibility only those men who are *for* our Constitution and *against* the liquor business. Baptists may be counted on to scrutinize the records and utterances of all candidates of all parties from township constable to president and to see to it that dry men are elevated to positions of public trust where this great moral and social issue is involved.

The Anti-Saloon League is our fighting unit. For twenty years it has literally been "the church in action against the liquor traffic." C. A. Upchurch, one of our own number, is now Superintendent of the League. We pledge him our prayers and sympathy in his difficult task. To the League we will give the encouragement and support it deserves as the fight goes on. •

We urge our people to abstain from the use of liquor; to give worthy, faithful officers their full support; to be good citizens and good Christians and to strive in all honorable ways as servants of the most high God to wipe out this traffic. The generations gone; our citizenship today; the children of tomorrow, and the liquor-soaked peoples of earth count on us to be true now. "Humanity with all its fears, with all its hope of future years, is hanging breathless on our fate."

## II. REPORT ON THE ORPHANAGE

BY M. L. KESLER, *General Manager*

The year has been so crowded with interesting work that we can scarcely realize that it has passed. We have practically the same number, both in the Orphanage and in Mothers' Aid, we had a year ago. The same stream of applications keeps on flowing in. For the last few months there seems to be more cases of deep distress than ever before. Many pastors have had their patience tried by our unfavorable answers to these calls of distress. We are moved with compassion but we are helpless with a haunting regret that we can do no more.

We have had good crops, the best we have had for several years, both at Thomasville and at the Kennedy Home. We are also suffering from the low price of cotton.

We are especially thankful for our health record. We have recently weighed and measured every child at Thomasville and the showing is that our children, those that have been with us for some time, are above the average in physical development. To be well is the right of every child. To be happy is another right of his, and all together leading to a wide open door of hope.

Some improvements have been made and some are in progress. The cattle barns have been enlarged and two large poultry houses have been built. One man gives practically all his time with the poultry. Dairy and poultry products are the great contributors to the wholesome and happy living of our children.

The J. P. Green cottage for boys at Thomasville and the Infirmary at the Kennedy Home, from bequest of Mrs. J. F. Parrott of Kinston, are going up. The Fleming Nursery is being improved. Also a six-inch water line is being put across our grounds. There is not a fire hydrant on our property. This expense must come from current fund, but our trustees decided we could no longer delay this protection. The two fires we had during the year have given ample warning.

#### EDUCATION AND TRAINING

No orphanage that expects the decent regard of mankind can neglect the school and training work for the children. We have been gradually pulling up the quality of our work. We consider ourselves fortunate in securing Mr. J. L. Fortney, of Georgia, as principal of the school. He has had several years of successful experience, which will be of great value to our work. His work at Thomasville and that of Mr. L. L. Shaver at the Kennedy Home give an encouraging outlook on that side of our life.

The moral and spiritual life of our children are always of deepest concern. Our own Dr. John E. White has just been with us in a meeting. You are not surprised that the man who preaches on great occasions and to a great city church can adapt himself to a group of young people. That is why he can preach to the others. We have had a great feast of spiritual things. The effort was not for ingathering, but the deepening of our life. Pastor Gardner is wisely looking after the additions all along through the year.

#### CHANGED CONDITIONS

A word should be said about conditions being brought about by the industrial progress of our time. In this is an explanation of the increasing number of applications for help. A large population has moved from the small farms in the country to the industrial centers.

As a rule these were not successful where they were, but they were among friends and relatives. Not many of our applications come from the old settled communities of home owners. The old fashioned continuity of family life still holds there. When the bread winner dies and leaves children, the near relatives close ranks and take care of the situation. But when a restless member of this group lifts anchor and goes to an industrial center, the circle is broken and he comes to live in one of a long line of "houses" held together by none of the home or social bonds known back in the old neighborhood. Let the bread winner in this detached family die and you have a mother and children left in utter helplessness. The old bond is broken. Even if the mother and children went back they might not be able to fit in with the old surroundings. The relatives back home have made new alignments and have suffered change of sympathy. So these children are thrown upon the mercy of society. There are indications too that the old family bond of helpfulness, once strong in such communities, is losing out and extra children are becoming a burden. So that families that once looked after the children of brothers and sisters are more and more inclined to lean upon the orphanages for help. We have to reckon with this change in the social order.

There is another change coming about at the opposite pole of our modern prosperous life that may have serious bearing on our work. The prosperous churches may be inclined to lose interest because they have little need of the orphanage in their work. A very small percentage of our applications come from the pastors of these strong churches of the well to do. Some have had a feeling that they were discriminated against even when they did make applications. When these calls were not heeded they perhaps did not realize that they were turned away because others were in greater distress. "Out of sight out of mind" is the danger. "Rachel weeping for her children" may not be so easily heard in richly cushioned pews.

The worthy poor are not good advertisers. These needy children are not drawn up in spectacular line. They neither strive nor cry. Hushed and stunned by misfortune they go on silently down the stream unless some kind hands reach over the tangled margin of the stream and rescue them. These are the silent tragedies that do not appear in the head lines of the morning paper. Their need and all their hopes bound up in their youth constitute their appeal.

#### THE DEBT AND THE WAY OUT

We are in debt, fifty thousand dollars, the largest debt we have ever had. We were behind thirty thousand last year. That debt, of course, had to be paid out of this year's collections.

## WHY THIS DEBT?

Contributions have fallen off. The last Thanksgiving offering was a little disappointing. But the great loss has been in the once a month collections. A large percentage of the Sunday Schools take no collections, and those who take them, many of them, have fallen behind. It is significant that those who do nothing for the Coöperative Program do nothing for the orphanage either. The damaging notion behind it all is that the orphanage has too much money, or that the money will come without special effort. There are two ways in which we can curtail expenses. One is to cut down the quality of the work we are doing; the other is to quit receiving children. Either will be disastrous. The only thing to do is to roll up a great Thanksgiving offering. Urge the slogan of "One Day's Work" for the orphanage. Then follow it up with a collection once a month from every Baptist Sunday School in the State. This is the plain way out.

## III. REPORT ON THE BAPTIST HOSPITAL

By G. T. LUMPKIN, *Superintendent*

This report brings to your consideration the summary of forty months of ministry in our Hospital, and what glorious months they have been! 5,700 patients have been cared for, coming from every part of our State and every walk of life. Missionaries, pastors and their wives, disabled ministers, orphan children, college students, farmers, merchants, lawyers, doctors, mill operatives, all classes, rich and poor have come and we have received them with a glad heart and given them our best.

From the very beginning the presence of the Great Physician has been with us and the larger part of our patients have gone home cured or improved. Our death rate has averaged 14.3 per thousand, the lowest average on record in the State, and just a little more than one-third of the average death rate of other hospitals in North Carolina for the past year. There have been many evidences of His love and favor given, we believe, because of the faith and the prayers Christian people and the kindly Christian atmosphere that warmed the heart of the sick entrusted to our care.

No other institution ever fostered by North Carolina Baptists has had such rapid growth or come into such universal favor in so short a time. Almost in a day this institution has grown into a mighty force for service and a great temple of healing, caring for 2,000 patients per year and providing free service annually for 500 of our poor, suffering, Baptist brothers and sisters.

Moreover, it has made a wonderful financial record. When it opened its doors, it had to borrow \$15,000.00 from the State Board of Missions to buy supplies and equipment not provided for by the

Convention. All of this has been paid back. It has managed to keep all its current expenses paid regularly, and, with all the charity work done since last Mother's Day, has an indebtedness of only \$5,500.00 for maintenances and the care of the free patients. We praise God for this splendid record in the days of beginnings and would say like the prophet of old, "Hitherto the Lord has helped us."

#### NEEDS

The Hospital is growing in popularity every day and there is an ever increasing demand from our churches for charity work. This demand grows far more rapidly than the response to the call for charity funds on Mother's Day. So that while we shall do \$25,000.00 worth of charity during the year 1926, the charity funds received this year amounts to only \$14,484.23. This is less than the receipts for last year, while the amount of work done is considerably greater. Our people have not yet realized that when a free patient is sent to the Hospital some church must pay for it. If the church sending does not care for it, then some other church must provide the funds as there is no way possible to take care of patients without means to pay the bills incurred monthly. When your church fails to pay for the care of the patient you send, then some other church is doing this for you.

However, by the most rigid economy and by leaving off the purchase of much needed equipment, we have managed to meet these increasing demands for charity work without incurring a debt beyond our income. But it will be suicidal policy to continue to leave out the equipment necessary to meet the demands of the rapid advances in medical science. If we continue to do charity work at the present rate and begin to meet the actual needs we must have \$25,000.00 on next Mother's Day. This is our only hope to answer the tragic call of unfortunate Baptists who long and beg for a chance to live.

The Hospital received for 1925 from the Duke Endowment Fund \$3,527.35 which was used to supplement the funds from Mother's Day offering. This year we will receive about \$5,000.00, which will be used for taking care of those who need our help and cannot pay.

The amount received from the budget of the Convention, does not take care of the bonded indebtedness. For the last twelve months we received \$14,472.87, but the amount of the bonds to be retired and the interest amounts to \$12,500.00 and with the interest we have to pay, we need about \$20,000.00 each year. You can easily see that we are running behind in the payment of these bonds and the interest about \$5,000.00 per year.

Something must be done to remedy this annual deficit and relieve this embarrassment. The Board of Trustees appreciate the fact that we cannot expect any larger percentage of the budget fund at this critical moment. Therefore they have decided to ask that the Con-

vention allow them to refinance the indebtedness of the Hospital over a longer period so that the annual payments on the bonds and the interest due each year can be brought within the limits of the amount they now receive from the Convention budget.

Through the kindness of the Wachovia Bank and Trust Company who now hold the bonds we have the assurance that the present bonds can be redeemed without the payment of any premium and consequently there will be no financial loss from this proposed refinancing of our debt.

This method of refinancing our debt will provide a way for us to build our Nurses Home immediately without increasing the indebtedness of the institution above the amount authorized by the Convention, which is \$125,000.00. This home is our most imperative need. In fact, we have about reached the limit of our development until this addition is made. Twenty-one beds of the hospital are now used for sleeping quarters for our nurses. The growing demands make it absolutely necessary that these beds be released for the use of patients. Last year we lost many pay patients because we did not have private rooms enough to care for them and several times we had to send charity patients down town to secure a room until provisions could be made for them in the Hospital.

And further, the Nurses Home will enlarge our capacity at least twenty per cent, without increasing the expenses very much; so that it will give us additional income and enable us to increase the amount of charity work done each year.

But perhaps the greatest benefit resulting from this suggested plan will be to the girls and the Training School. This Home will provide more adequate and comfortable conditions for the conducting of our school work, will give adequate sleeping quarters and provide suitable place for our class work, for the religious activities and for the recreational life of the young ladies. At present our only class room is a three-bed room in the hospital which we need for patients. The only possibility of having religious worship is to move out the tables and use the dining room. The only place for entertainment of friends is a room fourteen feet square known as the living room. All of the girls cannot get in this at one time to say nothing of the friends who may want to call. It is quite evident that the physical health, the social life and the religious training of these fine girls are terribly handicapped because of these intolerable conditions. We must provide better facilities or the girls, the Hospital and all the activities of our institution will suffer.

#### RECOMMENDATIONS

1st—We would recommend that the Baptist State Convention at this session, authorize the Board of Trustees of the Hospital to refund and refinance the indebtedness according to the plans above

suggested, in order that the payments of both bonds and interest will be brought within the limits of the income and that the Nurses Home can be built at once; provided that the entire indebtedness of the Hospital shall not exceed the amount originally authorized, namely \$125,000.00.

2nd—That in order that the Hospital may be able to offer its care and healing to an increased number of charity patients, churches sending free patients shall use every possible means to determine whether the applicant for charity really needs such help and that the church sending a charity patient shall endeavor to pay the sum of \$1.50 per day for the care of this patient.

3rd—That every church in our Convention be urged to put on the Mother's Day program for the Hospital and make an offering on that day for charity work, even if the offering is no more than the regular Sunday School collection. Remember this is the Convention's plan for the support of charity and there is no other source of supply for this cause.

4th—That the great Baptist Host of North Carolina will pray for this institution and ask the Great Physician to be present always in its ministry of healing. And talk about it to their friends, recommending it to the consideration of all Baptist people, and endeavor to secure the united interest of our churches in the great work of healing the suffering sons of men.

## STATISTICAL SUMMARY

This is my Nineteenth Annual Statistical Report. The Associations began to meet in July. This makes it necessary to begin my work in June sending out Church Letters and Statistical Blanks for the tabulation of the data from these letters for the tables in the Associational Minutes and those in the pages just preceding this summary in this Annual. We do everything we can to secure the reports from the clerks. Most of these clerks seem to appreciate our effort in helping them. Some few will not coöperate. This year you will find that there was no report from the Alexander, Dock, Green River, and the New Found associations. In the general tables we had to use 1925 data from these four, and the Yancey. The clerk of the Yancey had sent me report, but it was lost in the mails, and a later report came after we had closed the general tables, but in time to be inserted with the associational tables.

All understand that these reports are based on the associational year, so that the financial reports cannot be the same as those reported by the Convention Treasurer. Then, many churches sent money to Richmond, to Atlanta, and other places. This is included in our report, but not in that of our State Treasurer.

### CHURCHES AND CHURCH MEMBERSHIP

There are now 2,325 with a membership of 375,767 in sixty-four associations. This is a loss of thirteen churches. It is impossible to carry all of the non-reporting churches. We have been unable to locate some of these, and of course, cannot count them. We have had a gain of 12,247 in church membership. This is about the normal gain for six years.

### BAPTISMS

We have had a good year with 19,531 baptisms. Last year there were 21,308. You will readily see that we have had a loss of 1,777 as compared with 1925. During the last six years there have been 121,121 baptisms. This is a wonderful showing, and yet all of us could wish it were better. A painful fact is that 599 churches report no baptisms. This is fifty-two more than in this list last year. One thing is to be noted, that as a rule these are those that give very little to the Coöperative Program, and are just dragging in their Sunday Schools, and B. Y. P. U.'s. Many of them do not even have these organizations. Of course, for special reasons, there are some exceptions to this statement.

### FINANCES

As already stated the cash reported by the Treasurer is not the same as we report from the churches, but this is due to the fact that

associational years are not coterminous with the Convention Year. The amounts reported by associations are as follows: Coöperative Program undesignated, \$416,263.29; Missions, \$107,389.56; Benevolence, \$167,574.67; Education, \$42,296.29; Total denominational contributions, \$733,523.81; Total home expenses, \$3,333,083.56; Grand Total, \$4,067,407.36. This is a gain of \$22,271.11 as compared with the grand total of 1925. There was a loss of \$110,871.27 in denominational funds and a gain of \$141,342.39 in local expenses. There was a real local gain, but the denominational loss was only apparent due to large collections on the 75-Million round-up in the fall of 1924, and counted in associational reports in 1925.

### PER CAPITA CONTRIBUTIONS

For details see the general table showing denominational activities. This is really misleading. As already shown 419 churches gave nothing. These are largely confined to about a dozen associations. In some of these there are some liberal and coöperative churches. These few give a half or more of the entire association, and thus have to carry the onus of non-coöperating churches in their own bounds. The per capita for the entire Convention is \$1.95 for denominational objects and \$10.82 for all objects. This is a loss in both and of course is due to the increase of 12,427 members and not a proportionate increase of contributions. Again I call your attention to all associations in the table already cited.

### SUNDAY SCHOOLS

There are now 2,243. A gain of 41. It is impossible to get all Sunday schools reported. There is no place on the church letter for branch or Mission Schools. There are thirty or forty of these. The membership is now 323,777. A gain of 10,937. This is below the average gain of the last five years, during which we gained 91,812. It is a great achievement to gain 102,749 in six years—an average of 17,125 a year. There are now 86.1 people in Sunday school for every 100 church members. The following associations have more people in Sunday school than church members: Alleghany, Brunswick, Buncombe, Catawba River, Gaston County, Kings Mountain, Liberty, Mecklenburg-Cabarrus, Piedmont, Pilot Mountain, Raleigh, Roanoke, South Fork, South Yadkin. Teacher Training Awards have doubled in three years. The last year we received 10,462, and there is no sign of decrease. In the preceding item of "Large Associations" we showed those with Sunday-school membership of over 9,000—twelve of them.

### BAPTIST YOUNG PEOPLE'S UNION

This summary was written a month later than was the report on B. Y. P. U. to the Board of Missions. Thirty-eight unions were added during that time. The total number to date is 1,917—a gain of 254 over last year. The most accurate data we can secure gives a membership of 63,702—a gain of 4,744 over last year. A total of 14,005 Study Course Awards were issued during the year. The 1926 State Convention was held at Meredith College on June 22, 23, 24. There were 1,575 delegates enrolled. Many others attended. The next Convention will be held at Meredith College, Raleigh, June 21, 22, 23, 1927. There are two whole-time State Workers, Perry Morgan, General Secretary; Miss Winnie Rickett, Secretary Junior and Intermediate Work. Miss Alma Massey is Office Secretary. The B. Y. P. U. office is 214 Biblical Recorder Building, Raleigh, N. C.

## WOMAN'S MISSIONARY UNION

In 1925 the W. M. U. year was changed to a calendar year, giving them only a 10-months' report. Four hundred and thirty new societies were organized; number of societies enrolled at close of year, 2,465. There were 456 Standard Societies, the Roanoke Association leading in this number. Contributions for the ten months amounted to \$196,661.10. Greensboro, First Church, leads the list with \$5,295.33. The Kings Mountain Association, Mrs. John Wacaster, Superintendent, won the banner for the best all-round work. Intensive field work was done by Mrs. K. D. Stukenbrok, Misses Ozelle Gardner, Florence Thomasson, and Della Huggins in fifteen Associations—societies were organized and strengthened, churches and homes visited, missionary classes taught. Fifty-one associational meetings were attended by State officers. Mission Study classes reported, 710; number of tithers, 2,052; subscriptions to Mission Magazines, 6,424, to *Biblical Recorder*, 4,881; miles traveled by Associational Superintendents, 20,658.

## EDUCATIONAL INSTITUTIONS—STATE AND SOUTHWIDE

The three Colleges, two Junior Colleges, and two secondary schools owned by the Convention, enrolled during 1925-26 and the summer of 1926, 4,029 students divided as follows: College students, 1,787; High school students, 1,081; Summer schools at Wake Forest, Mars Hill, Wingate and Buie's Creek, 1,161. In these schools were enrolled 270 students preparing for the ministry and definite mission service. The Institutions are valued at \$5,392,743 of which amount \$3,151,518 is invested in plant and equipment and \$2,241,225 is endowment (par value). In addition Mars Hill and Boiling Springs share in the Alexander Trust Fund, which should yield annually to Mars Hill \$10,000 and to Boiling Springs \$2,000, which is equivalent to an endowment of about \$225,000.

The value of Institutions owned by the Home Board and located in North Carolina is \$299,698, while South-wide Institutions which North Carolina Baptists partly own and support is \$4,674,887. Thus Baptist Institutions, State and South-wide, owned wholly or in part by North Carolina Baptists are valued at \$10,592,328.

When any vacancy shall occur in any Board of any such institution a nominating committee elected by the Convention shall nominate to the Convention Baptists to fill such vacancy. The Trustees of all institutions owned and supported by the Convention shall make annual report to the nominating committee of any vacancies. Each Board shall have the right to make any suggestion to the nominating committee it may see fit regarding such nominations, and all nominations made by the committee shall be passed upon by the Convention. The Convention shall have the right to adopt the report of the nominating committee and elect the trustees thus nominated, or to substitute the name of other trustee or trustees in lieu thereof, or recommit said report for further consideration as the case may be.

Secretary R. T. Vann called especial attention to some features of his report on the Ministers' Relief and Annuity Board, then presenting M. L. Kesler, General Manager of

the Thomasville Orphanage, who called attention to some paragraphs in his report. (See page 114.)

Secretary Maddry then presented the report of the North Carolina Baptist Foundation. (See page 119.)

Charles E. Maddry called attention to an acute situation existing in regard to advancing Boiling Springs High School to the position of a Junior College, and suggested the appointment of a large committee to thrash out the whole matter and to report back to this session of the Convention.

On motion of M. A. Adams, a committee of twelve was authorized to be appointed to consider the Boiling Springs matter.

On motion of T. H. King, a committee of five was authorized to be appointed to recommend courses of study for the next session of the Preachers' School at Meredith College. At the suggestion of Secretary Maddry, the same committee appointed at the last Preachers' School, of which T. H. King was Chairman, was confirmed, with an additional member to take the place of Charles L. Greaves, deceased.

The Secretary read the following report of the committee to change charters of the various institutions owned and controlled by the Convention, which was adopted:

REPORT OF COMMITTEE ON AMENDMENTS TO THE  
CHARTERS OF INSTITUTIONS OWNED AND SUP-  
PORTED BY THE BAPTIST STATE  
CONVENTION

By resolution of the Baptist State Convention of North Carolina of 1926, at Wilmington, North Carolina, it was provided that the provisions contained in Article IV, Section 6 of the Constitution shall take effect immediately after the adjournment of the Convention, but all trustees of the several institutions owned and supported by the Convention shall hold office until their successors are elected and qualified and any vacancy shall be filled in the same manner as heretofore until the meeting of the Convention in 1927, when and where all trustees shall be elected in the manner hereinbefore stated.

It was provided by said Convention that a committee of three consisting of W. N. Jones, R. N. Simms and V. O. Parker be appointed to secure amendments to the charters of all institutions owned and supported by the Convention. Pursuant to the foregoing provisions of the Constitution, the said committee obtained from the Recording Secretary of the Convention the names of the following institutions owned and supported by the Baptist State Convention of North Carolina: Wake Forest College, Meredith College, Campbell Junior College, Mars Hill Junior College, Wingate Junior College, Chowan College, Thomasville Baptist Orphanage, North Carolina Baptist Hospital and North Carolina Baptist Foundation.

Amendments embodying the aforesaid provisions of the Constitution of the Convention were sent to the institutions named above by the committee and these institutions were asked to have their trustees adopt said amendments and forward the same to the Secretary of State to be filed and recorded in his office and he was asked to issue a certified copy thereof to the Clerks of the Superior Court of the county in which said institutions are located to be filed and recorded.

The committee reports that all of said institutions have notified the committee that they have had their charters amended and recorded as required by the provisions of the Constitution of the Convention except Chowan College and Wingate Junior College and the North Carolina Baptist Foundation, and J. H. Matthews, President of the Board of Trustees of Chowan College and President Huff of Wingate Junior College, have notified the committee that the trustees of said Colleges will have their charters amended as soon as they can get a meeting of said trustees. The Trustees of the North Carolina Baptist Foundation already have a charter similar to the provisions of the Constitution of the Convention, as hereinbefore set out.

W. N. JONES,  
R. N. SIMMS,  
V. O. PARKER,  
*Committee.*

Eugene Olive made the following report of the Committee on Committees, which was adopted:

*On Report of the General Board*—C. H. Durham, E. F. Aydlett, W. L. Griggs, B. W. Spilman, R. B. Lineberry, E. McK. Goodwin, C. H. Stevens, P. A. Hicks, R. J. Bateman, P. D. Mangum, Mrs. C. L. Haywood, Mrs. L. R. O'Brian, Mrs. R. L. Moore.

Livingston Johnson, Editor of the *Biblical Recorder*, read the following report, which was adopted, after discussion by himself and B. K. Mason.

#### REPORT ON BIBLICAL RECORDER

Some time ago the editor had occasion to prepare a paper on the history of the *Recorder*. In running hurriedly through the history of the Convention to secure data he discovered some interesting facts. This history shows the important place the *Recorder* has held from the beginning in the work of the Convention.

It is interesting to note that the founders of the Convention from the time of its organization felt the need of an institution to train preachers for leadership, and also of some medium of communication between the churches. The Convention was organized in 1830. In 1832, two years after the organization, Samuel Wait, the General Agent, (office now known as Corresponding Secretary) said in his report, "It will easily be seen that we have long labored under very great and serious disadvantages from the want of a well conducted religious journal. Such a paper, we might hope, being adapted to the existing state of our churches, would be productive of the best consequences. Much information on important subjects could be imparted to the churches and our congregations at large, many prejudices removed, and the way soon prepared for securing to the Convention annually a larger amount of aid."

At this same session (1832) it was "Resolved, unanimously, That the Convention deem it expedient to purchase a suitable farm and to adopt the preliminary measures for the establishment of a Baptist Literary Institution on the Manual Labor principle."

These two great agencies were born at the same time, and came into being because they were deemed to be necessary to the successful prosecution of the work undertaken by the Convention. Through these years they have rendered invaluable service to the denomination, though they have had to struggle for existence. Once or twice the *Recorder's* light has gone out for a short time, and it has frequently flickered as it appealed for sufficient support from the denomination.

At the session of the Convention in 1841, just eight years after the first issue had come from the press, Thomas Meredith, the editor, reported that he would be forced to suspend the publication of the *Recorder* as it was not being supported. The Convention "Resolved, That we consider it to the interest of the denomination that a Baptist paper be published in the State;

"Resolved, That we recommend to the Baptists of the State to form an organization to sustain a religious periodical." That was in 1841, and in 1900—just fifty-nine years later—the Convention adopted substantially the same resolution, and the corporation was organized in 1901. It seems that nothing came of the resolution adopted in 1841, as publication was suspended in 1842, and for a year there was no paper. Meredith resumed publication in 1843, and continued it until his death.

Another crisis came in 1872. J. H. Mills, who had been editor for five years, was much discouraged from lack of support. He advised that some one else be secured to edit the paper, but at the request of the Convention he continued to edit it until 1873, at which time Edwards & Broughton bought the property, and sold a third interest to Prof. A. F. Redd, who became editor. And so on and on runs the history.

If the *Recorder* was needed in that early day, the need is far greater now. Our denomination has grown from 15,000 to nearly 400,000. The work has been enlarged and expanded in many directions. New enterprises have been launched, all calling for more liberal support. It is a lamentable fact that two-thirds of our membership have not been enlisted in the work of the denomination. We believe very many of these would become interested if informed, and the most effective and economical agency for informing them is the *Biblical Recorder*. It is a well known fact that those who are most interested in our work and give to it most liberal support are the readers of the *Recorder*. This is true as to individuals, churches, and associations. The length of the *Recorder* subscription list in any church is a fair index to the liberality of the church. The backward churches and associations are those into which few *Recorders* go.

But the *Recorder* has a much more important mission than that of stimulating benevolence. Its chief function is to furnish reading matter that will tend to deepen the spiritual lives of the readers, support every moral measure, provide wholesome reading for the home, and present the great truths contained in the Word of God. In this day when the world is flooded with pernicious literature, matter calculated to undermine the faith of our people in the Bible, and corrupt the morals of our youth, we should certainly do everything possible to counteract such evil influence.

For two dollars a year the *Recorder* will go into a home fifty-one times, with enough wholesome matter in each issue to be worth the price of the paper for the whole year. We earnestly request the

aid of our people, especially the pastors, in increasing the circulation of the Recorder, thereby enhancing its usefulness.

J. S. FARMER,

*Business Manager.*

LIVINGSTON JOHNSON,

*Editor.*

Secretary Maddry calls attention to the fact that E. L. Middleton, for twenty years connected with our Sunday School Department, is sick in our Baptist Hospital at Winston-Salem. On motion of R. T. Vann, the Secretary was instructed to send to Brother Middleton a message of love and sympathy in behalf of the Convention. The Secretary was also instructed to send a similar message to G. T. Lumpkin, Superintendent of the Baptist Hospital, who is sick.

The Secretary read telegrams of greetings from the North Carolina students at the Southern Baptist Theological Seminary and Training School and from George W. Truett of Texas, President of the Southern Baptist Convention, expressing his regret because of his inability to attend this Convention. The Secretary was requested to make suitable responses to these messages.

Miss Madge Alderman Manager of the Baptist Book Shop, was presented and spoke briefly about the Book Shop.

Livingston Johnson reported for J. W. Bailey, who was appointed years ago to help raise funds for the erection of a suitable monument to the memory of Secretary Columbus Durham, that he had in bank now for this purpose \$437.02. On motion, this matter of erecting the Monument was committed to the General Board, with instruction to confer with the family of Brother Durham in regard to the matter and to work in conjunction with them.

On motion, adjourned after prayer by D. W. Herring.

## REPORT ON THE COOPERATIVE PROGRAM

By CHARLES E. MADDY, GENERAL SECRETARY

We are now completing three years of the Coöperative Program as the method of doing our mission, benevolent and educational work. We are glad to report that every where the budget method for doing our Coöperative work is growing in favor both with the pastors and the churches. One thing alone will insure the success of the unified budget—the pastors are never going back to the old haphazard competitive method of exalting one object at the expense of another in raising funds for our Conventional objects. Surely we must always keep the individual objects before our people for information and inspiration. Therefore the aggressive and successful pastor and leader will preach often on the different objects and items making up the Unified Budget. He will teach his people and inform them of the need in every department. If we could somehow induce every pastor in the State to put on a great program of intensive teaching and training in New Testament Stewardship during the next year, this to be followed by a well planned, well organized every member canvass, out to the last member of every church, we would realize ample funds through the Unified Budget to care adequately for every object of the Convention.

But after twenty years in the pastorate and seven years as Secretary of the Convention, we are fully convinced that we will always, from time to time, have to supplement the Unified Budget with extra and special efforts for the enlargement, equipment and endowment of our institutions. The Unified Budget should produce enough for the current support of the children of the Baptist household of faith, but for permanent improvements, such as buildings at our schools and colleges, orphanages and hospital, endowment and general enlargement, we must always look beyond the regular, systematic giving of the masses of the people. There are two sources from which we may secure the necessary funds for such enlargement as outlined above, viz.: the direct individual appeal by each object and institution of the Convention to well-to-do and rich Baptists, friends, trustees and graduates of our institutions and agencies. Many of our people are prospering and growing rich and very few, if any of them, are doing their full duty by the Unified Budget. Therefore, under the wise and sane guidance of some agency of the Convention, these well-to-do special prospects ought to be approached periodically for the larger and more generous support of our institutions and agencies.

The second method for the enlarged support of our agencies and institutions for permanent equipment and endowment, must be special, extraordinary appeals to all the churches and to all of our people for definite and worthy objectives—very few of the members of any church in our Convention are doing their best, all they are able to do for the Unified Budget. Therefore, from time to time some institution or institutions should be given right of way for special and extra appeal to the churches for enlarged support. Such is our great Centennial Movement for our seven Baptist colleges and schools. It ought not to hinder or hurt a single object in our regular program, but rather ought to stimulate and inspire our people to do larger and better work for the whole Kingdom Program. We will always be compelled at stated times, far enough apart not to harrass or distress our people, put on these special appeals for the enlargement and endowment of our institutions.

But we believe the Unified Budget is to be the permanent and successful method for the regular and systematic support of the mission, benevolent and educational work of the Convention.

The time set for the Southwide every member canvass is Sunday December 4, through Sunday December 11. We would earnestly urge that every church in the Convention make the necessary preparation and put on this canvass for the Unified Budget. Write the Baptist Mission Rooms, Raleigh, for the pledge cards and the necessary information and literature.

At the September meeting of the General Board the sum of \$600,000 was adopted as the objective for the Unified Program and \$200,000 for the Orphanage. The amount for the Orphanage is to be raised by once-a-month offerings in the Sunday schools, and a great statewide Thanksgiving offering of at least the worth of a day's labor.

We recommend that the funds raised for the Unified Budget be divided on the 50-50 basis, fifty cents for Statewide objects and fifty cents for Southwide objects, each to be divided as follows:

| <i>Statewide Objects</i>  |    |
|---------------------------|----|
| State Missions .....      | 23 |
| Christian Education ..... | 23 |
| Hospital .....            | 04 |
|                           | —  |
| Total .....               | 50 |

*Southwide Objects*

|                           |     |
|---------------------------|-----|
| Foreign Missions .....    | 25  |
| Home Missions .....       | 11¼ |
| Ministers' Relief .....   | 4½  |
| New Orleans Hospital..... | 1   |
| Southwide Education ..... | 8¼  |
|                           | —   |
| Total .....               | 50  |

We have to meet the obligations of the Convention at the beginning of each month, and we would again urge upon the churches the vital importance of sending us all funds in hand on the first of each month. We will thus be saved large sums paid out for interest and it will make it possible for us to meet our obligations promptly. Send all funds to Walters Durham, Treasurer, Raleigh, N. C.

Prayer by W. C. Tyree.

Secretary Maddry announced a wire just received from his office at Raleigh stating that the amount received for the Coöperative Program to date from January 1, 1927, is \$459,495.

D. M. Ramsey, Greenville, S. C. was recognized.

On motion, adjourned with prayer by S. F. Conrad.

## WEDNESDAY—AFTERNOON SESSION

L. R. Varser was in the chair. After a song service, A. B. Bass conducted the opening service, speaking on "Christian Optimism," basing his address on a number of scripture texts.

The Secretary read the following report of the Trustees of the Convention, which was adopted:

## REPORT OF THE TRUSTEES OF THE CONVENTION

By Article IV, Section 6, of the constitution of the Convention, its Trustees are required to report annually to the Convention the work done by them during the conventional year. The same article and section also requires the Trustees to take a sufficient bond from the Treasurer of the Convention to secure the faithful performance of his duties as such treasurer during the same year. This they have done in the sum of \$30,000.

The said Trustees have also during the year signed bonds in the sum of \$550,000 to the Whitney Central Trust & Savings Bank, of New Orleans, by authority of the General Board of the Convention, to take up a former issue of bonds of the Convention amounting to \$275,000 to Bitting & Co., of St. Louis, Mo., and also the floating indebtedness of various objects of the Convention which will be particularly stated in the report of the Secretary of the General Board.

The Convention has now outstanding\* \$550,000 to Bitting & Co., of St. Louis, Mo., heretofore issued by the Convention itself for Meredith College, and \$550,000 to the said Whitney Central Trust & Savings Bank, issued by authority of the General Board.

The special order, "Christian Education, Baptist Centennial," having arrived, the chair turned the direction of the meeting over to General Secretary Charles E. Maddry.

Secretary Maddry read the following report on the Centennial Campaign:

#### REPORT OF CENTENNIAL CAMPAIGN

By CHARLES E. MADDRY, GENERAL DIRECTOR

At the annual meeting of the Woman's Missionary Union in the spring of 1926 a memorial presented by Mrs. W. N. Jones was adopted, petitioning the Baptist State Convention to launch a campaign for ONE MILLION dollars with which to pay the debt incurred in rebuilding Meredith College. This memorial was presented at Wilmington one year ago. The Convention instructed the General Board to launch a campaign for SIX HUNDRED THOUSAND dollars, and to complete the campaign by December 31, 1927. At a meeting of the General Board six weeks later the whole matter was considered at great length. In the meantime, since the meeting of the Convention in Wilmington, the whole economic situation in North Carolina had changed completely. The price of cotton suddenly dropped to almost one-half in two months. The General Board, which under the constitution is the Convention ad interim, did not deem it wise under the changed economic conditions to launch a campaign for six hundred thousand dollars as instructed at Wilmington. In the first place, it was impossible to make sufficient preparation, put on the campaign and complete it by December 31, 1927. In the second place, six hundred thousand dollars would not have paid one-half the indebtedness of the Convention incurred for the schools. Therefore, we would have burned the fields over with the smaller objective and our last condition would have been worse than the first. In the third place, such a campaign would have lost the incentive of the great Centennial Celebration. In the fourth place, it would not have enlisted our constituency as a whole because Wake Forest was left out entirely, when they were needing some present equipment so sorely. The whole matter, therefore, was referred to

a special committee consisting of J. M. Kester, Mrs. T. M. Pittman, W. O. Riddick, W. C. Barrett and Joseph A. Gaines. This committee considered the matter carefully, and we quote their report as follows:

**THE SPECIAL EDUCATIONAL CAMPAIGN:** Whereas, The Baptist State Convention of North Carolina at regular annual session at Wilmington, N. C., November 16-18, 1926, directed its General Board to conduct a special campaign for six hundred thousand dollars (\$600,000) for Education, and

Whereas, economic conditions, affecting at least 50 per cent of our population, due to the decline in the price of cotton, have brought about much alteration in financial conditions, and

Whereas, experience has proven that the success of any large undertaking has in great measure been dependent upon thorough preparation for it, and

Whereas, we believe the time before the next meeting of the State Convention will be required to make the necessary preparations,  
*Therefore be it Resolved:*

1. That we direct the General Secretary, the Secretary of Education and the Executive Committee of the General Board to proceed with all necessary preparations for launching this Campaign at the best time for it, employing such methods and helpers as may be required;

2. That it is our mature judgment that the actual canvass for pledges should not begin before the next regular meeting of the North Carolina Baptist State Convention;

3. That the General Secretary, the Secretary of Education and the Executive Committee be requested to use every possible means of publicity in preparation for this campaign, including the Biblical Recorder and other periodicals, the meetings of the district Associations, and to call upon all pastors to prepare the way for it in the churches;

4. That we earnestly petition the W. M. U. of North Carolina to lend their hearty, sympathetic and invaluable aid and coöperation to the General Secretary and his helpers to make the campaign worthy and successful;

5. That in order to meet the pressing demands upon several of our schools, we direct the General Secretary of the Convention to secure a loan or loans for that purpose, and the trustees of the several educational institutions, which are to be aided by such loans, to coöperate with and assist the General Secretary to the extent of their ability.

J. M. KESTER,  
MRS. T. M. PITTMAN,  
W. O. RIDDICK,  
W. C. BARRETT,  
JOSEPH A. GAINES,  
*Committee.*

Acting under instructions given in this resolution adopted by the General Board, we began preparations for launching the campaign.

On looking into our financial situation with reference to the indebtedness on our schools we found in various banks and with bonding companies a total of \$155,000 due in December 1926 with \$2,600 in cash to meet these obligations. In addition to this we owed the banks in Raleigh, on our State Mission work, about \$45,000. We realized we were in a serious jam financially, and acting under instructions given by the General Board we began negotiations with the Whitney-Central Trust & Savings Bank of New Orleans, La. for a loan to tide us over until we could launch the Centennial movement. After weeks of painstaking effort and negotiations we finally consolidated all of our indebtedness on the schools and colleges, including the second mortgage loan on Meredith College, into one sum of \$550,000. This will give us time to complete the Centennial movement and enable us to pay off all debts on our schools without further financing.

As a part of our preliminary preparation for the Centennial movement early in the new year we began compiling a list of special prospects. Secretary M. A. Huggins and Alumni Secretary, John Arch McMillan, visited every section of North Carolina from the sea to the mountains, seeking out Baptists of means who were able to do something for this Centennial movement over and above their subscriptions to the regular work. To our amazement we found fifteen hundred Baptists, men and women in North Carolina who are worth, on a conservative estimate, a total of \$150,000,000. We got all the facts about them and have these facts tabulated on file cards. We owe a great debt to Messrs. Huggins and McMillan for the fine service they have rendered the Convention in seeking out and tabulating these well-to-do Baptists among us.

Before we had gone very far with our preparations for immediately launching this great movement we began to realize that it was a task of the largest magnitude and that it called for the best expert help and advice that we could get to launch the movement and carry it through successfully. Acting, therefore, under the instructions of the General Board we employed Mr. A. C. Marts of New York City to give us the necessary assistance in launching and carrying the campaign through.

At the meeting of the General Board in June the matter of the Centennial Campaign was considered further by a committee of nine members, and they brought in a report authorizing the launching of the larger campaign for \$1,500,000 to be divided as follows:

|                   |            |
|-------------------|------------|
| Wake Forest ..... | \$ 250,000 |
| Meredith .....    | 1,000,000  |

|                       |           |
|-----------------------|-----------|
| Chowan .....          | \$ 25,000 |
| Campbell .....        | 40,000    |
| Mars Hill .....       | 85,000    |
| Boiling Springs ..... | 40,000    |
| Wingate .....         | 60,000    |

This resolution was adopted by a rising vote.

Early in the month of August we realized that crops were going to be abundant in North Carolina and prices good and that the time was ripe for launching the Centennial movement in the Raleigh District, consisting of the nine associations around Raleigh. At a meeting of the General Board at Meredith College on September 15 the General Secretary reported in detail everything that had been done up to that time, and the whole matter was again endorsed and we were authorized to launch the campaign in the Raleigh District. For several weeks now we have solicited subscriptions in this district and report amounts subscribed by associations as follows:

|                             |              |
|-----------------------------|--------------|
| Raleigh .....               | \$ 34,079.50 |
| Central .....               | 73,205.00    |
| Civic Division—Raleigh..... | 15,330.00    |
| Beulah .....                | 5,000.00     |
| Johnston .....              | 10,268.00    |
| Little River.....           | 15,446.50    |
| Mt. Zion.....               | 43,166.50    |
| Tar River.....              | 17,532.00    |
| Flat River .....            | 4,655.00     |
| Sandy Creek .....           | 11,393.95    |
| <hr/>                       |              |
| Total .....                 | \$230,076.45 |

For several weeks now we have been engaged in organizing the eleven associations in the Eastern section of North Carolina. These associations are as follows: Chowan, West Chowan, Roanoke, Neuse-Atlantic, Eastern, Wilmington, Brunswick, Robeson, New South River, Bladen, Cape Fear-Columbus. It is our purpose to begin canvass for funds in these associations immediately following the meeting of the Convention, and then with January 1 we shall begin organization in the Charlotte and Winston-Salem districts, and about March 1 move our forces west of the Blue Ridge.

There are just three reasons why we are making haste to put this campaign movement over early in 1928. First, we have to meet payment of bonds and interest December 1, 1927-January 1, 1929 of about \$250,000. Every dollar of this must come from sources out-

side the regular Coöperative Program. In other words, unless we can raise a quarter million dollars extra money within the next thirteen months we are going to be in another financial jam that will mean disaster to the whole work of the Convention.

In the second place, we must not unduly prolong the period of solicitation of funds, otherwise the regular work of the Convention will suffer seriously.

In the third place, next year is a national political year and North Carolina, together with all the other states of the Union, is going to be in a political turmoil—such an upheaval politically as we have rarely witnessed in the history of this country.

Therefore, it is necessary that we finish the Campaign, so far as the general solicitation of funds is concerned, by April 1, 1928.

The outlook for the success of the Campaign is hopeful indeed. We believe sincerely that the by-products of the Campaign are going to be worth more to the work of North Carolina Baptists than the actual money we shall secure from the Campaign. The truth is that North Carolina Baptists have never given anything worthy at all for their schools. This Campaign is doing some fine subsoiling for Christian Education. For one thing, it is advertising our schools in such a way that every school we have will be crowded to its capacity next session. We had just as well realize, as a denomination, that if we are going to maintain schools and colleges for training our leaders we have got to put some money into them. It takes a great deal of money with which to run a first class college. As yet we have this lesson to learn as a denomination.

Of course there is going to be some who will oppose the movement and find fault with the plan adopted. We may expect criticism, but there is nothing for us to do but go straight ahead and raise this MILLION AND A HALF DOLLARS and pay the debts on our schools and set the Convention free so we may face the new century of Baptist opportunity with a clean sheet. We find wonderful response among the churches to this great movement. Many men and women who have never seen a college are giving liberally of their means for this great movement. We are reminded of the statement of Nehemiah when in the rebuilding of the walls of Jerusalem the men of Tekoa, a village some miles from Jerusalem, rebuilt a certain portion of the walls, but the revealing and tragic statement is added, "But the nobles of the Tekoites put not their necks to the work of their Lord." In other words, some were left out of the great movement to their everlasting shame and loss. Likewise it is going to be true of this movement, some are going to be left out. I can think of no greater punishment in this life, or in the life to come,

than for a great Christlike Kingdom movement to be on foot and some to be left out and take no part in it.

Through toil and sacrifice of the Baptist fathers these institutions have come down to us. God help us to be true to the charge committed to us and do our best to see to it that these institutions are firmly grounded and established, and handed on to the generations that are to come after us, enlarged and strengthened for the great work of Christ's Kingdom on the earth.

I think of Wait, Armstrong, Meredith, of Wingate, Pritchard and Taylor and Durham and hosts of other immortals who served their day and generation, passed on to us these wonderful Kingdom investments, and it is left to us to throw the torch of light into the eager hands of the generation that is to follow us.

R. N. Simms offered the following resolution:

RESOLVED BY THE BAPTIST STATE CONVENTION OF  
NORTH CAROLINA

1. That we declare anew our recognition of the wisdom of the fathers in establishing denominational schools.

2. That we reiterate our faith in the necessity for our people to maintain our schools now under our denominational control for the training of our youth.

3. That we rejoice in the great measure of success our schools have achieved under the handicaps of insufficient endowment and inadequate equipment.

4. That we hereby ratify, approve and confirm all actions heretofore taken by the General Secretary of this Convention and by the General Board of this Convention and the Trustees of the Baptist State Convention of North Carolina in handling the financial situations with which they have been confronted, and specifically confirm their action in issuing Five Hundred Fifty Thousand Dollars of bonds under date of March 1, 1927, to retire other bonds and pressing obligations, and in giving the security which they did for the same, and in pledging, as we pledge, the full faith and credit of the Baptist State Convention of North Carolina to the payment of the same.

5. That we recognize the situation which confronted the General Board of this Convention and made it proper to put on the Centennial Campaign now being conducted, and we approve the same; and we declare our confidence that it will result in great good to our institutions and to all our work, not only in gifts, but also in quickened

sentiment in behalf of these institutions and in re-consecration to all the purposes of this Convention. We declare it to be of the highest importance that this campaign be carried on to success, and we urge our people to make the most liberal contributions they can to this great cause, enabling us to celebrate the centennial of this Convention free from the shackles and burden of debt, and to meet the challenge of the incoming century in a great and adequate way.

R. N. SIMMS.

Some sixty students of Meredith College, who have been assisting in the Centennial Campaign by visiting the churches and making four minute speeches, were invited to the platform and sang their "Alma Mater" song, and Miss Madaline Elliott spoke in behalf of the group assuring the Convention that all the Meredith girls, together with the faculty, were giving themselves without reservation to the Centennial Campaign.

The Chair then introduced O. Max Gardner, General Chairman of the Campaign, who addressed the Convention on "The Denominational Schools in North Carolina," and then presented Francis P. Gaines, new President of Wake Forest College, who spoke on "The Place of the Christian School in Our Denominational Life."

E. Y. Mullins, President of the Southern Baptist Theological Seminary, then addressed the Convention on "The Value of Christian Education."

R. J. Bateman spoke to the report and resolution pertaining to the Centennial Campaign, after which both were adopted by a rising and unanimous vote.

THE REPORT OF COMMITTEE ON THE REPORT OF THE  
GENERAL BOARD

## SPECIAL DAYS IN THE SUNDAY SCHOOL

There seems to be a great deal of confusion and even dissatisfaction with the present arrangements of having special days in the Sunday School together with special offerings for different objects. The Southern Baptist Convention voted to have the special days for information and inspiration but to merge all funds collected on these days into the whole Coöperative Program. This year the General Board have tried to follow this general method, with the exception of the Mother's Day offering in May for the Hospitals, and, of course, the Thanksgiving Day offering for the Orphanage. Many

of our leading churches have cut out all special days and special appeals. We your committee believe that the special days ought to be kept up by all means for information and inspiration. But we recommend that the matter of taking a special collection be left to the local church or churches, and that all funds so collected go to the Coöperative Program with the exception of the offering on Mother's Day and Thanksgiving Day.

## RECOMMENDATIONS

- (1) Adopted as recommended by General Board.
- (2) Stricken out.
- (3) Adopted as recommended by the General Board.
- (4) Adopted as recommended by the General Board.

We, your Committee, approve of the work done by Brother J. H. Moore and we recommend to the Convention that he be employed another year.

We take occasion at this time to commend Brother A. C. Hamby for his faithful services the past year. He has had to carry an extra burden in our State Mission work because the General Secretary has been compelled to give most of his time to the Centennial Campaign Movement.

We, your Committee, recommend that all of the recommendations of the Education Department be adopted, with the exception that that part of Article 2, Section 7, following the word "June" be stricken from the report.

J. A. Ellis offered the following resolution, which, after discussion, was adopted:

## WAR

## A STATEMENT

The Baptist State Convention of North Carolina with a constituency of 375,000 citizens of the State adopts and declares the following statement about War as a method of settling international disputes:

I. War may be on occasion a terrible necessity, but it is high time the war tradition inherited from a barbaric past be broken and the Christian standard everywhere applied to personal relations be applied also to national relations.

II. The war tradition involves today a stupid and boundless destruction of manhood and treasure without any compensation of solving problems or advancing human well-being.

III. A movement, believed by some to have connections in Washington, discredits when it does not forestall public discussion of arbitration, the World Court, and the organization of nations against the crime and folly of war, and it does so in the name of patriotism and in view of our peril from an enemy whom nobody is able to name.

IV. It is respectfully urged that the Washington Government, that is to say, the gentlemen whom we have selected to conduct our national and international business, consent to devote some of their talent and energy to the discovery and limitation of the causes of distrust and conflict with a view to the ultimate elimination of war, instead of acquiescing supinely in the war tradition and getting ready for the next war, which if it comes, will probably end by ending the nations that resort to it.

V. Military training proposed for our high schools and compulsory military training in our colleges, universities, and land-grant institutions are steps in the direction of the militarization of our country; for the purpose of military training is not, as is often claimed, the formation of wholesome personal habits of neatness, self-discipline and obedience, but, as the Army Manual declares, to win battles.

VI. We will coöperate with like Christian bodies to secure the outlawry of war as a national crime and to resist all the forces which deny his authority who said, "One is your Master and all you are brothers."

H. W. Baucom made report of the committee on nominations of the members of the General Board, which was adopted. (See List of Boards.)

T. H. King read the following report on courses of study in the next Preachers' School, which was adopted:

## PREACHERS' SCHOOL

Your Committee on Preachers' School recommends:

1. That the Convention instruct this committee to provide and to offer to all the Baptist preachers of North Carolina a course of study as in its judgment will best help these preachers to grow a richer life and an increasingly effective ministry.

2. That this course of study be built with a view to covering the main phases of a minister's life and work within a period of four years.

3. That the Convention offer a certificate of proficiency to those who complete twelve units of work as shall be prescribed by the committee.

4. For the session of 1928 the following courses will be provided:

- (1) English Bible.
- (2) Homiletics.
- (3) Church History.
- (4) Theology.
- (5) Romans in Greek.

T. H. KING, *Chairman.*

W. L. Poteat presented the following report of the Centennial Committee, which was adopted:

## REPORT OF THE CENTENNIAL COMMITTEE

The organization of the Baptist State Convention of North Carolina at Greenville on March 26, 1830, was a notable event. It laid the foundation of a century of Baptist achievement in religion, education, and social service, and has profoundly affected the total life of the people of North Carolina. It is fitting that such an event be worthily commemorated. Loyalty to far-seeing and noble pioneers demands it, and we ourselves require to refresh our spirits and gird our loins for yet larger work by some review of these hundred years so signalized by the Divine guidance and favor.

Accordingly, the Centennial Committee presents with all respect and deference the several recommendations following:

1. That one full day of the session of the Convention in the year 1930 be set apart and devoted to the observance of the centennial anniversary of the organization of the Convention, and that a program committee be appointed at once to arrange and publish in due time the order and content of these memorial exercises. Such a committee might prefer to present in the forenoon of that day the Historic Background (general situation and personnel)

of the event commemorated; in the afternoon Progress and Achievement (in education, evangelism, and missions); in the evening Greetings from other Religious Bodies, and one or more Addresses on the Challenge of the Next Hundred Years.

2. That the proposal to crown the first hundred years of our denominational history with a new and practical assertion of our original educational policy by putting a million and a half dollars into the equipment of our Baptist colleges be carried through to completion before the centennial birthday of the Convention.

3. That the History of North Carolina Baptists by Dr. George W. Paschal be completed and published, ready for distribution on the memorial day here designated.

4. That the Baptist Associations of North Carolina secure the histories of their several bodies and print them in the Minutes of their 1930 sessions.

5. That local Baptist Churches throughout the State make available by 1930 brief accounts of their organization, pastors and other officers with terms of office, buildings, and notable events and men and women of the membership.

6. That in all these histories special care be taken to trace, as far as may be possible, Baptist influence upon local public opinion and local movements which have later found expression in legislation for the public advantage. Such an interpretation must, of course, be candid and judicial.

C. A. Smith offered the following report, which was adopted:

## CHURCH ACCOMMODATIONS AT N. C. C. W.

Your committee appointed by the Convention at Wilmington upon Church Accommodations for the Girls at the N. C. C. W., Greensboro, North Carolina, beg leave to submit the following report:

We find upon thorough investigation that Forest Avenue Church is inadequate to supply the smallest needs for the care of our girls both in size of buildings and location, and realizing the needs of the 400 odd Baptist girls attending College, and our responsibility to provide for their religious welfare and also the needs of Forest Avenue Church as a Church Community, we suggested to the Church that they buy a certain lot near the College, which they have done, and which is ample in size and strategic in location to take care of the needs for years to come. Therefore, we recommend to this Convention now in session that at such a time as the Board has the means that they assist in the building of a Church adequate to the needs in that section in an amount that their best judgment shall dictate.

Respectfully submitted,

IN RE: BOILING SPRINGS HIGH SCHOOL AND GENERAL  
BOARD TENTATIVE AGREEMENT

Entered into by and between the Trustees of Boiling Springs High School and Chas. E. Maddry, General Secretary of the Baptist Convention, for submission to the Baptist State Convention at Durham, N. C. November 15-17, 1927, for acceptance, amendment or rejection:

1. All parties hereto recognize that they are both morally and legally bound to the Banks and Bonding Companies lending them money, not to increase the indebtedness of any institution owned or controlled by the Convention or to change the status of any such institution whereby the financial obligations of the Convention would be increased until the bonded indebtedness is paid or greatly reduced. Therefore it is hereby agreed that the General Board will pay, and the Trustees of Boiling Springs will accept the same amount heretofore agreed upon as current expenses for the years 1928 and 1929, to wit: \$3,500 per year for each calendar year.

2. It is further agreed that the General Board of the Convention and the Trustees of Boiling Springs High School shall coöperate and put on jointly one great Centennial Campaign early in the year 1928 among the Baptists and non-Baptists in the churches and territories embraced in the Kings Mountain and Sandy Run Associations for a sum not less than \$250,000, and the sum thus raised shall be divided as follows: (1) The debt of \$40,000 carried by the Convention for Boiling Springs shall be paid and discharged; (2) The remainder shall be divided between the General Board of the Baptist State Convention and the Trustees of Boiling Springs High School by the following ratio, viz: 40 per cent to the Convention and 60 per cent to the Trustees of Boiling Springs High School.

3. It is further agreed that the Trustees of Boiling Springs High School may add one year's work above the High School Grade beginning with the session of 1928, and may be permitted to raise Boiling Springs High School to the full standard of a Junior College beginning with the session of 1929.

4. It is further agreed that all funds coming to Boiling Springs High School out of the proposed Centennial Campaign after the debt of \$40,000 herein referred to is paid shall be used as follows: viz.: 50 per cent for permanent equipment and 50 per cent for endowment.

5. It is further agreed that with the beginning of the calendar year of 1930 new negotiations shall be entered into by and between

the General Board of the Convention and the Trustees of Boiling Springs High School as to ownership, control, and maintenance of Boiling Springs High School Inc.

This 3d day of October 1927.

J. H. QUINN, *Chairman.*

G. B. PRUETT,

*Secretary, Board of Trustees Boiling Springs High School.*

On motion of Secretary Maddry, each subject on the Order of Business is advanced an hour, and will be given the allotted time for it, in view of the lateness of this hour.

On motion, the one hour allotted to Theological Schools was divided equally between our two seminaries and Bible Institute.

B. W. Spilman represented the Baptist Bible Institute at New Orleans; E. Y. Mullins, President of the Southern Baptist Theological Seminary at Louisville, Ky., represented that institution; and A. P. Stephens represented the Southwestern Theological Seminary at Fort Worth Texas.

M. L. Kesler, Superintendent of the Thomasville Orphanage, was in charge of the special order, "Orphanage," and presented Wayne McDaniel, who spoke on "What the Orphanage Did for Me"; Miss Mary Meisenheimer, who told what the Orphanage had meant to her. J. L. Fortney Superintendent of the school at the Orphanage, was presented, as was Raymond F. Hough, Superintendent of the Kennedy Memorial Home. R. T. Vann and J. A. Campbell also spoke, and the Convention arose pledging itself in support of the Orphanage.

At the suggestion of the Chair, W. L. Poteat presented W. P. Few, President of Duke University, who spoke words of greeting.

J. R. Jester spoke to the report on the Baptist Hospital at Winston-Salem, as did E. L. Davis, President of the Board of Trustees of that institution.

J. M. Kester, North Carolina member of the Foreign Mission Board, was in charge of the special order, Foreign Missions, and read a report on that subject. H. H. McMillan presented the following returned missionaries present: D. W. Herring, Hamp Ware, Phil White, China; L. B. Olive, Mrs. M. L. Braun, Mrs. L. B. Olive, Mrs. H. H. McMillan, Miss Hannah Plowden, all of China; J. C. Powell and Mrs. Powell, Africa; J. W. Shepherd, Rio, Brazil.

J. W. Shepherd addressed the Convention on the Mission work in Brazil; J. C. Powell spoke on the work of Africa; and L. Bunn Olive spoke on the work in China, making an earnest plea to the Convention to help send the missionaries now in this country back to the Foreign Fields. H. H. McMillan, China, made the closing address on Foreign Missions, and C. C. Coleman led in prayer.

#### REPORT ON FOREIGN MISSIONS

By J. M. KESTER

In spite of many hindrances, the Foreign Mission Board has had a very good year's work. There were 13,269 baptisms on the foreign fields, an increase of 1,184 over the preceding year. The church members increased from 137,734 to 140,488. Sunday school pupils increased from 71,734 to 76,991. There were more than fifty thousand patients treated in the various hospitals on the fields.

These encouraging results were achieved under many trying difficulties and serious handicaps. Many of the missionaries were at home. The native believers in many places were under the trying conditions of war and strife. In every case the income for the work was limited, and in most cases the equipment was far from adequate. Yet God has blessed the efforts put forth in every country in which we are working. Owing to the critical period through which we are passing, the work is hardly normal in any land, and especially so in China where civil strife has greatly disturbed the work. Many of the missionaries working in China have been forced to leave their stations and go either to the port cities or home. We now have one hundred and ninety of the missionaries at home on furlough. During the year, with little hope of return, many of these have resigned. Our total missionary force is now only four hundred

and ninety, whereas a few years ago, we had five hundred and forty-four missionaries.

There are, however, many things to encourage us. The debt on the Foreign Board, which has so crippled the work, has been reduced during the year. On October 6, the Board reported \$182,000 less debt than the same date last year. The total debt on that date October 6, was \$1,080,000. By turning to the debt ten per cent of the receipts of the Board according to the instructions of the Southern Baptist Convention and also special funds designated for the debt, it is hoped that the burden of the debt may soon be lifted.

The special service rendered by the missionaries at home has been gratifying. The States of the South have been grouped into districts and a supervising missionary placed in charge of each district to assist the churches in making the most use of these workers at home. The plan is to have the missionaries attend meetings of the district associations, special conventions, and supply churches, conduct schools of missions, and make addresses before any bodies who desire such messages. Missionary H. H. McMillan, with his home at Laurinburg, is in charge of the district in which North Carolina is placed. Any pastor, or church desiring the services of any of our missionaries will do well to get into touch with brother McMillan who will, if possible, give the desired information or service.

The Budget of the Board, made at its recent meeting in October, is practically the same as that for this year. Namely, a little over \$300,000. No new missionaries can be sent out, nor those at home returned except in special cases of necessity for strategic locations. The receipts of the Board for September and October were some higher than for the corresponding months last year. It is hoped that such a trend may go on until the fetters which now bind the Board may be broken and the workers freed to go on with their vital service to a world lost in sin.

We would make the following recommendations to the messengers of this Convention: First, that more use be made of the literature of the Board. Much of this is free. Mission study books are to be had on almost any phase of missions. Every church during the year should have a school of missions to consider this vital phase of our Kingdom work.

Secondly, we recommend that the missionaries at home be kept busy among the churches. They have first-hand information and experience which will inform and inspire our churches. Let pastors use these men for supply when a supply for the pulpit is needed. Churches without pastors would find the missionaries useful for

temporary work. Let the missionaries have a good hour in all general meetings of the churches.

Thirdly, we recommend that our people consider the work of Foreign Missions when making their wills, and that men and women of means take under consideration the Annuity plan of the Board for investments which will go on forever in such a telling service for humanity and the Lord.

The glory of our Baptist host has ever been in their evangelistic fervor and missionary zeal. Now that the world is haunted by spectres of war, rent by division and misunderstanding, we need to give renewed emphasis to the Gospel of Christ which is the world's one hope of peace. From the menace of paganism, materialism, militarism, there is only one escape, and that is through the conquering, transforming power of the Gospel. Never was the need so urgent and our obligations so manifest.

So let us as North Carolina Baptists reaffirm the central emphasis of our Master and recapture His passion for the redemption of the lost world. Let our spirit be like that of David Livingstone who said, "I will go anywhere provided it is forward."

J. A. Ellis, Chairman of Committee to nominate trustees of all institutions owned and controlled by the Convention, made his report, which was adopted. (See List of Boards, page 6.)

Adjourned, after prayer by Joseph A. Gaines.

#### THURSDAY—AFTERNOON SESSION

After a brief service of song, C. S. Green conducted the devotional service reading 1 Timothy 4, and speaking on "The Vicarious Challenge." Prayer by Theo. B. Davis.

On motion of Livingston Johnson the following resolution of thanks was adopted:

#### THANKS

*Resolved*, That we return our sincere thanks to the pastor and members of this church and to the other pastors and other churches in the city, for their kind hospitality; to the committee on entertainment for the satisfactory manner in which they provided for our comfort; to the organist and W. Furman Betts for their faithful service in leading the music; to the newspapers for the

full reports they gave of the proceedings, and to the citizens of Durham for the many kindnesses shown us during our sojourn in the city.

L. JOHNSON.

Z. M. Caveness read the report of the Baptist Foundation and called upon Carroll Weathers to speak to the report, after which it was adopted. (See page 119.)

John R. Jester read the following report on Social Service, and after discussion by C. A. Upchurch, Superintendent of the North Carolina Anti-Saloon League, and J. A. Gaines, it was adopted:

#### REPORT ON THE LIQUOR QUESTION

We are grateful to Almighty God for the Constitution of the United States, designed to protect civil and religious liberty—that dedicates this Government to the promotion of the general welfare and guarantees to the people the right to determine the character of their laws through the election of representatives. We are grateful for the moral and social progress made under our institutions, especially do we give thanks for the success which has attended the Educational Campaign of the churches for temperance and national sobriety which culminated in the Eighteenth Amendment, prohibiting the beverage liquor traffic.

The task of the church in this respect is not completed. The traffic which has been placed under the ban of the law now seeks to continue its existence as an outlaw. The foes of the Eighteenth Amendment who would pander to the appetite and avarice of mankind, recognizing their inability to secure the repeal of the Eighteenth Amendment, are seeking to nullify it in the following ways: by the repeal of Federal, State and local laws enacted for its enforcement; by defeating legislative appropriations necessary to enforce it; by enacting laws to permit the sale of beer and wine and thus re-open the breweries and the saloons; by seeking to secure the election of officials, from constable to President, who are not in sympathy with this provision of the Constitution and who would be indifferent to its enforcement; by encouraging violations of the law and shielding criminals; by misrepresenting the results of Prohibition; by intimidating and harassing honest officials, and, last but by no means least, by forming numerous well financed organizations to conduct propaganda for nullification and to defeat

officials who have been faithful to their oath to support the Constitution of the United States.

The friends of liquor and of lawlessness have persisted in thrusting the liquor issue into national politics. Then they immediately turn and advise the country that Prohibition is not an issue. They administer soothing syrups and opiates to the friends of Prohibition by declaring that Prohibition is not an issue, while they work like beavers and spend vast sums of money to elect their man. These things not only constitute an attack on constitutional Government but present a challenge to our churches which must be met or we shall be recreant to our responsibility.

Therefore, be it resolved by the Baptist State Convention of North Carolina in session in Durham November 17, 1927:

1. That greater stress should be placed upon temperance education and law observance in our churches and Sunday schools.

2. That our religious periodicals be requested to publish more data concerning the benefits of Prohibition and the progress of enforcement as a means of offsetting the misrepresentations of the wet press.

3. That those in charge of education in our schools be urged to thoroughly instruct our youth in the physiological effects of alcohol.

4. That in the exercise of the right of suffrage it is our conviction that our people should support only those candidates for public office whose record shows them to be favorable to the Prohibition policy.

5. That we pledge ourselves to observe the law, to teach our children to abstain from the use of intoxicants, and that we will support officials who honestly try to enforce the laws and in every honorable way to exert our influence to inculcate respect for authority and for the Constitution.

6. We reaffirm our faith in the Anti-Saloon League as the interdenominational agency of our churches to carry on the fight against the liquor traffic and pledge to the League our continued support.

On motion, the Chair appointed Joseph A. Gaines, W. F. West and C. A. Upchurch as a Standing Committee to report on Public Morals at the next session.

R. N. Simms offered the following resolution, which was adopted:

*Resolved by the Baptist State Convention of North Carolina, That we censure the circulation in North Carolina of literature of such a pernicious nature as not to be eligible for transmission through the United States mail, and we call upon the law-enforcement authorities of our State to cause the enforcement of the present statutes dealing with such matters and to propose further legislation, if any deemed necessary by them, to better curb this evil.*

J. T. Alderman read the report of the Historical Commission, and after a brief discussion by himself the report was adopted. (See page 79.)

The Secretary read the report on Memorials, which was adopted. (See page 57.)

Secretary Maddry announced a gift of \$500 from Mrs. A. F. Young for Meredith College.

# Report of the General Board of the Baptist State Convention of North Carolina, 1927

CHARLES E. MADDEY, *General Secretary*

We submit herewith the ninety-seventh annual report of the General Board of the Baptist State Convention. At the last Convention the Board of Education and the Board of Missions merged into the General Board. The year has been one of harmony, and, we trust, of increased efficiency in the management and direction of all of our Baptist work. We come to this Convention with profound gratitude to God for His many mercies and blessings bestowed upon us during the year.

The General Board was created one year ago. When the Board came together in December, following the instructions given by the Convention, the work was divided into four Departments, viz: Missions, Education, Benevolences and Training Activities. R. T. Vann was made the Secretary of Benevolences including Hospitals, Orphanage and Old Ministers' Relief. He took hold of the work with fine sympathy and splendid zeal, especially in the work of the Old Ministers' Relief, he has brought order out of chaos. We cannot speak too highly of the fine service now being rendered by Dr. Vann in this Department.

Brethren A. C. Hamby and Walter M. Gilmore have acted as Superintendents of State Missions under the department of Missions. M. A. Huggins was continued as Secretary of Education and has been a zealous and untiring worker in his efforts on behalf of our seven schools and colleges. We would pay an especial tribute to his faithfulness, loyalty and devotion to the work of his Department. He has boundless energy and a perfect genius for details. He is a faithful, loyal co-worker and is rendering a fine service for Christian Education.

We have not as yet elected a head to the Department of Training Activities but the General Secretary has carried this along with the other work.

# I

A. C. HAMBY AND W. M. GILMORE, *Superintendents*

The work and achievements of our State Missionaries has always been considered the biggest item of our program of North Carolina Baptists. We, therefore, submit below the account of the work done by eighty-three missionaries serving 166 churches:

### 2. EASTERN AND WESTERN ASSISTANTS

W. M. Gilmore and A. C. Hamby have rendered fine service this year in their respective sections. The General Secretary has been compelled to give most of his time while out of the office to the

Centennial Campaign Movement. Messrs. Gilmore and Hamby have carried the main burden of our State Mission work for the year. No Secretary has had finer helpers or co-workers and we wish here to express our great appreciation of the services of these fine men. Following is a brief summary of the work done in the east and west:

#### REPORT OF WALTER M. GILMORE

While my work has been along several different lines, we have earnestly sought to head it all up in the one thing of exalting the Lordship of Jesus and in enlisting all His servants fully in His complete program.

From November 1, 1926 to November 1, 1927, our records show that we have visited 175 different churches, 11 of these being pastorless; delivered 263 sermons and addresses; aided in 5 institutes and enlargement campaigns; formed 37 tithing bands; aided a goodly number of churches in forming fields and in securing pastors; assisted in 8 Every-Member Canvasses; attended 13 annual Associational meetings; attended 33 Associational conferences or mission rallies and pastors' conferences; attended 6 Conventions; assisted in two city-wide campaigns for the Biblical Recorder; traveled 22,048 miles at an expense of \$94.50 for railroad and bus fare.

We have acted as general publicity director for the denomination, covering several Conventions and Conferences, devoting considerable time to the publicity work of the Centennial Campaign through the Recorder, Charity and Children, the daily and weekly press. We published "North Carolina Baptists Facing Their Task" and distributed thousands of these and other tracts. We furnished all Associations with the facts and figures about our State Mission work and the Coöperative Program. We have secured thousands of sets of Duplex Envelopes free of cost from the Sunday School Board for churches that had never used this system before, and also hundreds of copies of Cook's "Stewardship and Missions."

To us fell the lot of directing the Volunteer Evangelistic Campaign last summer through which some 75 churches were aided by volunteer pastors. However, only 16 of these churches reported the results to us, showing 122 professions; 99 baptisms; 16 received by letter and 4 by restoration. No doubt, good results followed in most of the other cases.

Our duties also included the business management of the Preachers' School at Meredith College June 6-16, enrolling 278, including 230 preachers, 29 preachers' wives, and 19 laymen. We also recorded the proceedings of three meetings of the General Board. As

treasurer of the Baptist Historical Commission we received \$120 for 60 advance subscriptions to the History of North Carolina Baptists now being prepared by George W. Paschal.

As we have gone up and down the State we have tried in every possible way to strengthen the hands of the pastors, God's chosen leaders of the churches. We have tried to help deepen the spiritual lives of their people and to lead them into larger and more consecrated service for the Master. The brethren have been universally kind to us, for which we thank the Lord and take courage.

#### REPORT OF A. C. HAMBY

The year's work has been full of pleasant experiences and delightful fellowships. Very few discordant notes have been heard. It is a pleasure to note here that of six years of service among the pastors and churches this last one has been the richest in experience. Open doors for service have been found on every hand.

Nearly all of the churches in Western North Carolina have had gracious revivals and many of them have won large numbers of converts. There is scarcely a church or preacher in all this western country that is not evangelistic. The great need now is for a standard in all of the churches in Business Methods, Missions, Stewardship and Coöperation. I beg leave to suggest that the next great Convention undertaking should be along these lines. Why may we not have a Standard for these things as well as for Sunday school, W. M. U. and Young People's work?

The general financial trend of the churches is upwards in both local and general work. Nearly all of the larger and some of the smaller Associations have advanced their goals for the Coöperative Program considerably beyond that of last year. The present attitude in this section indicates the early coming of a brighter and more fruitful day.

#### STATISTICAL SUMMARY OF WORK DONE

Number of days spent on the field 280.

Number of churches visited 58.

Sermons and addresses on Program, Stewardship &c 157.

Taught 46 classes in Missions, S. S. and Stewardship.

Aided in 3 associational enlargement campaigns.

Helped in 5 Pastors' Conferences.

And conducted 5 every-member canvasses.  
Preached in one revival.

### 3. EVANGELISM

Owing to our financial embarrassment, one by one we have allowed our Evangelists to go into other work. We might have kept some of them if we had been able to give them decent living salaries. Five years ago there were four Evangelists working under the Board. During the past year we have had only J. C. Canipe, Roxboro. Some months ago he left us to go into the pastorate at Siler City. The Executive Committee some weeks ago elected Brother J. M. Page, Badin, Building Evangelist, and he began work with us the first of November. He had given us part time through the year in finishing the church at Rowland, and putting the work there on its feet. He is going, under the direction of the General Secretary, to the waste places, especially where houses of worship are needed. We have no money to assist in building enterprises. Brother Page will raise the money and supervise the building operations at our State Mission points.

We do not believe it is wise Christian statesmanship to retrench in this Department of our work. With the consent of the Convention, we propose to put on at least two more Evangelists at the first of the new year. Multitudes of our people in North Carolina are without God and without Christ, and while we are going on with our training and enlistment work we must not neglect the evangelization of the lost. We earnestly urge upon the Convention the importance of this matter and ask for definite instructions. Below follows the detailed report of Brother Canipe:

#### 4. COOPERATIVE WORK THE NEGRO BAPTIST STATE CONVENTION

For three years now we have been coöperating with our brethren of the Negro Baptist State Convention. We are greatly pleased with the fine service being rendered by J. H. Moore, Teaching and Stewardship Evangelist to our negro brethren. We earnestly hope that the Convention will continue his labors for another year. His report follows:

#### 5. HOME AND FOREIGN MISSIONS

Under our plan of organization the General Board collects and handles all funds except money given to the Orphanage. We, therefore, have to report that North Carolina gave the following amounts to Home and Foreign Missions during the Southern Baptist Conventional Year, ending April 30, 1927:

|                       |              |
|-----------------------|--------------|
| Foreign Missions..... | \$132,147.49 |
| Home Missions.....    | 53,881.46    |

We are glad to report that each of these Boards, by wise economy and drastic retrenchment, have somewhat reduced their indebtedness. Owing to the Civil War in China, many of the missionaries of the Foreign Board have been called home. Our appropriations have been sadly reduced on many of our other mission fields. The Home Board has been compelled to cut its work almost in half, and yet they are carrying a crushing and burdensome debt. The only hope for the increase of our mission work, State, Home and Foreign, is for all of the churches to put on the budget and increase their contributions to the whole Unified Program.

## 6. REPORT OF THE HISTORICAL COMMISSION

Our Historical Commission has already rendered a valuable service in gathering facts and data for a history of North Carolina Baptists. Geo. W. Paschal, of Wake Forest College, was selected as the official historian of the Convention. He is now preparing the first volume of the History of North Carolina Baptists. We hope to have this volume in the hands of the printers early in the new year. This will be followed later, we trust, with a second volume bringing the history of our denomination down to date. At the beginning of this year we sent out a number of letters asking for subscribers at \$2.00 a piece for this proposed volume. We were hoping that we could secure enough funds in this way to pay for the publishing of the first volume. Sixty of our brethren subscribed and we have the money in the savings bank at 4 per cent interest. We urge upon others to send in their subscriptions that we may have sufficient funds to publish the history as soon as Dr. Paschal has completed the manuscript.

We would commend very heartily the faithful and unselfish labors of the Historical Commission. They have given their time and their means without compensation in collecting and preserving worth while historical facts about the Baptists of North Carolina. We would especially voice our appreciation of the services of John T. Alderman in his faithful and untiring efforts to have the history of North Carolina Baptists preserved. His report for the Commission follows:

## REPORT OF THE HISTORICAL COMMISSION

JOHN T. ALDERMAN, *Chairman*

It is a day of Celebrations and Centennials. Churches, Associations, the convention, colleges, communities, and families are letting the world know they are of age. Occasionally our attention is arrested by a notice that individuals have passed the century mark. Even the very idea of celebration itself can be traced to records in the hoary past.

Among the ancient Hebrews celebrations and memorials were in high esteem. The approval of the Lord was manifest by His overshadowing presence in the midst of the rejoicing people when the temple was completed.

These occasions have a two-fold idea: a *history* and a *purpose*. We reason from cause to effect; from that which *has been accomplished* to the *possibilities* of the future. The history of the achievements of Baptists in the past is but an earnest of what awaits us in

the future. Surely it is not necessary to urge the importance of Baptist History in the presence of this intelligent assembly.

Some suggestions as fields for active work are offered:

(1) A number of local church histories should be written. This ought to be done before the sources of information are lost beyond recovery. Some of these churches, like Shiloh, Bear Marsh, Wells Chapel and others served as the mother hive from which colony after colony swarmed away to become strong churches.

(2) About thirty associational histories should be written.

(4) A *bibliography* of the works on Baptist subjects by North Carolinians, would be of great value.

(5) The publication of Baptist Historical Papers should be resumed.

(6) With great deference we venture to suggest that those who direct the work in the Historical Departments of our Baptist colleges, Wake Forest, Meredith, and others, should encourage those preparing their graduating theses to select topics of local history for their researches.

(7) The manuscript for the first volume of the North Carolina Baptist History will be ready early in 1928.

(8) The Commission is without means to publish the history. At the Convention in Wilmington last November it was deemed wise to put a minimum price on the book, that is \$2.00 per volume. At the same time the Convention endorsed the plan of taking subscriptions with advance payment in order to secure funds to make the publication. This will work no hardship on any one, but will help to secure the funds. It will require about 2,000 advance subscriptions to get the work out. A few are taking more than one copy.

(9) Those who subscribe in advance will receive their copies of the history from the first edition.

(10) Are there not two thousand Baptists in North Carolina who will help in this and so, help themselves?

#### OLD SHILOH CHURCH

As chairman of the Historical Commission it was my pleasure to attend the 200th anniversary of the Old Shiloh church in Camden County in September. The people of the community regardless of church affiliations united to make it a great day. Everything went off well. Multitudes thronged the old church ground.

We found the old church building erected in 1858, in excellent repair. Recently a Sunday School addition consisting of ten rooms has been added. Church membership 438; Sunday school member-

ship 390. The music was excellent and added to the pleasure of the occasion. A sumptuous feast was served on the grounds.

I. M. Mercer, President of the Baptist State Convention, extended the congratulations of the Convention. W. M. Gilmore, Secretary of the Convention, made a splendid address. According to the printed program, J. T. Alderman made the principal address.

The old church has a great record behind it; and indications are that it has a great future. A full history of the church should be put into permanent form.

#### CENTIENNIAL OF THE EASTERN ASSOCIATION

On October 5-7 there was a Centennial meeting of the Eastern Association at Beulah, Sampson County, where it was organized on October 26, 1827. Addresses were delivered by W. L. Poteat, H. E. Faison, D. W. Herring, W. M. Gilmore, J. T. Alderman, E. N. Johnson, Livingston Johnson, G. W. Paschal, M. L. Kesler, B. W. Spilman, and others. The Eastern is one of the great associations of the state. A large number of prominent laymen and preachers came from this section. A great company of people was present each day.

#### 7. ENLISTMENT

In view of the fact that the Home Board has been compelled to discontinue their appropriation to our coöperative work we have entirely discontinued the Department of Enlistment.

#### 8. THE BAPTIST BOOK SHOP

We are glad to report that the Baptist Book Shop, conducted jointly by the General Board and the Baptist Sunday School Board, Nashville, Tenn., has had a very prosperous and successful year. We now lead most of the Baptist Book Stores of the South in volume of business and in profits. We did more than \$35,000 worth of business from May 1926 to May 1927, and we will soon be doing \$50,000 worth of business a year. We bought the Book Shop on a credit and it will soon be paid for together with a large increase in the stock, out of the profits. We especially commend the fine services of the Manager, Miss Madge Alderman. Below we give briefly her report for the year:

#### BAPTIST BOOK SHOP

MISS MADGE ALDERMAN, *Manager*

The Baptist Book Shop, Raleigh, N. C., which is owned jointly by the General Board of the North Carolina Baptist State Convention

and the Baptist Sunday School Board of the Southern Baptist Convention, Nashville, Tenn., has had a very successful year. Net sales for the year ending April 30, 1927, amounted to \$35,614.83, with a net profit of \$5,411.67. The net worth of the business was increased during the year from \$8,042.49 to \$12,722.88, an increase of \$4,680.39.

During the year our quarters have been enlarged and remodeled and we are in a better position than ever to serve the Baptists in the State. We handle all supplies for church, Sunday school, and B. Y. P. U., except quarterlies and periodicals, which should be ordered from Nashville. Our stock of books consists of study course books for the Sunday school, B. Y. P. U. and mission study books for each department of the W. M. S., as well as the best books of current religious thought from all publishers; also children's books and books of a general nature; and a large stock of Bibles. By means of the catalogues at our disposal, we can secure any book in print within a short time.

It is our aim to fill orders promptly and efficiently, and we are anxious to render a distinctive book store service to the Baptists of North Carolina.

We appreciate your coöperation and business during the past year and trust we may merit your continued patronage and support. When you patronize your own Baptist Book Shop you make a real denominational investment, as our share of the profits of this store is turned into State Mission channels.

Write us when in need of any book or supplies. Catalogue will be sent free on request.

## 9. SUMMER SCHOOL FOR PASTORS

For three years now we have been conducting a summer school for pastors. The last two sessions met at Meredith College. The 1927 session was especially successful. Meredith College gave board and room for \$1.25 per day, and we enrolled nearly 300 pastors and their wives. W. R. Cullom was appointed Dean and has rendered a great and unselfish service in this department of our work. We have already engaged the faculty for the summer of 1928 and we expect the enrollment to go beyond 300 this year. We firmly believe that this Pastor's School is the solution of the training and enlistment problem among North Carolina Baptists. We would urge upon the Convention the advisability of providing in some financial way, for the attendance of at least one pastor from each Association in North Carolina. We believe the Executive Committee of each association should be asked to select one man every year who ought to attend this School and that the General Board defray a certain part of his

expenses. It is a trite saying that the pastor is the key to the situation of every Baptist church. More and more we realize the truth of this statement. Our great problem as a denomination is the enlistment and training of our pastors who have not had the advantage of our schools and who receive poor and meager salaries. We would ask the Convention for definite instructions in this matter.

#### 10. SPECIAL ITEMS FOR INFORMATION AND CONSIDERATION

(1) Refunding the debts on our schools: On taking over the direction of the consolidated boards one year ago, we found outstanding indebtedness in open notes in banks and other unsecured obligations of \$155,000 plus. There were other obligations falling due during the year amounting to about \$100,000. At the meeting of the General Board in December, the General Secretary was authorized to negotiate a loan to tide us over until we could put on last four years and the debt is being paid not by increased ourselves that we have cut our State Mission work in half in the the Centennial Movement and realize some cash from it. We went to New Orleans in January and began negotiations with the Whitney-Central Trust and Savings Bank, and after two and a half months of negotiation, we secured the loan of \$550,000 at 6 per cent. We had to call the second mortgage loan on Meredith College of \$275,000 and consolidate all of our indebtedness into one sum of \$550,000. This loan is to be paid annually beginning March 1, 1928 with \$27,000 and each year the sum increases through eight years with the privilege of calling the loan any time we may have the funds. We have falling due now in 1928, including interest and principal on bonds, \$370,000. Unless the Centennial Movement is successful Program during the calendar year of 1928.

and produces this amount in cash for 1928, we will be in another financial jam January 1, 1929. Therefore, we face the absolute necessity of raising \$370,000 over and above the regular Coöperative

(2) It looks now as if the debt on our State Mission work will be reduced from \$65,000 to about \$50,000 this year. We hope to reduce it by \$15,000 more next year. However, we need to remind tributions but by the tragic and disastrous policy of retrenchment. In view of the fact that North Carolina is making such rapid progress in good roads, public education and industrialism, instead of retrenching, we ought to double our State Mission work for the year 1928.

(3) The wisdom of providing a retirement plan for the employees of the General Board. It has been the growing conviction of the General Secretary for seven years that some provision ought to be

made for the retirement of the Board's employees when disabled whether because of ill health or old age. We have made a careful investigation of this matter and feel that the time has come when the Convention ought to work out some satisfactory plan for the retirement of the Board's employees who have been in its service for many years, with the proper annual allowance in recognition of said faithful service. Therefore we would recommend to the Convention the consideration of the plan now in operation by the Sunday School Board, Nashville, Tenn., as follows:

"The Board in outlining this plan of retirement reserves to itself, unimpaired, the right at any time and without advance notice, to modify or change said conditions as in its judgment the interests of the Board may require, and this resolution shall not constitute a contract with any employee with the Board until he is actually put on the retirement list and granted a retirement allowance.

1. In every case of total disability resulting from natural causes after service of five years.

2. In every case where the employee reaches the age of 70; with the understanding, however, that the Board may at its discretion continue the employment from period to period of any one after the age of 70, but that such term of service cannot be counted when computing the retirement salary to which the employee is eligible, but such retirement allowance shall revert back to the 70 year point.

3. Any employee who has reached the age of 60, who has been in the employ of the Board for ten years may be retired at that or any subsequent period on a regular allowance, either at his or her request, with the approval of the Board, or without the request of the employee, at the discretion of the Board.

4. That the average annual salary of the employee for the last five years of service be taken as the basic salary for the computation of the pension to which he is eligible.

5. That two per cent of the basic salary multiplied by the number of years of service rendered (prior to attaining the age of 70) be the authorized retirement allowance, provided that the total amount granted shall in no case exceed seventy-five per cent of the salary at the time of retirement."

(4) We have heard a great deal in the last few months about the debts of North Carolina Baptists. Last January we decided it would be a mighty fine thing to find out something about the assets of North Carolina Baptists. We therefore recommended to the General Board that an audit be made of all the institutions and agencies owned and controlled by North Carolina Baptists. We employed an auditor and we went carefully into the whole matter of our assets and liabilities. He made an audit of the Orphanage, the Baptist Hospital, the Baptist Foundation and our seven colleges and schools. He reports assets of \$8,603,200.44. He lists our liabilities at \$1,250,966.44. Our assets over our liabilities are \$7,352,234.00. The

following is the letter together with the detailed report certified to by the auditors, Messrs. A. T. Allen and Company:

## (5.) SPECIAL DAYS IN THE SUNDAY SCHOOL

There seems to be a great deal of confusion and even dissatisfaction with the present arrangements of having special days in the Sunday school together with special offerings for different objects. The Southern Baptist Convention voted to have the special days for information and inspiration but to merge all funds collected on these days into the whole Coöperative Program. This year we have tried to follow this general method with the exception of the Mothers' Day offering in May for the Hospitals, and, of course, the Thanksgiving Day offering for the Orphanage. Many of our leading churches have cut out all special days and special appeals. We believe that the special days ought to be kept up by all means for inspiration and information. We believe likewise that the people ought to be given a chance to make special offerings on these days for the whole program. In view of the fact that there is such diversity of opinion on the subject and such confusion in the minds of our people, we would respectfully ask the Committee on this report to give special and detailed consideration to this phase of our work. We want definite instructions from the Convention with reference to special days and special offerings through the churches and Sunday schools.

## 11. RECOMMENDATIONS

(1) We recommend that the appropriations for State Mission work be made on the basis of cash received this year for State Missions. That one-third of the outstanding indebtedness be included in this amount as the first item.

(2) We recommend that at least two new evangelists be added to the staff with the beginning of the year 1928.

(3) We recommend that the School for Preachers be continued at Meredith College and that the sum of \$1,500 be appropriated to pay the expenses of one pastor from each of the 65 Associations, and that the Board work out some plan in coöperation with the Executive Committee of each Association in the selection of the pastor who shall attend.

# Department of Education

M. A. HUGGINS, *Secretary*

For the sake of convenience and clarity this report is divided into sections. By reading the first line in a section one may learn with what subject the section deals.

### SECTION 1.

PROGRESS DURING THE YEAR. (a) The most notable achievement to be recorded is the launching of the Centennial Program authorized by the last Convention. It is not possible at this time to predict what amount will be raised, but it is possible to say that the effect of this magnificent undertaking is two-fold. First, our acute financial situation is being relieved and the Institutions face their tasks with renewed hope, and, secondly, the people have learned and are learning about our institutions with the result that there is a genuine revival of interest in them. Such a result cannot be measured in dollars but it is believed that it is even more valuable to our institutions than the money. We have been shown already that our people will respond provided they understand and are brought to believe that the institutions are earnestly seeking to make the finest contribution possible to the churches and to the Kingdom of God. Considering the huge church debts apparent everywhere and the fact that the Coöperative Program must be maintained, the response has been heartening. Some have made very generous gifts who have never been inside the walls of any of our institutions.

(b) The enrollment of college students increases, while students in high schools decrease. This year's report indicates a gain of 160 college students and a loss of 111 high school students. At the present moment about 2,000 college students are enrolled in our 6 colleges and junior colleges, while a decade ago we had less than 1,000. This means that the expense of carrying forward Christian Education has increased rapidly for the reason that it costs on a per capita basis 3 to 6 times as much to provide college training as it does high school training. (The State is expending 8 to 10 times as much.) The State is now expending for current support alone about \$1,850,000 for about 7,500 students. With but  $3\frac{1}{2}$  times as

many students enrolled as we have, the State is expending about ten times as much as we do. It is often said that we cannot compete with the State and should not try. Such a statement conceals more than it reveals. In the four essentials necessary for real college training—faculty, class rooms, laboratories and library—we ought not to be satisfied with anything but the best and these essentials make up the real expense involved in maintaining a college. It is only with respect to the faculty that a Christian college can afford to differ, or needs to differ, from one supported by the State. And teachers in Christian colleges ought not to be expected to work for less than others. Hence, instead of expending less, we must make our plans to expend more.

Again, our increased college enrollment means that we are training more leaders, for although a decade ago we had many high school students, far more than college students, we were training fewer leaders for the reason that only a few of those completing the high school course went on to college. There is in this fact some compensation for our increased and increasing costs.

(c) Our plants are being used more extensively than before. During the summer of 1927 there were enrolled in our summer schools a total of 854 and the Meredith plant was used for the Preacher's School, the B. Y. P. U. State Convention and the Sunday School Conference. The plant of Wake Forest is being used for 48 weeks of the year. Moreover, during the summer terms hundreds of teachers in the public schools are having their first opportunity to study the Bible in a really effective way.

(d) The friends of Chowan are rejoicing in the success of the college in completing a campaign to add \$75,000 to the endowment, \$25,000 of which was given by Mr. B. N. Duke of New York. During the year this same gentleman has given Campbell College \$50,000.

(e) It will be recalled that J. R. Pace left his estate to the Board of Education for the purpose of educating young men called of God to the ministry. It was found, however, that his widow had need of the property itself and not merely the income. Hence, the Secretary of Education qualified as administrator and has followed the procedure necessary under the will to turn the property over to Mrs. Pace. The Secretary has filed his final report and has paid over to Mrs. Pace the balance of the liquid assets.

ACTIONS OF THE GENERAL BOARD PERTAINING TO EDUCATION. Since the last Convention the General Board has passed

on the following matters, which in accordance with the Constitution, are reported as information:

### MEETING OF THE GENERAL BOARD DECEMBER 21, 1926

The following budget for the year 1927 was read and adopted:

#### EDUCATION BUDGET FOR 1927

| <i>Institution or Object</i>  | <i>Current Expenses</i> | <i>Bonds, Notes, Interest</i> |
|-------------------------------|-------------------------|-------------------------------|
| Accumulated Debt .....        | \$10,950.00             |                               |

(The above Budget is being strictly adhered to.)

On motion, the following recommendations of the Department of Education were adopted:

1. That the amounts stated above be paid the schools during 1927 even though the General Board should have to borrow, and that any deficit so incurred shall become a first claim on the budget for 1928; that the Institutions sharing in the receipts of the Coöperative Program submit to the committee on Education in April 1927 the budget for the school year '27-28; that this budget be reasonable and that, for the session for which the budget is made, the Institutions do not expend more than the budget provides.

2. That an auditor be secured to make an audit of the books of all the schools; that all the institutions be requested to co-operate and share in the expense of the audit on an equitable

\*The \$2,600 to Mars Hill for current expenses is to be paid only in case the Alexander Trust Fund fails to yield the amount expected. Any amount received through the Coöperative Program in excess of \$100,000 is to be divided equally between Wake Forest and Meredith for current expenses.

basis; that an appropriation of \$500, as a maximum, be made for this audit; that the school year be from July 1 to June 30.

3. That the Secretaries be instructed to secure payment from any students who have discontinued their preparation for the ministry or secure a note with good security to cover the indebtedness.

4. That the Secretaries be instructed to secure a list of the churches which do not contribute to any object of the Convention and divide these churches among the Institutions; that each Institution be requested to effect a plan whereby every effort will be made to reach and enlist these churches with such assistance as the Secretaries may render; and that, if possible the budget of each Institution include an amount sufficient to take care of traveling expenses which may be necessary to reach these churches.

5. That Education Day be fixed for the fourth Sunday in July; that the goal be \$10,000, that every Sunday school be asked to participate in the program and make a worthwhile offering, every penny of which will be used for the support of Ministerial Education.

#### MEETING OF THE GENERAL BOARD JUNE 8, 1927

The following recommendations from the Department of Education were adopted seriatim, after discussion on each point:

1. That Mr. Mason of the firm of Smith, Matlock & Lindsay be employed to audit the books of all Institutions, at the rate of \$15 per day plus hotel and traveling expenses while out of the city of Raleigh, provided, however, the cost shall not exceed \$500.

2. That the Committee on Education, in view of the proposed Centennial Movement for our Education Institutions and in accordance with the desires and wishes of the administrative heads of the several Institutions, recommend to the General Board and the Convention that the allocation for Education be reduced from 26 per cent for the year 1927 to 23 per cent for the year 1928. This request is made, however, with the understanding that the Convention authorize a campaign sufficiently large to care for all present indebtedness and provide Wake Forest with a substantial sum.

3. That for the year 1928 each Institution in the system in planning its work may count upon receiving the following amounts from the General Board, provided the Centennial Movement authorized by the Convention is successful:

|                   |            |
|-------------------|------------|
| Wake Forest ..... | \$5,000.00 |
| Meredith .....    | 5,000.00   |
| Chowan .....      | 8,750.00   |
| Mars Hill .....   | 5,000.00   |

|                       |             |
|-----------------------|-------------|
| Wingate .....         | \$ 5,000.00 |
| Boiling Springs ..... | 2,000.00    |
| Campbell .....        | 2,000.00    |
|                       | <hr/>       |
|                       | \$32,750.00 |

These amounts are to be granted with the distinct understanding that there will be no deficits.

NOTE. In the case of Meredith, it is requested that the trustees use this grant for the purpose of providing free tuition to 40 or 50 worthy girls who otherwise might not be able to attend college.

4. All ministerial and missionary or other students receiving financial aid shall sign substantially the following agreement:

I hereby apply for aid as a ministerial student at \_\_\_\_\_ college, believing in good faith that I have been called to the ministry and I do hereby agree, that if I shall fail to preach upon completion of my education, or should I fail to complete my education and fail to pursue my calling as a minister, then and in either event, I promise to repay to the General Board of the Baptist State Convention all sums advanced to me, with interest thereon from the dates advanced, the same to be due and payable within two years from the date I cease to pursue, in good faith, my calling as a minister.

Witness my hand and seal this.....day of 19.....

.....(Seal)

On motion of O. Joe Howard the following committee was appointed to ascertain the real relationship of Campbell College to the Baptist State Convention of North Carolina, and also to look into the contract between President J. A. Campbell and the Convention: T. L. Johnson, J. J. Hayes, W. O. Riddick.

On motion, the following resolution offered by J. J. Hayes was adopted:

*Be it resolved*, That J. C. McIntyre be given permission to erect a gymnasium building at Wingate Junior College at a cost of from \$5,000 to \$8,000, and rent it to the college at an annual rental of ten per cent of the actual cost of construction, and pay the insurance and keep the building in reasonable repair, with the option to the college to buy the property at actual cost at any time within five years from the completion of the building, provided the General Board of the Baptist State Convention does in no way assume the payment of the rental nor shall said rental be paid out of tuition or gifts from the General Board.

### SECTION 3

MINISTERIAL EDUCATION: During the year 1926-27 and the summer of 1927, the Board has aided 128 young men and 14 young women. These are distributed as follows:

| <i>Institution</i>    | <i>College<br/>Students</i> | <i>High School<br/>Students</i> |
|-----------------------|-----------------------------|---------------------------------|
| Wake Forest .....     | 73                          | 0                               |
| Meredith .....        | 8                           | 0                               |
| Chowan .....          | 3                           | 0                               |
| Mars Hill .....       | 14                          | 5                               |
| Wingate .....         | 8                           | 7                               |
| Campbell .....        | 1                           | 7                               |
| Boiling Springs ..... | 0                           | 14                              |
| Fruitland .....       | 0                           | 1                               |
| Haywood .....         | 0                           | 1                               |
| Totals .....          | 107                         | 35                              |

The Board at its December meeting found it necessary to curtail the amount which we have been spending for this object. Accordingly, \$10,000 was the amount set in the budget. To this amount should be added about \$1,500 per year which accrues from invested funds held by Wake Forest and which is turned over to the Treasurer of the Convention. This amount in turn is disbursed to the ministerial students at Wake Forest. Remembering that we have been for many years expending about \$15,000 per year for this object, one at once realizes that many students have not received what they expected. They have, however, coöperated with the Secretary with the result that the budget for the year will not be exceeded.

There are many unsolved problems connected with this object which press for solution. On the part of many, including some of the most thoughtful students themselves, there is the growing conviction that the need is not being met in a constructive sort of way. Some of these problems may be stated briefly: (1) Since perhaps not more than 20 per cent of the young women who have been aided in recent years have gone or are likely to go as missionaries, what of a policy which aids one to the extent of \$500 with but little or no chance of having the amount repaid in case one does not go? No one, indeed, seems to know just what is meant by "Student Volunteers." Hence, some institutions will report thirty and some none.

(2) What of a policy which provides as a gift the same amount to a man of thirty years of age with a family of five and a young fellow of eighteen with no dependents. On a loan basis the responsibility would be with the borrower to determine whether the amount would be large or small for each amount would have to be repaid.

(3) What of a policy which provides free tuition and \$500 in aid, a total of \$900 during a four year course at Wake Forest, to a ministerial student, while such is denied a man who prepares to teach, for example, in a Baptist School. Many ministerial students just after graduation are now earning, by preaching and teaching, more than \$1,500 per year, while the teacher in a Baptist school can hardly expect more than \$1,000.

(4) What of a policy which makes no adequate provision for the collection of funds advanced to a ministerial student when such a student ceases his preparation for the ministry? Within the past five years about a score have been aided who have ceased their preparation for the ministry. Perhaps an individual, a group, a church or a men's Bible Class should be requested to act as a sort of "Sponsor" for a man before his application for aid is approved.

(5) Aid is at present expended on the basis of certain qualifications which cannot be effectively measured and on the expressed purpose only of the student to preach. Should not any amount extended be considered as a debt, not as a gift, such debt to be discharged or canceled at some future time, its payment or cancellation in whole or in part, dependent on the ability of the receiver at such time to repay?

#### SECTION 4.

## SECTION 5.

**THE GENERAL AUDIT.** The Board in accordance with the recommendation of the Secretary, requested the several institutions to coöperate in having prepared an audit of the books of the several

institutions, both as to current accounts, permanent funds, and plant assets. This plan has been followed with the result that we now have the most complete and accurate figures yet obtained. Moreover, the data thus secured is valuable for comparison and study. As reported last year, five institutions are using the same system of classification of receipts and disbursements, as well as accounting. Most of the forms used are prepared by the Secretary and sent to the institutions and in this way much time and expense is saved. In other words, the bursars of the several schools "think and use the same language." In the statistical tables of this report will be found the value of endowment and plant assets. Below three exhibits are shown.

## EXHIBIT A

Statement of operating income and expense. Note that the relatively small amount which Wake Forest receives from students may be accounted for by the fact that Wake Forest does not operate a dining hall. A plus sign (see last column on right) indicates excess of income over expense. Any such excess may be used for meeting prior obligations or for other purposes, and is based on the assumption that all accounts and bills receivable are collected. A minus sign reveals an excess of expense over income even though all accounts and bills receivable are collected. "O" indicates overdraft.

| Institution        | Operating Income |                                 |                 | Operating Expense | Operating Profit-plus; Operating Loss-minus | Cash on Hand 6-30-27 |

| Boiling Springs... | 25,143.85        | 161.81                          | 1,500.00        | 30,456.25         | - 3,650.59                                  | 6.11                 |

How may one reconcile the "Operating profit and loss" column with the "Cash on Hand" column? The "operating profit and loss" column is for the year 1926-27 only; whereas, the cash on hand reflects transactions for previous years. Cash on hand never reflects the true condition unless all transactions, whether of income or expense, are cash items.

The expenses of the endowment campaign of Chowan, amounting to \$5,801.87, came from current funds. Were this item subtracted, as perhaps it ought to be, Chowan would have an operating surplus of \$336.30.

## EXHIBIT B

The following table is designed to show what amounts the several institutions had to secure from sources other than students in order to avoid a deficit. In other words the amount stated would have been a deficit had there not been sources of income other than students, such as endowment, grants from the Convention or other gifts and grants. The students lacked the amounts indicated of paying the actual cost. The figures on the right indicate the per cent of actual cost incurred in providing instruction and operating the plant which the student pays.

|                       |              |     |
|-----------------------|--------------|-----|
| Wake Forest .....     | \$114,717.79 | 48% |
| Meredith .....        | 4,475.28     | 97% |
| Chowan .....          | 13,481.95    | 86% |
| Mars Hill .....       | 14,341.14    | 90% |
| Wingate .....         | 6,129.97     | 86% |
| Boiling Springs ..... | 5,312.40     | 82% |

It will be seen that quite a sum of money is handled by the bursars of the several institutions during the year. Both the bursar and the treasurer of the Board of the several institutions are bonded in what seems to be sufficient amounts. The greatest problem confronting the bursar is the collection of student accounts. This problem is all the more acute because in our institutions are found many who enter school almost wholly on faith. Please note the following exhibit:

## EXHIBIT C

| <i>Institution</i>    | <i>Amounts Receivable</i> | <i>Amounts Payable</i> |
|-----------------------|---------------------------|------------------------|
| Wake Forest .....     | \$11,019.95               | .....                  |
| Meredith .....        | 21,983.68                 | \$27,393.76            |
| Chowan .....          | 6,476.23                  | 25,972.29              |
| Mars Hill .....       | 28,999.07                 | 4,598.11               |
| Wingate .....         | 5,202.04                  | 10,809.20              |
| Boiling Springs ..... | 5,501.29                  | 8,948.64               |

The bursars of the several institutions report that all accounts listed above as receivable are considered good. The actual condition of an institution may be arrived at as follows: Add to the amount receivable the cash on hand and from this sum subtract the

amount payable. But such condition is contingent upon the collection of accounts receivable.

## SECTION 6

MAJOR OBJECTIVES for the next five or ten years. These are submitted for the purpose of study and discussion and are not considered as specific recommendations.

(1) The establishment of a Department of Religious Education in Wake Forest, Meredith and Chowan, the purpose of which would be to acquaint as many students as possible with the literature, aims, methods and organization of Religious Education so that teachers for our Sunday Schools and leaders for all denominational work may be trained properly, and, in addition, either through general lectures or as a part of a regular course, the principles of Christian stewardship may be inculcated. Is not the difficulty encountered in securing funds from alumni attributable to a lack of such inculcation during college days?

(2) By 1929-30 our three junior colleges must meet the following requirements:

(a) All teachers of college subjects must hold at least M.A. Degrees from standard colleges and have successful teaching experience.

(b) Adequate libraries and laboratories.

(c) At least \$10,000 annual income from sources other than students.

(3) There should be no further expansion of plants, save at Wake Forest, until present endowments are greatly enlarged, no further expansion until our debts are paid, and no further building at any time in the future until the cash or good pledges are in hand.

(4) There should be a "Bureau of Extension" in our schools with a responsible head, the purpose of which would be to send speakers, supply pulpits, send literature and make the libraries of our colleges available to the Baptists of the State in particular.

(5) There should be a definite, systematic, persistent effort to reach those graduating from high schools who give promise of developing into leaders and then to guide them into choosing those professions or activities which are likely to influence fundamental public opinion, morals and religion.

## SECTION 7

RECOMMENDATIONS. 1. That the General Secretary of the Convention be authorized and instructed to write Mr. B. N. Duke

of New York and express on behalf of the Convention its deep and sincere appreciation for the timely and very substantial gifts he has made to Chowan and Campbell Colleges during the past year.

2. That the date for the observance of Christian Education Day in the Sunday Schools be the *Fourth Sunday in June*.

3. That the Budget for the current support of our Institutions administrative expense, and ministerial education for the Convention year 1928 shall not exceed \$60,000; that any indebtedness on December 30, 1927 accumulated by reason of unpaid notes given for current expenses for the year 1927, shall be a first claim on this amount; that, in so far as is practicable, current expense funds shall be divided on a student per capita basis, after considering all the elements which enter into any plan for equalization.

4. That the Department of Education of the General Board be instructed to study carefully the whole matter of ministerial aid and make a report to the Convention a year hence, recommending such plan as may seem wise.

## Department of Training Activities

### 1. WOMAN'S MISSIONARY UNION

The work of the Woman's Missionary Union is growing in favor with the churches and in effectiveness with every passing year. Mrs. Edna R. Harris, Corresponding Secretary of the Union, has spent the largest part of her time on the field, and is a tireless and effective worker. Miss Dorothy Kellam leads the work of the young people with ever increasing efficiency. Miss Gertrude Mattison has been made Field Worker at large and gives her time to the needy places in the State. The following is a report of the work and workers:

#### WOMAN'S MISSIONARY UNION

The Chairman of the Committee on W. M. U. work, J. Clyde Turner, at the meeting of the Southern Baptist Convention in Louisville in May said, "We are impressed with the fact that the Woman's Missionary Union has built its program around the words of Christ, 'Look,' 'Pray,' 'Go,' 'Give,' 'Lift up your eyes and look upon the fields'; 'Pray ye therefore the Lord of the harvest'; 'Go ye therefore and make disciples of all nations'; 'Give and it shall be given unto you.' The women have put their emphasis on Study, Prayer, Service, and Giving. A program built around these words cannot fail."

We believe that the growth and progress of our work in North Carolina not only the past year, but the past forty-two years is due to the truth of the above statement.

This past year fifty-five annual meetings have been held in our fifty-nine associations and our work is organized so that it is a simple matter to get in touch with all of our women. These meetings were well attended and the programs showed most thoughtful preparation on the part of our Associational Superintendents. To them is due much credit for the advancement of our work.

Four hundred and eighty-four new societies were organized and the number of societies enrolled at the close of the year was 2,413.

Forty thousand women are members of our societies and special effort is being made to increase this number to 44,000, and to add 40 per cent to our present number of organizations during the coming year, which we will observe as our Ruby Anniversary year,

celebrating forty years of organized work of the W. M. U. Auxiliary to Southern Baptist Convention.

The gifts for the Blanche Barrus Nurses' Home at our Baptist Hospital, in Winston-Salem, have amounted to \$20,301.44 and the building will soon be completed, adding greatly to the equipment of the Hospital.

Believing that the future of our mission work depends on relieving our Convention as early as possible from its heavy burden of debt, the Woman's Missionary Union is coöperating fully in the effort to raise \$1,500,000 to pay the obligations, and to celebrate the one hundredth Anniversary of our Convention without debt.

The financial report for the year is as follows:

## 2. SUNDAY SCHOOLS

The Sunday School work of North Carolina Baptists stands at the very forefront of all the southern states. This great achievement is due in a large measure to the consecrated and tireless leadership of Brother E. L. Middleton. We are grieved to report that Mr. Middleton has been very ill for the last few months and has been unable to give any attention to the work since last May. We have

been hoping and praying that he would be sufficiently restored to health to come back and give, at least, general oversight to the work. The Executive Committee granted him a leave of absence from May until September at which time the General Board continued the leave of absence until January the first. In the meantime, B. Y. P. U. Secretary Perry Morgan has been placed in charge of Brother Middleton's work and has been doing the work of two men. We give below the report of the Sunday School Department:

### SUNDAY SCHOOL REPORT

PERRY MORGAN FOR E. L. MIDDLETON, *Secretary*

It is a source of deepest sorrow and regret that the continued illness of Secretary E. L. Middleton makes it impossible for him to write this report. This is his twentieth year of unceasing and sacrificial effort to put North Carolina Baptist Sunday School work on a sure foundation. How well he has succeeded is written in his brilliant achievements of these twenty years in bringing North Carolina to high rank among the states.

In the south there are 85.8 Sunday Schools for each 100 churches. North Carolina has 94 Sunday Schools to each 100 churches. Maryland and the District of Columbia have one more Sunday School than churches, and more in Sunday School than church members. They only lead North Carolina in this. In the South there are 74.2 in Sunday School to each 100 church members. In North Carolina there are 85 to 100 church members. Only Texas leads in Normal Awards. North Carolina is third in the number of Diplomas. She led in 1925-26 in Normal Awards given to schools and colleges. Only one state, Texas, led North Carolina in Standard Sunday Schools and number of Organized Classes registered with the Sunday School Board of the Southern Baptist Convention. These figures are taken from the Southern Baptist Convention Annual. During the years of Brother Middleton's Secretaryship, while our churches increased 487, or 26 per cent, our Sunday Schools increased 725, or 48.9 per cent. While our church membership was increasing 173,209 or 84.5 per cent, our Sunday School membership increased 193,029, or 148.7 per cent. From his bed of sickness on June 1 writing a resume of his work of 19 years of service ending on that day, he thus addressed North Carolina Baptists:

"The appeal of a hopeful soul with a broken body is for us all to GO FORWARD."

Nothing we can say will do justice to him, and his superb work for there are not words to express the gratitude in the hearts of North Carolina Baptists for what he has done for them and the

Kingdom of God. Since April 1 he has been seriously ill, and on leave of absence from the office. Our hope and prayer is that he may be given back his health and that he may be able to return to his office for many more years of fruitful service to the denomination. The writer of this Report was directed by the General Board to assist his office force and field workers in carrying on the program of work he had outlined for this department.

#### PERSONNEL OF GENERAL WORK

The personnel of general workers has changed since last year. J. N. Barnette, on March 1, resigned his place with the Convention as Field Worker in the west to go with the Southern Baptist Sunday School Board of Nashville, Tenn., as Associate Secretary of Sunday School Administration in charge of Rural Sunday School work. Too much cannot be said in appreciation of his work with us. James A. Ivey, pastor of Highland Baptist Church, Hickory, was elected to take his place on June 1, with headquarters in Hickory.

Sophia Berghauser resigned her work as Elementary Secretary February 1, and on February 17 was married to I. K. Stafford of Cullowhee. Gladys H. Beck, of Selma, Sunday School and B. Y. P. U. Worker for the Johnston Association, was selected to succeed her and began work on February 1, with headquarters in Raleigh.

L. L. Morgan of Lumberton, Sunday School and B. Y. P. U. Worker for the Robeson Association, was elected Field Worker for the eastern part of the State, and began on March 1, with headquarters in Raleigh.

Bessie Morgan continues as Office Secretary for the Sunday School Department. In the absence of Secretary Middleton she has dispatched the work of the office superbly and without loss of efficiency.

#### ASSOCIATIONAL WORK

With the Sunday School Board coöperating in paying one-half the salary and expenses and the Association one-half, the following workers have served this year:

B. S. Beach, Bonlee, for Sandy Creek Association. Resigned September 15 to enter the Theological Seminary at Louisville.

Roy D. Clarke, Tarboro, for Roanoke Association.

Lucy Bennett, Chandler, for Buncombe Association.

M. L. Jones, Winston-Salem, for the Pilot Mountain Association.

K. L. Lineberger, Hickory, for the South Fork Association.

Resigned September 15 on account of the death of his father.

Lillian Mabry, Southport, for the Brunswick Association.

A. V. Washburn, Sylva, for Carolina, Haywood, Tennessee River, Macon, Tuckasegee, and Transylvania Associations.

A. R. Waters, Burnsville, for Avery, Mitchell, and Yancey Associations.

W. C. Lynch, Forest City, for Sandy Run Association.

For three months R. F. Marshburn did this same work in the Wilmington Association under the direct auspices of the Association.

Mary Ellen Wiley, Wingate, worked three months in the Union Association with the Sunday School Board coöperating.

These workers rendered one hundred five and one-half months, service, or the equivalent of nearly nine (9) years. The service rendered by these sacrificial and faithful workers cannot be correctly tabulated. They have done much to build up and strengthen the cause in the Associations where they worked. The vision, encouragement, inspiration, and help they have given to the churches visited, and the lives they have touched cannot be put in figures.

#### TEACHER TRAINING

The work of training Sunday School Teachers goes forward magnificently. From November 1, 1926, to November 1, 1927, North Carolina has received 10,738 Normal Awards. The number of Administration Awards received during the past year is 1,291. This is an increase of 450 per cent over last year. This work is being done more and more every year by pastors and Sunday School workers in the local churches. This is as it should be, and is an encouraging aspect of our Sunday School work. Teacher Training is our greatest need, and our hardest task. We must realize that when teachers are trained and efficient, our Sunday Schools will more nearly approach the goal set for them in the aims and purposes set forth in Sunday School organization and work.

#### STANDARD SUNDAY SCHOOLS

There are 118 Standard Sunday Schools, which is an increase of 4 over last year. There is one Advanced Standard School, viz.: Double Springs, Shelby.

#### ENLARGEMENT CAMPAIGNS

For years we have been seeking the best method of enlarging our Sunday Schools on a big scale. This method has been found in the modern type of Sunday School Enlargement Campaign. In a single church, a group of churches, or even in a whole Association

the plan can be used. The method is to put on simultaneous schools in all the churches in a group or Association. This means there will be a highly trained teacher for each church. "Building a Standard Sunday School" by Flake, is the book used. A Sunday School specialist directs the Campaign. The following is the usual program of work observed in an Enlargement Campaign:

- (1) Select needed workers.
- (2) Find complete possibilities.
- (3) Stress Church loyalty.
- (4) Adjust equipment where needed.
- (5) Grade and tabulate and thus make information available for use.
- (6) Build an adequate organization.
- (7) Get all prospects and absentees visited.
- (8) Take every worker and everybody else possible through a course in training.
- (9) Teach and install the Six Point Record System.
- (10) Plan for stated Visitation Day.
- (11) Grade and classify membership, and install an enlarged organization.
- (12) Present, explain, and install a Weekly Teachers' Meeting, and Monthly Officers' Council.
- (13) Present and explain the Standard of Excellence, check up, and plan to reach it.
- (14) Plan for at least two weeks of definite study every year for Sunday School Officers and Teachers.
- (15) Present sensible plans for building and maintaining a great Sunday School Organization.

Such a Campaign has been conducted in various individual churches, and in groups of churches in the Avery, Carolina, Eastern, Pilot Mountain, South Fork, and Rowan Associations.

What can be accomplished through this type of Campaign was demonstrated in the Flat River Association, where thirty-one (31) churches coöperated in such a movement. The Campaign began on Saturday afternoon and continued through the following Sunday when schools in all the churches were graded, enlarged, and the new organization started functioning. We heartily recommended and urged Associations, where it is possible, to adopt this plan of Sunday School Enlargement and Teacher Training.

The following statement gives a clear idea of the value of this plan of work.

## DAILY VACATION BIBLE SCHOOL

This is a growing phase of our work. There is urgent need for an enlarged program here. Much has been done largely under the direction of the Elementary Department of our Sunday School work this year. Forty-three Vacation Bible Schools were held with an enrollment of 4,952 pupils. This phase of our work is most heartily recommended to our people as a means of utilizing in Bible study what otherwise would be time leisurely spent during the summer vacation period by thousands of our boys and girls. The D. V. B. S. gives additional hours of Bible instruction according to the length of time the school is run. The usual length of the school is from two to four weeks.

## GENERAL STATUS OF THE WORK

Our Sunday School work is growing by leaps and bounds. It is in popular favor with our people. We are realizing more and more the deep significance of Bible instruction. In our schools and colleges the work of Teacher Training goes on in a magnificent manner. As usual, we are able to report a substantial gain in membership. The spirit of coöperation between the field forces of this department and pastors and churches everywhere is wholesome and beautiful. Throughout the years Secretary E. L. Middleton has striven diligently to build up the Sunday School work. There are yet thousands of unreached people in North Carolina. We

must not falter in this great task of bringing the lost and indifferent under the power and influence of the word of God. The Sunday School is the finest agency for doing this work.

### 3. BAPTIST YOUNG PEOPLE'S UNION

The B. Y. P. U. work in North Carolina has had a marvelous and phenomenal growth. Starting out with a small beginning sixteen years ago, it has grown to be one of the biggest organizations of North Carolina Baptists. Secretary Perry Morgan deserves the everlasting gratitude of our people for the fine and wholesome way in which he is leading our Baptist young people. He has built up an organization that is the pride of all who know about it, and the outlook for young people's work in North Carolina is exceedingly bright. During the year we have added two field workers, one for east and one for the west. Misses Marguerite Harrison and Mary Frances Biggers, graduates of Meredith College class of 1927, began work with us the first of July. The former is located at Goldsboro and the latter at Salisbury. On every hand we have evidences of the fine work that they are doing. Miss Winnie Rickett continues as the Junior-Intermediate Secretary, and has completely captured the hearts of North Carolina Baptist young people. Below we give the B. Y. P. U. work in greater detail:

#### BAPTIST YOUNG PEOPLE'S UNION

PERRY MORGAN, *Secretary*

This is the eighth time your secretary has brought his annual report to the Convention. As the years come and go this field of work enlarges. It is our conviction that there is no more fruitful field in which North Carolina Baptists can work than in the field of B. Y. P. U. In it there is great potential power, spiritual and material. This is the garden of the denomination.

*The Workers*—The personnel of the field force is larger by two than last year. There are now four general field workers, namely: Perry Morgan, general secretary; Winnie Rickett, secretary of Junior and Intermediate work; Marguerite Harrison of Goldsboro, field worker for the east; and Mary Frances Biggers of Salisbury, field worker for the west. Miss Harrison and Miss Biggers graduated from Meredith College, class of 1927, and entered upon their duties July 1. Alma Massey continues as office secretary.

*Associational Work*—There have been eleven special associational<sup>1</sup> workers doing both Sunday School and B. Y. P. U. work during the year, namely: B. S. Beach, Roy D. Clarke, Lucy Bennett, M. I

Jones, K. L. Lineberger, Lillian Mabry, A. V. Washburn, A. R. Waters, W. C. Lynch, R. F. Marshburn, and Mary Ellen Wiley. They did both Sunday School and B. Y. P. U. work. A more detailed account of their activities is given in the report on Sunday Schools.

*Status*—The general status of the work of the Baptist Young People's Union in North Carolina may be summed up in the following items:

|                                                         |       |
|---------------------------------------------------------|-------|
| Number Senior Unions.....                               | 1,282 |
| Number Intermediate Unions.....                         | 399   |
| Number of Junior Unions.....                            | 535   |
| Total number of Unions.....                             | 2,216 |
| Number of General Organizations.....                    | 133   |
| Number of Standard Unions.....                          | 154   |
| Number of Unions in Colleges and Schools.....           | 63    |
| Number Associations Organized.....                      | 44    |
| Increase in number of B. Y. P. U.'s over last year..... | 337   |

*Student Religious Activities*—The B. Y. P. U. Secretary has served the Convention as chairman of the committee on Student Religious Activities during the year. The workers in the B. Y. P. U. Department gave about two months time to work with students in our schools and colleges. We coöperated with the Inter-Board Commission of the Southern Baptist Convention in putting on a State-wide Baptist Student Conference at Pullen Memorial Baptist Church, Raleigh, October 28, 29 and 30. This Conference was attended by about 350 Baptist students from State, denominational and private schools. "Christ Adequate" was the Conference keynote.

*Conventions*—Five Regional B. Y. P. U. Conventions were held at Greenville, Clinton, Henderson, North Wilkesboro and Canton. These were attended by about 2,500 messengers. The State B. Y. P. U. Convention was held at Meredith College and was attended by approximately 2,000 messengers. The next session will be held June 19, 20 and 21 at the same place.

*Educational Work*—The work done in informing, educating and enlightening our young people in church organization, Baptist history, stewardship, missions and Bible doctrine through study course work done during the year, and enlisting them in evangelistic effort and the practice of New Testament stewardship has been most encouraging and enheartening. For completion of books studied we have issued 16,832 awards. This is 2,827 more than the number issued last year.

*Our Task*—The number of churches without B. Y. P. U.'s is growing less year by year. To the task of reaching our churches with the

B. Y. P. U. and organizing, inspiring, enlisting and helping our young people in coming to a greater knowledge of the Saviour this department has dedicated itself. The policies of the B. Y. P. U. are the same as those of the Baptist State Convention. Its work is to strengthen the work of the convention by tapping new resources, opening up fountains of spiritual and material power and setting up power plants to generate light to brighten the pathway of the great host of young people in our churches as they strive to walk with the Master and make their contribution to the work of His kingdom.

#### 4. STUDENT ACTIVITIES

During this Conventional Year we have had Student Secretaries at the State College, Raleigh, University at Chapel Hill, and N. C. C. W., Greensboro. We are greatly pleased with the achievements of our Student workers and we recommend that this Department of the work be continued. As soon as possible we ought to have a Student Worker who would give attention to our other State Schools of North Carolina.

R. T. VANN, *Secretary*

### 1. REPORT OF THE OLD MINISTERS' RELIEF AND ANNUITY BOARD

On the death last summer of the beloved William Lunsford, the original promoter and first Corresponding Secretary of this Board, Thomas J. Watts, a native of Raleigh, was elected to succeed him.

Since its creation some eight years ago, this Board has had the general supervision of the work for the relief of our aged and disabled ministers and their families in all the Southern states save Missouri. Within that period, it has distributed for this purpose around a million dollars. During the past S. B. Conventional year, ending April 30, it received in regular contributions from all the States \$95,858.72 and allocated for relief \$133,591.12, aiding 552 ministers, 442 widows, and 150 orphans throughout the South. It received from North Carolina that year \$9,636.51, and distributed in our State during the same period \$17,012.33.

Our list of beneficiaries in this State at the beginning of this year included sixty-seven men and fifty-eight women. During the year we have added nine men and three women. But seven men and one woman have been dropped, and three men and one woman have died—Brethren James Plemmons, J. H. Vipperman, and D. T. Bunn and Sister Rebekah Briggs. We are now carrying sixty-six men and fifty-nine women. The beneficiaries received from the Board during the year an average of \$118 per man and \$117 per woman. Twenty-four of the men and twenty-seven of the women have outside incomes, averaging \$145 for the men and \$185 for the women. The others must live as best they can on the pittance received from the Board. Forty-eight of the old ministers have living wives and a few of them have other dependents. Only thirty-two of the men and twenty-six of the women own their home. The homes of the men have an average value of \$780 each and those of the women \$850. Fifteen of the men with living wives have no homes.

The funds for this relief work are derived from the regular contributions of our churches through the Coöperative Program, and the interest on a Reserve Fund held by the Board. This Fund

amounts now to a little over \$500,000 and produces annually about \$30,000 for relief. It should be observed that none of the expenses for administration come out of the contributions from the churches, but are paid from the funds provided by Mr. Rockefeller and the Sunday School Board.

#### SOME UNPLEASANT FACTS

(1) As you will have observed, while ours is one of the strongest Baptist states in the South, we have thrown practically half the burden of supporting our old ministers and their widows on our sister states, since we have received from the General Board just about twice the amount we gave that Board.

(2) In this respect, we are making a poorer showing than any other state save Arkansas, Illinois, Oklahoma and New Mexico.

(3) Because of the reduction in its receipts and the increased demand for aid, to relieve the strain on its Reserve Fund the Board was compelled to reduce its allocations for the past year, already so meagre, by about 16 per cent, instead of increasing them as it had hoped to do.

(4) Because of the pressure on the Board, it has been compelled to deny appeals of half-a-dozen or more applicants—all worthy men, as far as we can learn, and some very needy.

#### THE ANNUITY PLAN

Attention should be called especially to this feature of the Board's work. As is known to most of you, it is an arrangement for providing a cheap and safe insurance for our ministers under sixty years of age. Under the proposed plan, on arriving at that age or whenever they become totally disabled, the participants in the Annuity Fund receive \$500 a year for life and their widows receive \$300. This insurance feature is based on the estimate of expert actuaries as is that of regular old line insurance companies, and it is offered at actual cost. Of this cost, the participant pays only one-fifth, the denomination paying four-fifths; and he receives the equivalent of the income from an insurance policy of about \$8,000 at one-fifth the cost. Nearly 1,300 men and women now hold the certificates of this Fund. Within the brief period of its operation, twelve disabled ministers, twenty who have passed the age limit, twenty-five widows and two sets of orphans, fifty-nine in all, are already receiving annuities.

#### A FEW SUGGESTIONS

1. The Board feels all too keenly the utter inadequacy of its present income. It should have the means for increasing materially

its allocations and for adding to its list of beneficiaries many worthy and needy ministers, their widows and their minor orphans. It is supposed to get  $4\frac{1}{2}$  per cent of all receipts from the Coöperative Program, and under existing conditions it could hardly ask for a larger percentage. But without disarranging the present plan, we could aid the Board by allowing our contributions to be distributed according to the present coöperative arrangement and without designating to special objects; for because of such designations, the Board is not getting the  $4\frac{1}{2}$  per cent allotted to it. Whenever any single object is favored, some or all of the other objects must suffer to that extent. Enlarging this fund would not only increase the allocations, but would tend to stabilize them, so that the beneficiaries might know before hand about what to depend on, as they cannot know now.

(2) When asked by the Secretary for information concerning applicants for aid, write him frankly and freely. The Denomination furnishes the money for such aid, and it is entitled to know whether the recipients are needy and worthy.

(3) Friends or churches desiring to express appreciation of their pastors could hardly do this more pleasantly and helpfully than by presenting them with Certificates of the Annuity Fund, which would amount to a present of a life insurance policy.

## 2. ORPHANAGE REPORT

M. L. KESLER, *General Manager*

Since J. H. Mills received the first child at Thomasville, a line of march extending over forty-two years, and nearly three thousand children long, has passed in review. Many of these have passed into the silent land, but the great majority of them are still out in the midst of life. Many columns of estimates are suggested as they pass. The number of lives touched in the broken homes from which they came, and the larger number circling about the new homes they have builded for themselves, the still larger community contacts, and the infinite variety of tasks to which they have placed their hands, for all these there are no figures. And if we had the figures the dollar mark cannot be used in making up the sum. To the astronomer the light year is the unit in a great measurement of space; in the matter before us an immortal life is the infinite unit of value.

During these years not less than 20,000 children have knocked for admittance, but for the lack of room and means this door was never opened. This is mentioned in order to suggest the vast scope that a report to this Convention might take.

The history of the Orphanage extends over less than one-half the life of the Convention. Such a movement was possible only after a long period of organized development. We are far from being a finished product. The work has not trailed along beaten paths. Child welfare is much more than doling out charity to needy children. It must be constructive in its nature; concerned more about building a life than the mere feeding and clothing a child. The task is not at all comprehended until the home from which the child applies is included in our study and adjustment, saving it from being broken up and restoring those already broken.

That many children should be cared for with their own mothers is a contention of the present management too well known for extended remarks. Certainly we have a large task here until the state makes a decent and adequate appropriation to Mothers' Aid. And even then, it is doubtful if we should retire from that field.

We must report that our Board has felt compelled to cut down on Mothers' Aid work in order to cut down our debt, and that in the face of a number of most needy applications for mothers whose little homes ought to be saved.

It has been believed and so declared—and that not long ago—that if well-to-do individuals would build the cottages, the people would support the children. The present situation thrusts an ugly question mark into that proposition. During the last year we have added a new cottage which runs our number up beyond the six hundred mark, nearly one thousand, counting those aided with their own mothers. To the cries for aid from the latter, we reply, "we can do nothing more until the Baptists of North Carolina furnish the means." We are now about seventy thousand dollars behind.

Our hope is that the Thanksgiving offering which is just ahead will bring relief. This is in danger of being lost in the midst of the Centennial Campaign. Our hope for the thank offering is that our pastors and Sunday school superintendents will all heartily press the offering in every church and Sunday school.

And after Thanksgiving, what? We cannot afford to get in the way of the great Campaign. As never before we must depend on the once a month collections in the Sunday schools. If the two-thirds, or more, that do not take the collections, can be enlisted, the problem is solved, so easily solved. It might be handled by sending the children away, back to their homes. But they have no homes! Not a man has the coldblooded hardihood to make such a suggestion.

We are happy to report that the work at Thomasville and the Kennedy Home has never been more hopeful. The general health of the children is good, most of them are doing beautifully in the cottages, in the school and at work. Our force of noble men and women, in their loyalty to the high task before them cannot be surpassed anywhere. Our school is taking a high stand. We have representatives in nearly all the junior and standard colleges in the state. The religious life and Christian training are not neglected, and the liberality of the Orphanage church is an inspiration and a joy.

### 3. REPORT ON HOSPITALS

G. T. LUMPKIN, *Superintendent*

With profound gratitude to God for His blessings, the North Carolina Baptist Hospital presents its fifth annual report to this Convention. Surely we can say as the prophet of old, "Thus far the Lord has led us."

There have been 7,900 patients during these four years and five months, and about 1,500 of these have been charity patients. These unfortunate sick brothers and sisters, God's own children, have come from every quarter of the state, without money or price and we have done our best for them. Forty-five counties have been represented by these free cases.

This year 2,150 patients have been admitted and of these only 26 have died, just a little over twelve to the thousand. When compared with other first class hospitals this record demonstrates the splendid service we have rendered and above all declares the value of the presence of the Great Physician in the care of the sick and the worth of the Christian Hospital in the ministry of healing.

#### FINANCIAL

The Baptist Hospital is located on ten acres of land in the corporate limits of Winston-Salem, and on one of the most beautiful spots in the state. There are two buildings, the Hospital plant and the Nurses Home. The property is worth \$375,000. There is a bonded indebtedness on the plant of \$125,000, which is being retired annually. The four per cent from the budget goes to retire these bonds and pay the interest on the indebtedness. The amount we receive just about takes care of this.

The Nurses Home will be completed about December 15. The cost of this building will be around \$43,000. We will owe \$15,000 on this building, but we have arranged to carry this amount and

to take care of it out of the money we are paying for rent and the extra income from the rooms which will be released when the girls are transferred to the home. It is not our purpose to call on the denomination for any of the cost of this additional equipment.

#### CHARITY WORK

The charity work of the Hospital has grown very rapidly. Last year we cared for about 500 free patients and this year it looks as if the number will reach 600. Last year the cost of this work was \$27,250. This year it will reach \$30,000. The resources for this work are as follows: Mother's Day offerings, gifts from the Duke Endowment Fund, and the amount we can spare from the cash receipts from pay patients.

Thus far for 1927 we have received about \$15,000 from Mother's Day offering. We will get about \$7,500 from the Duke Endowment. The other \$7,500 we must take out of our cash receipts, if we meet the expenses of the year. You can readily see that if we do the charity work recommended by our pastors and churches, we must have a larger response from the churches to take care of this need.

One of two things ought to be emphasized about this work.

(1) The only money the denomination puts into charity is the money received from the Mother's Day offering. If a church fails to give for this cause on that day or some other Sunday, it has no part in the care of the poor unfortunate sick who need the care and help of his brother Baptists.

(2) This method of caring for the charity work was decided upon by the Convention, and all money given for this purpose goes to the credit of the church in the Coöperative Program, because this is a part of the coöperative program.

(3) If we cut out the Mother's Day offering from our program, and do not substitute some other special method of raising funds for charity, we lose all the blessings of doing this wonderful work, and also lose all the contributions from the Duke Endowment Fund. Because they require us to report definitely the amount given for charity work by the denomination, and they give only in proportion to our gifts for that purpose. In fact they demand that we shall promise that their offerings will become a stimulus to greater giving for the help of the poor sick. So if we raise \$20,000 for charity work on Mother's Day we will get \$10,000 from that fund. If we give nothing we will get nothing.

(4) This Hospital does not ask for this Mother's Day offering to support the operating expenses or to supplement them in any

way. We raise enough money each year to pay all of our running expenses and put into charity around \$6,000 a year. We make this plea for the sake of the sick Baptists who need our help in the extreme moment of life, and all we get plus all we can use out of our cash receipts go into this. It is not a question of supporting the hospital, but of caring for our own Baptist who are sick and poor and need our help.

#### THE NURSES HOME

The new Nurses Home is a three story brick, steel reinforced building with basement. It will accommodate 44 nurses and a matron. It has in the basement provisions for our cooks and waiters, store rooms, linen rooms and other needed facilities. The first floor provides reception rooms, class rooms, and the entire building provides all necessary conveniences for a first class home, including equipment for the social and religious life of the nurses. It is a splendid building and will be a great addition to the accommodation and efficiency of the institution, besides releasing 21 beds for patients which are now being used for sleeping quarters for the girls.

We would urge that our people will give the more earnest heed to the appeal of our suffering brother and provide hospital accommodations for those who need it. In order to do this we must enlarge our offerings on Mother's Day. We plead with these churches who have not taken part in this to lend a helping hand next year. This one day is the only time we have for answering the call of the poor sick. Our response is the measure of our interest in and love for those in their pitiful need. It is the expression of our loyalty to Him who said "Heal the sick." For His sake and for their sakes let us make the offering \$20,000 on next Mother's Day, and a thousand of our needy brothers and sisters will find a helping hand in your Hospital. Pray for us, send us your pay patients, bring us your charity patients, and with the help of the Great Physician we will send them back rejoicing in the blessings of renewed health.

# Report of the North Carolina Baptist Foundation

For the Fiscal Year Ending October 31, 1927

GILBERT T. STEPHENSON, *Secretary*

At the close of business October 31, 1927, the North Carolina Baptist Foundation was administering twelve trusts of the aggregate value of \$81,302.89, which represents an increase of \$3,332.84 during the year.

During the year it has closed one trust under which it has delivered \$7,685.71 to the Thomasville Baptist Orphanage.

The present active trusts are as follows:

1. Two vacant lots in Sunset Park, Wilmington, North Carolina, valued at \$900, the gift of Brother W. L. Carter of Greensboro—object undesignated.

2. A fund of \$38,919.36 now being held as an endowment for aged ministers of North Carolina. Upon instruction from the General Board of the Baptist State Convention, the Foundation has during the year paid \$2,207.01 of income to the General Board.

3. A fund of \$1,000 also for the benefit of aged ministers, the income of which, however, was payable to Mrs. W. O. Allen during her lifetime. Upon the death of Mrs. Allen in June, 1927, the income thereupon became available for the relief of aged ministers; and we now have \$45.12 of accumulated income in this trust.

4. A fund of \$5,000 from the Noah Biggs estate as an endowment for Mission Work in the Roanoke Association. Income to the amount of \$284.92 has been paid to the General Board of the Convention.

5. A fund of \$5,000, also from the Biggs estate, as an endowment for the building of churches in the Roanoke Association. Income to the amount of \$284.92 has been paid during the year to the General Board.

6. A fund of \$2,500, also from the Biggs estate, as an endowment for the relief of aged ministers. Income to the amount of \$157.06 has during the year been paid to the General Board.

7. A fund of \$2,500, also from the Biggs estate, as an endowment for ministerial education, income from which to the amount of \$154.76 has during the year been paid to the General Board.

8. A house and lot in Newland, Avery County, North Carolina, valued at \$10,000 for State Missions, subject to an annuity of \$120, payable in monthly installments of \$10, during the life of Brother D. P. Bridges.

9. A fund of \$655, name of donor withheld at his request, which is being increased at the rate of \$200 a year, and which is held in perpetual trust as a memorial, the income to be paid annually to the Thomasville Baptist Orphanage; and has during the year accumulated income of \$27.11 and has \$55.97 of accumulated income to be distributed at the end of the fiscal year.

10. Two lots in Sunset Park, Wilmington, the gift of Brother W. L. Carter, to be sold as soon as practicable and the proceeds held for the Thomasville Baptist Orphanage.

11. Two lots in Sunset Park, Wilmington, the gift of Brother W. L. Carter, to be sold as soon as practicable and the proceeds held for the Baptist Hospital, Winston-Salem, N. C.

12. A remainder interest in the Hurdle Farm in Edgecombe County, North Carolina, subject to the life estate of Brother E. J. Hurdle, the value of which remainder interest is carried on the books of the Foundation at \$10,852.40.

A summary of the twelve trusts shows that during the year the Foundation has distributed \$3,409.38 income and now has \$202.91 income on hand for distribution.

At the close of the last fiscal year the Foundation reported that it had received notice of the execution of 39 wills and 4 trust agreements containing gifts of the estimated value of \$795,000. During the last fiscal year it has received notice of the execution of another will covering an estate of the estimated value of \$40,000 for Thomasville Baptist Orphanage, making a total of \$835,000 of gifts in prospect and \$81,302.89 in hand.

The North Carolina Baptist Foundation has now been functioning seven years, during which it has distributed \$10,365 of principal and \$15,409.51 of income among our Baptist objects, institutions, and agencies and has \$202.91 of income still to be distributed, making a grand total of \$25,977.42 distributed.

The Foundation has now reached the point where the denomination as a whole should make a more systematic use of it than it has done up to this point. Gifts by will and trust constitute by far the greatest unworked field among our Baptist people for the adequate financing of our Baptist enterprises. The same man who will give \$1,000 during his lifetime for a denominational object will give \$10,000 or \$100,000 or even more in his will for the same object if the matter is called to his attention at the time he is

considering making his will. While we shall have to depend upon gifts of our people during their lifetime to meet the running expenses of our denomination, we shall have largely to look to gifts from our people in their wills for the adequate endowment and permanent improvements of our institutions.

In going out throughout the State seeking gifts by will and trust to the denominational objects, the representatives of our Baptist institutions should not be rivals of one another. Our coöperative program should apply here as it does as to current expenses. Besides, not every one of the representatives of our Baptist objects, institutions and agencies can be expected to know enough about the technique of gifts by will and trust to Baptist causes to answer the reasonable inquiries of men and women who would be interested in leaving gifts by will or trust to Baptist objects, institutions and agencies.

A significant step towards completely adopting the Baptist Foundation into the family of the Baptist State Convention was made at the Wilmington Convention when it was provided that the chairman of the Board of Directors of the Foundation should become *ex officio* member of the General Board of the Convention.

It is suggested that the secretary of the Foundation should be the recognized representative of the General Board of the Baptist State Convention in securing gifts by will and trust for our Baptist causes, making use of the Foundation in cases where that is advisable and taking the gifts direct to the object, institution, or agency in case the later course is advisable.

A secretary of the Foundation working in close harmony with the representatives and secretaries or other executive heads of our Baptist objects, institutions and agencies, would, in the course of a comparatively few years, make a very large contribution to the permanent and business-like financing of our denomination.

All of which is respectfully submitted to the General Board of the Baptist State Convention for its consideration.

### NOTES AND EXPLANATIONS

On account of the continued illness of E. L. Middleton, who has for many years prepared the statistics of the Convention, his stenographer, Miss Bessie Morgan, and Perry Morgan, who has directed Brother Middleton's Department for several months, have compiled the statistics that follow very largely.

At the fall meeting of the General Board, December 15, the work of compiling the statistics of the Convention in the future was assigned to the Recording Secretary of the Convention.

These tables of statistics have been made possible through the kind coöperation of the clerks of the Associations, for which we are grateful.

Names of churches having preaching every Sunday are printed in SMALL CAPS; those having preaching two or three Sundays are in *italics*. If there are errors, it is due to information being withheld by clerks.

Churches or single items marked thus (\*) have the latest available data, in most cases for 1926.

## STATISTICAL SUMMARY

For the first time in many years, if ever before, we have been able to secure statistical reports from every one of the 64 Associations in the State, for which we are profoundly grateful to the Associational clerks and others who made this possible. In some cases the Associational clerks could not furnish us with complete and up-to-date information about the churches for the reason that the church clerk did not furnish him with the information in the church letter sent to the Association.

You can readily see the importance of keeping a faithful record of all that your church does during the year and of passing this information on to your Association from whose reports we make up the records of the Baptist State Convention and pass them on to the statistical secretary of the Southern Baptist Convention and they become a part of the records of the Baptists of the world. The value of these reports is determined by their accuracy. Unless they are accurate when they reach us, we cannot make them so.

Of course the figures included in our statistical tables represent what each association did during its fiscal year, whereas the Baptist State Convention follows the calendar year in making up its financial reports. That accounts in part for the discrepancy between the financial tables in this Annual and Treasurer Durham's report found in another place in this Annual.

### GROWTH IN CHURCHES AND MEMBERSHIP

The growth this year does not seem quite so marked as in former years. In fact, the percentage of increase has been falling off for two years. While we now have 2,368 churches, a gain of 43 over last year, yet there was a net increase in membership of only 7,485, our total membership now being 383,242.

### BAPTISMS

While we received during the past year 18,449 by baptism, quite a goodly number to be sure, yet this is 1,082 less than we had in 1926, which was 1,777 less than in 1925. We need to sound the note of evangelism more strongly and more fervently.

Think of 634 churches in the State that did not have a single baptism in them during the entire year. We can save ourselves only by saving others. Hence a church that is not definitely in the business of winning the lost to the Saviour and leading them to do all that He has commanded is doomed.

## FINANCES

In the matter of finances we have scarcely held our own, except for local expenses. For the Coöperative Program we gave, \$431,939.-31; for Missions (State, Home and Foreign), Designated, \$75,298.54; for Benevolence (including Orphanage, Hospital, Ministers' Relief), \$181,256.23; for Christian Education, \$20,525; total Denominational Contributions, \$713,655.79; total local church expenses, \$3,201,427.21; grand total denominational and local church expenses, \$4,091,592.12, which is \$24,184.76 more than was contributed last year.

## PER CAPITA CONTRIBUTIONS

The average per capita contribution for the entire Convention was \$1.89 for denominational objects and \$10.85 for denominational and local expenses combined, the latter being three cents in excess of last year, while the per capita for denominational objects alone was six cents less. The Association leading in per capita gifts for every thing was the Buncombe with \$41.26, with the Pilot Mountain second, with \$21.81. For denominational objects, the Piedmont lead in per capita gifts with \$4.67, and the Pilot Mountain came second with \$3.45.

## ASSOCIATIONS LEADING

### SUNDAY SCHOOLS

There are now 2,258 Sunday Schools in the Convention, an increase of 15 over last year. The Sunday School membership is now 334,233, an increase over last year of 10,456. In the following Associations the Sunday School membership is larger than the church membership: Alexander, Alleghany, Ashe, Avery, (exactly same), Brunswick, Catawba River, Gaston County, Liberty, Piedmont, Pilot Mountain, Raleigh, Roanoke, South Fork, South Yadkin. For every 100 church members there are 88.6 in Sunday School, an increase of 2.4 per cent over last year.

In the number of Teacher Training awards given, the past year has been the best in the history of the Sunday School work in this State—11,929.

### BAPTIST YOUNG PEOPLE'S UNION

There are now 2,216 B. Y. P. U.'s in the State with an approximate membership of 63,919, an increase of 299 Unions during the past year. In the matter of study course awards the past year has been a record-breaker, 16,832 having been given, over against 14,005 for the year previous, an increase of 2,827. Brother James A. Ivey has been made B. Y. P. U. Secretary for this year. Associated with him in the general work will be Miss Winnie Rickett, Junior, Intermediate Secretary, Misses Marguerite Harrison and Mary Frances Biggers, Field Workers for the East and West.

### WOMAN'S MISSIONARY UNION

The W. M. U. report shows 485 new societies organized in 1926, an increase of 79 over the previous year, 353 of these being among our young people. The number of active societies, 2,413, at the close

of the year shows a net loss of fifty, because no dead mailing list is kept and a society not reporting for a year is dropped. There were 453 Standard societies; Roanoke Association leading again in this number. Contributions amounted to \$265,042.53. Winston-Salem, First Church led in gifts with \$7,358.17. The Association leading in gifts was Piedmont, with \$24,320.29 first, Roanoke with \$18,959.30, second. Tar River Association, Miss Lillie Harper, Superintendent, won the W. M. U. and Young People's banner for the best all-round year's work. Intensive field work was done by Mesdames K. D. Stukenbrok, J. S. Connell, John O. Gough, Misses Gertrude Mattison, Della Huggins, Valeria Belle Nichols, Lillie Harper, and Mary Cliatt, in twenty-one Associations. Forty-five Associational meetings were attended by State officers. Mission Study classes reported 1,286; number of tithers 3,519; subscriptions to missionary magazines, 8,002; to Biblical Recorder, 5,952; miles traveled by Superintendents, 21,044; by State Officers, 26,133. A new venture was the G. A. and R. A. Associational Camps, five very successful ones being held. In the tithing story contest sponsored by the W. M. U., Bess Thomas, of Meredith College, won the award offered both by the State and by the Southern W. M. U.

#### EDUCATIONAL INSTITUTIONS—STATE AND SOUTHWIDE

The three colleges, three junior colleges and the one high school owned by the Convention enrolled during 1926-27 and the summer of 1927, 3,472. Adding the Orphanage enrollment, the number is 3,965. These are divided as follows: College Students, 1,947; High School, 783; Elementary Schools, 381; Summer Schools, Wake Forest, Mars Hill, Wingate, Campbell, 854. In these schools were enrolled 230 ministerial students and 45 student volunteers. These institutions are valued at \$6,484,635.68, of which amount \$3,792,873.23 is invested in plants and equipment and \$2,691,762.45 is in endowment (par value). The value of endowment should at least equal the amount invested in plants and this should be the goal at least by 1940.

The four Southwide Institutions in which North Carolina Baptist have a part are valued at \$5,516,302.00, with an endowment of \$2,321,267.00. In these Institutions 60 young men and women from North Carolina are enrolled.

## AUDITOR'S REPORT

Dr. Charles E. Maddry, Corresponding Secretary N. C. Baptist State Convention,

Raleigh, N. C.

Dear Sir:

We submit herewith a summary of our detailed report on the Audit of the North Carolina Baptist State Convention, Raleigh, N. C., for the twelve months ended December 31, 1927.

Our detailed report will be submitted to you as soon as we have been able to hear from all the verifications mailed out and if any differences appear they will then be covered in our report.

## SCOPE OF EXAMINATION

Our examination has been in detail and consisted of a verification of all cash disbursements as supported by vouchers issued in the regular course of business. We reconciled the vouchers issued during the year with those paid by the Treasurer and we also reconciled the checks issued by him in payment of vouchers, with the charges to his account by the bank. We also traced all Cash Receipts into the banks and made tests of the receipts by reference to the original letters sending money to the Treasurer. We did not check all the letters for the reason that it would have taken quite a while to do it and we did not think it necessary in view of the fact that the Cash Receipts are published in detail every three months. At the close of our Audit all paid vouchers were turned over to Miss Ivey, the bookkeeper, and the Treasurer has no vouchers in his possession except those paid by him in 1928.

We found the books in good shape and well and accurately kept. No irregularities were disclosed during the course of our audit.

## SUMMARY OF FUNDS BALANCES

In the several Exhibits in our report the Cash Receipts and Disbursements are set out in detail. The following is a summary of the Cash Balances in each of the Funds at December 31, 1927:

| Totals .....                                | \$86,858.53 | \$86,858.53 |

We examined the method of distributing the General Fund for the Year and find that it was distributed as follows:

|                            |       |
|----------------------------|-------|
| State Missions .....       | 20 %  |
| Foreign Missions .....     | 25 %  |
| Home Missions .....        | 11¼ % |
| Ministers' Relief .....    | 4½ %  |
| Hospital—N. C. ....        | 4 %   |
| New Orleans Hospital ..... | 1 %   |
| N. C. Education .....      | 26 %  |
| Southern Education .....   | 8¼ %  |
| <hr/>                      |       |
| Total .....                | 100 % |

We also inquired into the Bonds of the Bookkeeper and Treasurer and found them bonded for \$10,000.00 and \$30,000.00 respectively.

Our examination was confined strictly to Cash Transactions. We have not attempted to prepare a Balance Sheet of the Assets and Liabilities.

The Total Receipts for the year were as follows:

|                                                |              |
|------------------------------------------------|--------------|
| Funds Paid by Churches to the Convention ..... | \$494,450.30 |
| Funds Remitted Direct .....                    | 9,702.58     |
| Refunds from Centennial Campaign .....         | 17,474.44    |
| Special Funds .....                            | 19,332.81    |
| <hr/>                                          |              |
| Total .....                                    | \$540,960.13 |

To compare the total with last year we should eliminate the Refunds from the Centennial Campaign. This would leave a balance of \$523,485.69 as compared with \$551,409.05 in 1926.

Respectfully submitted,

A. T. ALLEN & COMPANY.

## LIST OF PASTORS

We must rely very largely for this list upon the Associational clerks. They, in turn, must reply upon the church clerks to furnish them accurate information about the ministers in their churches, whether pastors or not, and their correct address.

Quite a number of new names have been added this year, and quite a number have been dropped. We followed religiously the lists sent us by the Associational clerks, except where we had personal knowledge to the contrary.

We shall be glad to make any corrections that ought to be made. If you should change your permanent address, notify us promptly and we shall be glad to make the correction on our mailing list and furnish the same to Dr. E. P. Aldredge, Nashville, Tenn., Statistical Secretary of the Southern Baptist Convention.

WALTER M. GILMORE, *Secretary*.

He shall open and close the Convention by prayer to God, or call on some brother to perform this service. He shall appoint Committees, with the sanction of the Convention. He may speak in debate upon important questions, but not until he has given other members a fair opportunity to give their views, and appointed some other member to fill the Chair.

2. The names of the Delegates shall be called each day, previous to proceeding to business.

3. Invitations shall be extended to Ministering brethren present to a seat in the Convention.

4. The Officers shall be chosen by ballot, but not necessarily from among the members.

When any member is about to speak in debate, or deliver any matter to the Convention, he shall rise from his seat, and respectfully address himself to the President, and shall confine himself to the question under debate, and avoid personalities. No member shall speak more than twice to the same question, without leave; nor more than once until every member choosing to speak shall have spoken.

6. Whilst the President is putting any question, or addressing the Convention, none shall walk out of, or across the house; nor when a member is speaking, shall entertain private discourse; nor whilst a member is speaking, shall pass between him and the Chair.

7. When a motion is made and seconded, it shall be stated by the President, or, being in writing, it shall be handed to the Chair, and read aloud by the Secretary before debated.

8. After a motion is stated by the President or read by the Secretary, it shall be deemed to be in the possession of the Convention, but may be withdrawn at any time by the mover, before a decision or amendment.

9. When a question is under debate, no motion shall be received but to adjourn, to lie on the table, to amend, or to postpone indefi-

nitely; which several motions shall have precedence in the order in which they are arranged. But no motion or proposition on a subject different from that under consideration, shall be admitted under colour of amendment.

10. When a motion has been once made, and carried in the affirmative or negative, it shall be in order for any member who voted in the majority to move for reconsideration thereof on the same day.

11. When the reading of a paper is called for, and is objected to by any member, it shall be determined by a vote of the Convention.

#### (B) REPORT OF THE BOARD.

During the meeting of the last Convention, it was unanimously resolved, that the interests of our denomination required a Literary Institution, on the manual labour system, and a committee was created, whose duty was to procure a farm adapted to the above object.

At a meeting of the Board, held in Raleigh, September 25th, 1832, a report from the Committee was received. The Committee had purchased a farm of Dr. C. Jones, 16 miles North of Raleigh, containing 615 acres, and having buildings sufficient to contain 50 students, for which they gave \$2000.

For the payment of this farm, \$1535 was pledged. In addition to this, a note of \$500, in the hands of the Treasurer of the old N. C. Missionary Society, who is one of the Committee, was paid and guaranteed to Dr. Jones. There yet remains the sum of \$550.50 of the pledges unpaid. The farm, however, has been paid for by an advance of the Committee, and the note for which is in the names and hands of the Committee. In addition to the above pledges and note, the sum of \$200 has been received as a donation from brother Cullen Battle, of Georgia. The Board resolved, that the Institution should be called "The Wake Forest Institute," and adopted such measures as were judged necessary to commence operations, as early as February, 1833. On the 15th of December, the Board was called together again in Raleigh, when a Committee was ap-

pointed to make an estimate of the necessary expenses of the Institute for the first year. It was found, that to furnish the farm with provisions for the school, and other necessary expenses, amounted to \$3063. The income from 50 Students at \$60 per year, to \$3000. Owing to circumstances beyond the control of the Board, the commencement of operations was postponed to February, 1834. The farm was committed to the care of brethren John Purify, W. Crenshaw, Foster Fort and G. W. Thompson, who were requested to manage it to the best advantage for the present year. A regular meeting of the Board was held at Cashie, in Bertie County, May 10th, 1833, when brother S. Waite was appointed the Principal of the Institute. A letter from brother J. Purify was read, stating the progress of Beneficiaries, and the sum of \$45 was appropriated for their instruction.

Brother P. Conely has withdrawn himself from the patronage of the Board. He expresses his gratitude for the kindness and assistance of the Board. He is now engaged as a Missionary for the Raleigh Association. Brother W. Jones is under the instruction of Mr. Carter Harrison, who speaks of him as an amiable, studious, and pious young man. His studies are on the common branches of an English education.

Brother Brown is under the direction of brother Baker, who gratuitously gives him instruction in the various branches of an English Education.

Brother Eli Phillips, during the past year has travelled as a Missionary, 56 days. He laboured in the Counties of Randolph, Rowan, Montgomery and Davidson. He reports that section of the State as lamentably destitute of Baptist preaching.

From brother Dennis, no communication has been received. The Washington Church has secured the services of brother Jacob C. Grigg, and since the last meeting of the Convention, has enjoyed a happy revival.

JOHN ARMSTRONG, Corresponding Secretary.

### (C) REPORT ON HOME MISSIONS.

The Committee on Home Missions beg leave to report:—

We have examined the subject as well as our time and means of information would admit; and are of opinion, that the future success of this body depends very much upon the systematic and prudent movements of your domestic Missionaries. With the map of the State before us, we have divided the boundaries into twelve sections, each of which will be a field sufficiently large for one man to occupy.

We therefore recommend, that an itinerant, under the patronage of this body, should be sent to each of those sections, as early as practicable, and continue there as long as your funds will justify it; that these Missionaries should be clothed with the authority of agents for this body, and act under written instructions from the Board, unto whom they shall be amenable. If you cannot find as many men as there are sections, let the same man supply different sections at different times, so as to give to each of them a due proportion of missionary service within the year. If you could find only three or four suitable men, who would engage in the work they might, in accordance with the above suggestion, supply the whole field in proportion to the funds at your disposal for this object. All of which is respectfully submitted.

J. CULPEPER, Sen., Chairman.

#### (D) REPORT ON THE WAKE FOREST INSTITUTE

The Committee on the Wake Forest Institute ask leave to report: That having had the business with which they were charged under consideration, and having given to it as much time as their limited opportunity would admit, it appears to them that the funds of the Institute are not, strictly speaking, embraced in the funds of the Convention, and would therefore recommend, that the Constitution be now so altered as to embrace it. And whereas a Committee previously appointed, have contracted a debt to some amount, in the purchase of a farm for the benefit and convenience of the School, and whereas additional expense to a considerable extent must yet be met in procuring various articles indispensable in the commencement of the operation of said School, your Committee recommend that measures be immediately taken, by the appointment of an agent for that purpose, or by the adoption of some other means, to raise a sum sufficient to liquidate said debt, and to carry the institution into actual operation. Your Committee beg leave also, to recommend that a committee be appointed to obtain from the next Legislature of this State, an act of incorporation of the Institute. All of which is respectfully submitted.

CHAS. McALLISTER, Chairman.

#### (E) REPORT ON SABBATH SCHOOLS

Your Committee deeply regret the negligence which has hitherto prevailed in our Churches, on the subject of Sabbath Schools. Well persuaded are we, that these Schools wherever taught, are nurseries to Christian churches and important helps to the Christian minis-

try; not only with regard to the pupils therein taught, but also in relation to the teachers themselves. We therefore would now recommend an immediate, general and unanimous attention to that subject; and while we wish all our Ministers to make Christ and him crucified, the grand theme of all their public discourses, we also most earnestly desire that they, with all our active and intelligent brethren, may use every laudable means to procure suitable books and teachers, with talents, well adopted to facilitate a work that so deeply involves the best interests of our greatly beloved and highly favored Zion.

JACOB C. GRIGG, Chairman.

#### (F) REPORT ON FOREIGN MISSIONS

The Committee to whom was referred the subject of Foreign Missions, beg leave to report.

That the recent information received from Burma is truly encouraging. Every letter from that land of darkness furnishes us with the knowledge of new accessions to the several churches. A few years ago there was not a solitary christian among the 17,000,000 of Burma, nor was the name of Jesus printed in their language. Now there are five churches, and the New Testament is printed and read in their own native tongue. The people through all that benighted land, are showing a disposition and an anxiety to understand the nature and character of the new religion. Many have travelled more than hundreds of miles to converse with our brethren. Indeed, the general anxiety now exhibited by the Burmans, encourages us to hope that in a few years the religion of the Bible will be the religion of Burma. Brother Mason among the Karens, in one of his last communications, writes, "I cry no longer 'the horrors of heathenism,' but 'the blessings of missions.' I date no longer from a heathen land. Heathenism has fled these banks. I eat the rice, and the potatoes, and the fruits, cultivated by Christian hands, look on the fields of christians, and see no dwellings but those inhabited by christian families. I am seated in the midst of a christian village, surrounded by a people who love as christians, act as christians, and, in my eyes, look like christians."

In France, brother Rastan is actively engaged as a missionary. He is stationed in Paris, and has commenced operations under encouraging circumstances. We may soon expect to hear that God is blessing his own cause in that city.

In looking over the field of Foreign Missions, we have every encouragement to redouble our vigor, for the God of Heaven is blessing our efforts. The world must be filled with the knowledge of

God; and for the accomplishment of this glorious object, God, in his mercy is employing the feeble efforts of christians.

Your Committee would close this report by saying, that new fields for missionary labour, in different sections of the world, are presenting themselves to the christian zeal and the benevolent feelings of American Baptists; and therefore recommend the subject of Foreign Missions to the increasing energy of the State Convention.

All of which is respectfully submitted, &c.

JOHN ARMSTRONG, Chairman.

#### (G) REPORT OF THE AGENT.

Elder JOHN ARMSTRONG, Corresponding Secretary of the Baptist State Convention of N. C.

My dear Brother: At this meeting you will, of course, expect some account of the labours of the past year, for the use of the Convention.

Shortly after the close of the last meeting of this body, held at Rives' Chapel, in the county of Chatham, I proceeded to the north side of the State.

Late in August of last year, I attended the annual meeting of the County Line Association, and had an opportunity of explaining to the brethren, the object of my visit among them.—In the following October, I had an interview with the Flat River Association, and explained to that body also the business in which I am engaged.

During the Autumn of that year, I visited the churches in the counties of Rockingham, Caswell and Person; and in the course of the following Winter and Spring, I had the pleasure of seeing most of the churches in the counties of Granville, Warren, Halifax, and several also in Nash, Edgecombe, Johnston, Robeson, Bladen, Columbus and Moore. A brief account of the result of my visit in a number of the counties just mentioned, having already been published in the Interpreter, I need not in this place be more particular.

During the Summer and the two months of this present Autumn which have now passed away, I have been chiefly employed in the counties of Montgomery, Mecklenburg, Lincoln, Rutherford, Buncombe and Burke. It was my intention before this meeting, to have visited Haywood and Macon. Every arrangement was carefully made for doing so; and, for a season, I was much encouraged with the hope of fully accomplishing my wishes.

But it pleased the Lord early in the month of May, to arrest me in my course.

From perfect health I found myself suddenly prostrated upon a sick bed;—nor was I able fully to resume my labours again, till

after the lapse of fifty days. I am happy, however, in being able to add, that the regret which was at first experienced, arising from my failure to visit the two counties just named, has since been greatly diminished by the repeated interviews which I enjoyed, while in the Western part of the State, with our respected brother, Elder Humphrey Posey. This servant of the Lord, now so extensively known and so justly esteemed for his indefatigable labours among both white men and Cherokees, is now living in the county of Macon; and having for many years been in the habit of travelling extensively in nearly all that part of North Carolina which lies west of the Blue Ridge, he is well prepared, by spreading correct information in regard to all the objects of this institution, to render us important aid. Having known that he had devoted many years to the support of the Missionary Cause, and that he was still a warm friend to all the objects before us, I did not hesitate to ask of him so much assistance, as he might find it convenient to give. To this request he readily consented.

While in the upper part of the State, I attended the annual meetings of the French Broad, the Catawba, and the Broad River Associations. Each of these bodies gave me a very friendly reception, and cheerfully indulged me with an opportunity of explaining all the objects of the Convention. Two of these Associations I had never seen before. One of them, the Catawba, I had the pleasure of attending two years ago. It was gratifying to observe the increase of friendly feelings towards many of the benevolent institutions of the present day, which had obtained since my first visit among them. This increase, of which I am now speaking, is chiefly to be attributed to the spread, through various means, of correct information among the churches of which this respectable body of christians is composed.

The situation of the churches visited since our last annual meeting, is not materially different from the situation of those visited before. In some sections more had been done to prejudice the minds of the brethren against all our movements than in others.

But in no case has a single obstacle been thrown in my way, that could not be easily traced to some misstatement or misapprehension in regard to the nature of my business. The sameness which has been generally found to prevail in the extensive field that I have, in some degree surveyed, renders the remarks made in my former reports, equally applicable at the present time.

Since our last meeting, I have preached 208 Sermons, baptized 6 persons, and on two occasions, assisted in the Administration of the Lord's Supper.

Although the state of religion was generally found to be low, it should be mentioned with gratitude to the Giver of every good and perfect gift, that, in several instances, during the past year, the churches have been blessed with seasons of refreshing from the presence of the Lord.

The character of the opposition to Missions and all the benevolent plans of this age, which, in some places, is still kept up, is not materially changed. Efforts are constantly made to make an impression on the public mind, that all those christians actively engaged in the Missionary enterprize, have abandoned the true faith, and, in a word, have become Arminians. This is one of the things frequently published from the pulpit and press. The object in all this management is perfectly obvious. So often has the idea just mentioned been repeated, that it is seriously doubted whether, amongst all the books and pamphlets which have been peddled off by those who are opposed to Missions, in this and the adjoining States, a single instance could be produced in which this attempt has not been made.

In order to meet this untrue assertion, and all others of a similar character contained in the books &c. to which I have just alluded, nothing more is wanted than a plain exhibition of facts. No man at this day may expect to have the support of the religious, or any respectable portion of the community, while endeavoring to establish a system that rests upon such assertions as shrink from light.

In conclusion permit me to say, that we have great cause to be encouraged in our work. Probably no one who was present when this convention was formed, expected to see, at this early period, what we now witness. This is the Lord's doing, and to him be all the praise.

But our work is not done. So far from it, that it can now only be said to be fully commenced. To carry forward this work, provision must be made, in some way, to convey to all our churches, and the friends of the churches, correct information, so far as it can be done, respecting the actual condition of the cause of God on earth, and of the whole heathen world.

In the prosecution of this grand design, especially in a section of country where general information is so much needed as it is in North Carolina, it is scarcely possible to place too high an estimate on a well conducted religious periodical. It is therefore devoutly hoped, that the religious journal of our own State, which came into existence at the commencement of the present year, will be well sustained and widely circulated. But, I must not enlarge.

Allow me, however, in this place, to record a tribute of praise and thanksgiving to Almighty God, for his kind protection of myself and family, in all our journeyings, during the space of nearly four years; for the uninterrupted harmony with which all the deliberations of this body have hitherto been conducted, and, above all, for that measure of success with which our labours have been crowned.

Finally, I must add, and I am happy in doing so, that kindness and hospitality have invariably been shewn me, in all my travelings during the past year.

As ever, your brother in the Lord.

SAMUEL WAIT, General Agent.

(H)

The Committee to whom was referred the subject of Tracts, beg leave to report,

That the distribution of religious Tracts is a cheap, easy, and certain means of doing good. Divine truth is the grand instrument which God employs for the conversion of sinners, and for the edification and comfort of saints; till they come in the unity of faith and of the knowledge of the Son of God, unto a perfect man, to the measure of the fulness of Christ. In the promulgation of truth by preaching, which was God's first way of making the Gospel known, there are assuredly some peculiar advantages. But in doing it by writing, there are advantages also; and it has this recommendation, that it is God's chief way of making himself known to the human race from age to age, and of presenting truth to the minds of men from day to day, in every land where the revelation of His will is known. Paul wrote often, and much, and precious, and said: "When this epistle is read among you, cause it to be read in the Churches of the Laodiceans, and that ye also read the epistle from Laodicea."—Peter also pursued the same happy course, that his brethren, and we also, as it is in this day, "might be able to have these things always in remembrance." Are there not thousands, and tens of thousands now in glory, whose first impressions of religion, as well as their following improvement, were made by reading? What is a religious tract, but a select portion of divine truth, designed and adapted to make the reader wise unto salvation?

Tracts, embodying those doctrines, and maintaining those practices, which constitute the faith and order of Baptist churches, are wanted, not only for the destitute, but also for the more favoured churches, and for individuals of every grade, and character and circumstance, as through the influence of the Holy Spirit, they are

happily adapted to promote self-examination, purity of walk and conversation, growth in grace,—a spirit of active benevolence and preparation for Heaven.

Such Tracts are now furnished us by the Baptist General Tract Society, whose operations are wisely conducted both with reference to the wants, and to the characteristic sentiments of the denomination. Aiming, as it does, to disseminate the truth, the whole truth, and nothing but the truth, it surely has a just claim to the kind regards and generous coöperation of all the churches. Wherever its publications have been received and read, they have exerted a most salutary influence, and in various ways proved a rich blessing to churches and individuals.

Your committee have learned with pleasure, that this society is rapidly growing in importance and usefulness. Under the smiles of a kind Providence, it has, by the munificence of its friends, extended its labours to the four quarters of the world. Its tracts have been distributed over the Mississippi Valley, in Africa, among the millions of Burmah, and recently in Germany. The publications of the Society comprise 134 Tracts, on a great variety of doctrinal, experimental, and practical subjects; which are bound in six volumes for the use of libraries, containing 1800 pages of the most excellent christian reading, and can be procured as a family possession, for the small sum of three dollars. Among these publications, is one on Communion, by Abraham Booth, of very great importance at the present day. It was not a fondness for controversy, but a desire to vindicate the honor of Christ, as Lawgiver in his own kingdom—to assert the Scriptural importance of a positive institution in the house of God; and to exculpate the denomination from charges of an odious kind, that excited Mr. Booth to compose and publish this treatise. It is decidedly the best thing of the kind extant, and ought to be in every Baptist family. In view of these excellent publications, how can we forbear to inquire, What are our obligations to a Society which has put within our reach so much valuable reading, at a price so low that the poorest members of our churches may afford to possess them? A Society which gives us the Life of Pearce for 12½ cents, Pengilly's Scripture Guide to Baptism for 6 cents, and Fuller's Backslider for 3 cents! Can such a Society want encouragement? Among the 450,000 Baptist Church-members in our country, is there one who does not covet the privilege of aiding the Society by subscription, or purchase, or donation? No where can an equal sum be appropriated with a higher certainty of doing good, thirty, sixty, and an hundred fold. Your committee, therefore, conclude by recommending the following resolution:

*Resolved*, That we recommend the formation of Tract Societies, auxiliary to the Baptist General Tract Society, in the different churches, and an extension distribution of Baptist Tracts throughout the State; and that each member of this Convention be requested to encourage and promote our Tract cause as far as practicable in the region in which he resides.

ELI PHILLIPS, Chairman.

#### (I) REPORT ON EDUCATION.

The Committee on Education respectfully report, That the principal difficulty which is now to be encountered, in connexion with the subject submitted more particularly to their consideration, is, scarcity of beneficiaries. The Education fund of the Convention is now presumed to amount to a considerable sum. The Wake Forest Institute, it is hoped, will soon furnish to young ministers, the means of obtaining a substantial and sufficient education. An interest in behalf of this object is evidently increasing in the hearts of our brethren. The Lord is clearly giving his sanction to the efforts which have been made, touching this point. And all that seems to be wanting is a competent supply of approved young ministers. It seems, therefore, to be particularly incumbent on us, at this time, to pray the Lord of the Harvest to send forth more labourers; and at the same time, to employ all appropriate means to encourage and bring forward such persons as furnish suitable evidence that they are called of God, to the ministry. As this is a work which more particularly belongs to the churches throughout the State, the importance of giving to this subject, all their immediate and earnest attention. And, as we believe that this matter will not fail to command the prayers and exertions of many, and as we are confident that God will bless operations prudently and conscientiously employed for the advancement of his own cause, we look forward with much satisfaction to the future results of this interesting and important branch of our constitutional exertions.

All of which is respectfully submitted.

T. MEREDITH, Chairman.

#### (K) REPORT ON TEMPERANCE SOCIETIES.

Your Committee recommend the following remarks on the important subject of Temperance:—They deem this Society to be worthy of the patronage of all religious and philanthropic individuals, especially when they consider the happy effects of it in reclaiming many of our fellow men from the destroying monster, Intem-

perance; and restoring them to the bosom of their families, and to the respectability of society: whilst others, regardless of admonition and the force of example, have plunged into the vortex of destruction. They could present many cases within their knowledge, to prove this important truth, and the great bearing that example has on the community. They therefore would recommend to our brethren, and all the friends of humanity, that immediate efforts be made to form Societies in all our churches and neighborhoods, and by example and every lawful means, to put a stop to the destructive practice of intemperance; and to be careful to avoid all arguments that will prejudice the minds of those that are taken captive by this snare of the devil.

All of which is respectfully submitted.

DAVID S. WILLIAMS, Chairman.

#### (L) REPORT ON PERIODICAL.

The committee to whom was referred the subject of a Periodical, have had the same under consideration, and submit the following report.

It will be recollected by the Convention, that at our last session, we agreed to extend our patronage to a monthly Periodical, then about to be published in Edenton, by Brother T. Meredith, to be called the North Carolina Baptist Interpreter. The first number of this paper was issued early in the Spring of the present year, and the subsequent numbers have appeared, with but few interruptions. Upon a careful inspection of the several numbers of the Interpreter, your committee give it as their opinion, that the confidence of the Convention was not misplaced. The paper has obtained a wide circulation, and so far as we have been enabled to obtain information, it has met with universal approbation. We therefore unhesitating recommend to the Convention, that the Interpreter be still patronized, and that renewed efforts be put forth, to give it a still wider circulation. It cannot, however, escape the observation of the Convention, that a monthly periodical, how ably soever conducted, is inadequate to supply the demands of the religious community with which we are connected. The great mass of religious information necessary to be diffused, and the increased demand for essays, and such expositions as have already appeared in the Interpreter, render it necessary that resort be had to a paper to appear at shorter intervals. That such a paper is necessary, admits not of a doubt; and we think no reasonable doubt can be entertained of its final success. We further suggest, that Edenton is an im-

proper place for the publication of such a paper as the one now under consideration. A situation should be selected not far from the centre of the State, or else near the South Carolina line, for the publication of such a paper. This last suggestion is made from a view of the fact, that the Interpreter has been extensively patronized in the latter State, as, also, from a well-grounded hope, that our sister Convention in South Carolina will extend her patronage to such a paper near her borders.

All of which is respectfully submitted.

J. CULPEPER, Jun., Chairman.

#### (M) REPORT ON THE AGENCY.

The committee on the Agency, consider a general Agent for this Convention indispensable. It is too manifest to require formal proof, that to the instrumentality of our Agent, the Convention owes, in a large measure, the success it has met, and the advancement it has made. It is likewise most obvious, that could the labours of our Agent have been still more extensive than they have been, the funds of the Convention would have been proportionably greater.

We therefore recommend that a general agent be employed forthwith to travel in behalf of this Convention the ensuing year. And from information received, we are fully persuaded, that it would be greatly conducive to the interests of the Convention, if practicable, to employ sectional agents. We therefore further, recommend that such agents be employed. All of which is respectfully submitted.

JAMES McDANIEL, Chairman.

(P) REPORT OF COMMITTEE ON BRO. GOING'S LETTER.

Your Committee on the expediency of becoming auxiliary to the American Baptist Home Missionary Society, have had the subject under consideration and beg leave to report: We view with delight and gratitude to God the exertions of our Brethren in extending the Redeemer's Kingdom throughout these United States, and we recommend to our body a hearty coöperation with the American Baptist Home Missionary Society, so far as can be done consistent with our Constitution; but in as much as we are restricted in our domestic Missionary operations to our own State; your Committee are of the opinion that such a connexion as suggested to us by brother Going, their Secretary, would be both unconstitutional and inexpedient.

All of which is respectfully submitted.

TURNER CARTER, Chairman.

## (Q) REPORT ON BROTHER BEATTIE'S LETTER.

The Committee appointed on brother Wm. Q. Beattie's letter, respectfully report: That as yet it remains uncertain that any funds from the North Carolina Missionary Society have come into the possession of this body; and accordingly have no ground on which they can constitutionally, proceed to comply with his request. Should, however, funds belonging to the foregoing Society be obtained by this Institution, and authority can be acquired from the representatives of the institution bestowing the funds, there will no doubt be a disposition in this body, promptly to meet brother Beattie's claim.

All of which is respectfully submitted.

T. MEREDITH, Chairman.

All of which is respectfully submitted.

JAMES McDANIEL, Chairman.

d. The term of office of a trustee who has not resigned, died, become disqualified or been removed shall not expire until his successor shall have been duly elected and qualified.

The Trustees of all institutions, benevolent, educational or otherwise under the control of the Convention shall be elected by the Baptist State Convention of North Carolina and shall hold office for the term to which elected, unless sooner terminated. When any vacancy shall occur in any Board of any such institution a nominating committee elected by the Convention shall nominate to the Convention Baptists to fill such vacancy. The Trustees of all institutions owned and supported by the Convention shall make annual report to the nominating committee of any vacancies. Each Board shall have the right to make any suggestion to the nominating committee it may see fit regarding such nominations, and all nominations made by the committee shall be passed upon by the Convention. The Convention shall have the right to adopt the report of the nominating committee and elect the trustees thus nominated, or to substitute the name of other trustee or trustees in lieu thereof, or recommit said report for further consideration as the case may be.

## VII GENERAL ITEMS

## REPORT ON BIBLICAL RECORDER

Some of the most potent agencies on earth have been captured by the devil and are being used by him to obstruct the work of the Kingdom. A. T. Robertson said in an address in this State some years ago that while the church was debating as to what attitude to take about moving pictures, the devil took this modern invention and ran away with it. It remains to be seen whether the radio, one of the greatest inventions of this, or any other age, is to be a blessing or a curse.

Perhaps no other instrumentality has been so effective in the dissemination of information as the printing press. It is a remarkable coincidence, or, shall we say, a wise providence, that just about the time Tyndale had his English translation of the Bible complete, the printing press was invented, and this made possible the rapid distribution of the Word of God. More copies of the Bible come from the press every year than of any other book. It is still "the world's best seller." Other valuable and helpful books are being turned from the press in great numbers.

But the devil has laid his hand upon this agency and is using it with great success in the destruction of the souls of men. Some of the books used in our schools certainly contain dangerous matter. This is especially true as to books on psychology. The *Greensboro News* carried a very timely editorial recently on "Psychology and Morality." The editor raised the question as to whether much of the crime committed in our country is not due to the books on psychology that are taught in our schools and colleges. He cites the cases of Loeb and Leopold, Hickman and the Oglethorpe students, as strong evidence that these cases of murder were incited by study of books on psychology. As to the danger of such teaching upon immature minds the editor says, "No carpenter worthy of the name lets his smaller offspring play with his adze. Can it be that those who have the conduct of collegiate affairs in this country have been serving too much mental pabulum in an uncooked or undone state?"

Less than a week ago an unknown friend sent to this office an advertisement of a series of books which will soon come from the press, on "Sex Appeal." We have never read anything more debasing or licentious. The friend who sent the advertisement wrote at the top of the page, "Such as this is what Christians must fight." The vile pictures contained in the book are to be put on the screen, so the author announces. It is to be hoped that those charged with the duty of censoring the movies will bar these degrading pictures. But if they can be smuggled through the mails, they will do incalculable harm.

Many of the articles which appear on the front pages of the daily papers are not fit to be read, especially by young people. The editors of these papers say the public demands the news and the papers must give them what they want or fail to secure support. And so the secular press has become, in many cases, a social sewer pipe, pouring its filth every morning into our homes to be read by our children.

Are we willing to let the devil have a monopoly on the press? Are we willing that our children shall read debasing literature with nothing to counteract its influence? If there were no other reason for having a religious paper come into the home, this should be more than sufficient to induce parents to subscribe for some periodical that contains wholesome reading matter.

But in addition to the blessings that a denominational paper brings into the home, it is an indispensable agency for the promotion of the work of the denomination. In no other way can so much important information be disseminated at such little cost. The *Biblical Recorder* stands for the promotion of all the objects

fostered by the Convention. Its columns are freely used by those in charge of our denominational agencies, both State and Southern. It is the most inexpensive assistant that a pastor can have. Will you pastors not make a way for this assistant to visit the homes of your people?

We must increase the circulation of the *Recorder* if it is to render the necessary service to our people and churches. We propose a State-wide campaign for this purpose in February and March, 1929. Will the Convention go on record as favoring such a canvass, and then will the churches and pastors back it up?

J. S. FARMER,

*Business Manager.*

LIVINGSTON JOHNSON,

*Editor.*

M. L. Kesler, superintendent of the Thomasville Orphanage read his report on the Orphanage. (See Appendix.) After discussion by M. L. Kesler, A. J. Smith, J. C. Hough, the report was adopted. Superintendent Kesler presented a group of students from the Orphanage.

The quartet rendered special music, "I Want My Life to Count for Jesus."

Vice President J. Rufus Hunter took the Chair, by request of the President.

The regular order, State Missions, having arrived, Secretary Maddy was recognized, who reported a telegram from Treasurer Walters Durham, saying that \$6,500 had thus far been received as a result of last Sunday's Baptist Honor Day offering.

R. B. Lineberry read the following report on the Report of the General Board:

#### ON THE REPORT OF THE GENERAL BOARD

The Committee to pass on the Report of the General Board begs leave to submit the following recommendations:

1. With reference to pastoral aid and general missionaries, we do not think there is any distinction in the nature of the labors of general missionaries and missionary pastors. It is the opinion of your committee that it would be detrimental to our mission, educational and benevolent work in the state to eliminate any of our field workers. We, therefore, heartily recommend that the present policy be continued.

2. Your Committee, seeing the situation of the State Mission Board, is unable to recommend the proper course on Evangelism. Therefore, we beg to leave the whole matter to the judgment of the General Board.

3. We recommend that the Board's policy of paying for the room and board at the Summer School for Preachers at Meredith College for one pastor from each association be continued, and that the selection of these men be left in the hands of the Executive Committees of the various associations.

4. With reference to Christmas Debt-paying Campaign: In view of the fact that several special offerings, such as the Baptist Honor Day offering and the Thanksgiving offering to the Orphanage, are being made this fall, we do not recommend that a State-wide offering be made for the Christmas Debt-paying Campaign, but that this matter be left optional with the pastors and churches.

5. Relative to the work of the Home Board in North Carolina we recommend that our State Board offer to take over the Home Board Mission work now being done in North Carolina temporarily until the meeting of the Southern Baptist Convention.

6. As to special days and special offerings, we recommend that North Carolina Baptists stand by the Coöperative Program as a means of doing our mission, educational and benevolent work, and that we enter into no further special days or campaigns calling for extra contributions, except the regular quarterly contributions to missions through the Sunday School, the regular once-a-month and Thanksgiving offering for the Thomasville Orphanage, and the Mother's Day offering for the Hospital. However, in the event of an unseen emergency seeming to require a special campaign or a special offering for any object or cause supported and fostered by the Baptist State Convention, before putting on such a campaign or offering, the General Secretary shall present the matter to the General Board or Executive Committee of the General Board of endorsement and instruction.

7. Under Article 15, "Special Items," we recommend the adoption as suggested by the Advance Report of our General Board.

In view of the fact that within five years we have been compelled by the decline in gifts to cut our appropriations from \$146,000 to \$72,000, or practically one-half, we recommend that all churches that have been receiving aid from the State Mission Board for many years and have shown no progress and having little prospect for the future, be urged to relieve the Board from further aid or assistance.

In view of the crying needs, unparalleled opportunities, and challenging possibilities confronting us, we recommend a forward movement on the part of our churches in the matter of larger gifts for the prosecution of our work. Believing that the one and only Scriptural method of solving our financial problems to be that of stewardship and tithing, we therefore recommend, that every church in North Carolina be urged to put on an Every-Member Canvass, preceded by a careful study of stewardship and tithing.

Respectfully submitted,

*Committee on Report of General Board.*

At the request of Secretary Maddry, W. R. Bradshaw delivered an address on State Missions. Discussion followed recommendation five in the report, which recommended that our General Board do not take over the Mission work of the Home Mission Board in this State, participated in by J. B. Eller, R. J. Bateman, Chas. E. Maddry, W. C. Barrett, L. Johnson, J. K. Henderson and G. A. Martin.

A. Wayland Cooke offered an amendment, which was adopted, to the effect that our Board offer to the Home Board to take over temporarily its Mission work in this State. The report was adopted.

Secretary Maddry presented the following report on the Co-operative program, which was adopted:

#### REPORT ON THE COOPERATIVE PROGRAM

We are glad to report that the Coöperative Program, or budget method of doing our Mission, Educational and Benevolent work, is growing in popularity and favor with our people. We believe it is the best method of enlisting *all* of our people in ALL phases of our denominational work, and at the same time it is business-like, sane and, best of all, it is Scriptural. At the annual meeting of the General Board in June, the following series of resolutions were adopted:

## DEBT-PAYING CAMPAIGN

Whereas, the Southern Baptist Convention passed a resolution requesting each state to take under consideration the matter of a Southwide Campaign at Christmas time for the payment of the indebtedness on our Boards and Institutions.

And, whereas, the members of the Executive and Promotional Committees from North Carolina voted against such proposal with the understanding that the matter would be submitted to our General Board at the June meeting.

And, whereas, the General Board of the Baptist State Convention, meeting on June 13, gave careful and earnest consideration to the whole matter, and in view of the fact that we are now in the very midst of our Centennial Campaign to pay the debts on our seven Baptist Colleges and Schools in North Carolina, and in view of the fact that we have promised our people that if they would undertake to raise this Centennial Fund we would not put on any other special campaigns before the completion of this movement in 1930, and in view of the further fact that the Coöperative Program is growing in favor and effectiveness with North Carolina Baptists, and that we fear the launching of another debt-paying campaign at this time would not only wreck the Centennial Campaign but seriously and permanently injure the Coöperative Program:

*Therefore, be it resolved,* That, in lieu of a debt-paying campaign, we recommend to our churches the following:

1. That the General Board authorize the General Secretary to use all possible effort and means to secure a worthy offering from the more than five hundred churches in the State that gave nothing last year to the Coöperative Program.

2. That we urge all the churches that are now paying with regularity to the Coöperative Program to pay up their pledges in full for the year 1928 during the months of November and December.

3. That all churches be requested where possible to add to their regular gifts through the Coöperative Program for 1928 extra amounts as a free-will offering to swell the sum total given by the churches for the Coöperative Program for 1928.

4. That we ask all of our people, instead of making gifts to each other at the Christmas season, to make these gifts to the Coöperative Program, with the understanding that such gifts will go to swell the sum total given by the churches and that such gifts will be applied on the indebtedness of the Convention.

5. That all extra amounts thus given shall be divided among all those objects, Statewide, and Southwide, that participate in the Coöperative Program.

6. That the General Board set as an objective of North Carolina Baptists for 1929 Coöperative Program the sum of Seven Hundred Thousand (\$700,000) Dollars, and that the General Secretary and his associates be authorized to apportion this amount among the associations on the basis of amounts given to the 1927 Coöperative Program, and that each district association be earnestly entreated to adopt the suggested goal and apportion it among the churches, urging each church to underwrite the suggested amount by an every-member canvass during the first week in December 1928.

7. That the greatest effort be put forth by the management of the Coöperative Program to induce every church possible to make the every-member canvass and thus underwrite the amount suggested so that the income of the Baptist State Convention may be stabilized and put on a businesslike basis.

8. To this end, we recommend that at least three good hours at different times during the meeting of the Baptist State Convention this fall be given to the practical consideration of making the every-member canvass, putting on the Coöperative Program and the best methods of promoting the same.

9. We wish it to be understood by our brethren of the other states of the Southern Baptist Convention that we desire as much as any others that the debts on our Boards and Institutions be paid as quickly as possible, and that it is our purpose to do our full share in such payment.

10. Since we have been devoting our energies for several years to promoting the Coöperative Program, we look with disfavor upon any special campaigns which would in any wise disrupt this plan of work. It is our judgment that it is better to stabilize our receipts, even if it takes a longer time, than to raise a little extra money by a spasmodic effort, the reaction to which would certainly be injurious to our regular work.

11. We would have it understood that in adopting this program no church that takes its pledges for the Coöperative Program in the regular way shall be denied the opportunity of making a special Christmas offering, if it is so desired. We trust, also, that every church, in making the increased subscription, may find it possible at Christmas time to pay as much as possible on the increased 1929 pledge. It is hoped that many of our people will use the Christmas season for making such payments rather than in spending large sums of money in other ways.

LLOYD T. WILSON,  
S. H. TEMPLEMAN,  
BRUCE BENTON,  
*Committee.*

Acting in accordance with this resolution we divided the \$700,000 objective for 1929 among the sixty-five district associations and almost without exception, each association adopted the amount suggested as its goal, and in most instances this amount was divided among the churches as a suggested goal. We prepared pledge cards for the every member canvass and have urged upon each pastor and church the vital importance of putting on a thorough and complete canvass for the Coöperative Program December 2-9. If our people will do this, we will soon solve all of our financial difficulties.

Up to the present time we have received on the Coöperative Program since January the first, \$385,247.54. This is \$54,267.25 less than we had received at the same period last year. If the same ratio of loss continues until December 31, we will come to the end

of the year \$75,000 short of last year. This is going to mean nothing less than disaster for our State Mission work next year. We are now being literally swamped with applications for aid on pastors' salaries for next year, but unless our people rally within the next six weeks and pay up their obligations on our regular work as represented in the Coöperative Program, there will have to be made a drastic reduction even in the amount appropriated for State Missions this year.

Therefore, we urge upon our pastors and leaders in the churches to take this serious matter to heart, present it to the churches and urge upon all of our people the vital importance of coming to the rescue of our whole denominational program now.

*General Secretary.*

Charles E. Maddry read the following report on the Baptist Centennial Campaign, which, after discussion by I. M. Mercer, was adopted:

#### REPORT OF THE CENTENNIAL CAMPAIGN

In January, 1927, we began active preparation for the launching of the Centennial Movement. First of all, we made a canvass of the state by associations, securing a list of all Baptist prospects who were able to do something, over and above their regular offerings, for the payment of the debts on our schools. We secured the names of some twelve hundred Baptist men and women as special prospects for the Campaign. On August 15, 1927, we launched the Campaign for subscriptions in the group of nine associations around Raleigh. We worked the eastern section of the state first, and then early in the new year we came to the central section. During the summer months, we worked western North Carolina. It took thirteen

months to canvass the state, after a year spent in intensive and detailed preparation. We report subscriptions by associations as follows:

There has been collected on the above pledges to this date, November 3, 1928, the sum of \$168,776.16.

The total number of individual pledges received to date, in round numbers, 35,000.

There are many churches that did not put on the Campaign and many others that did not reach their quotas. We are still at work and hope to secure the full amount of our objective by November 1, 1930.

Already the Campaign has saved the honor and credit of the Convention. We have paid off our obligations at the banks and have begun to feel some relief from the terrible pressure of debt that has almost crushed us for the past four years. We have had an audit made of the books of the Treasurer and Bookkeeper of the Centennial Fund from the beginning to August 31, 1928. Everything was found correct and in good shape. We quote from the auditor's report the following:

Our examination included the records of the Treasurer, Mr. Walters Durham.

Our examination disclosed no irregularities in the handling of these funds and the balance to be accounted for at August 31, 1928, was found on deposit as indicated on Schedule 6. We reconciled the charges and credits made by the banks on the Treasurer's Account with the transactions as shown by the books in your office and found that all transactions were being properly passed through the Bank accounts and no transactions were found in the Bank accounts which could not be reconciled with the records in your office.

We carefully examined all Cash Disbursements and found them properly supported by vouchers, invoices, etc., issued in the regular course of business. We also examined the distribution of the campaign's expenses and the details of this item of Expense are given in Schedule 2.

We did not verify the Campaign's Pledges but the records in your office indicated pledges in the amount of \$934,192.46, which included those received on September 1, immediately after the close of our audit.

Concluding, we wish to state that we found the books in balance and well and accurately kept. We have made certain adjusting and closing entries on the books as of August 31, 1928, to bring them in line with our report and have set up an account with each Institution showing the data as presented to you in these statements.

(Signed) A. T. ALLEN & COMPANY.

We have made one distribution of cash received and have sent to Wake Forest \$5,468.25 and to Chowan \$546.19. The debts on the other five schools are the debts of the Convention and the funds have been applied properly on their debts.

On or before December 1, we have to meet principal and interest as follows:

|                                     |          |
|-------------------------------------|----------|
| Meredith bonds, principal.....      | \$50,000 |
| Meredith, semi-annual interest..... | 16,500   |
| Mars Hill, principal.....           | 11,600   |

|                                |          |
|--------------------------------|----------|
| Mars Hill, interest.....       | \$ 522   |
| Boiling Springs, interest..... | 1,203    |
| Wingate, interest .....        | 810      |
| Campbell, principal .....      | 3,000    |
| Campbell, interest .....       | 1,380    |
| <hr/>                          |          |
| Total .....                    | \$85,015 |

We have as yet little in hand with which to meet these obligations. We have at least \$100,000 due on Centennial pledges, and if our people pay their pledges and keep faith with us we can meet our obligations. However, it looks like we will be compelled to borrow heavily from the banks within two weeks, unless there is a generous and immediate response on the part of our brethren and sisters.

We are deeply grateful to all who have helped us in this Campaign. It has been a terribly hard and up-hill business from the beginning. But there was no other way out of our financial difficulties. In the main, there has been sympathetic and generous support given to the movement by all of our people. It is absolutely imperative now that we go on to finish the Campaign. We must urge the payment of pledges, in season and out of season. The Woman's Missionary Union is actively and sympathetically behind the collection of the pledges. We crave the support and help of everybody for the successful completion of this enterprise.

CHARLES E. MADDRY,  
*General Director.*

#### WEDNESDAY—EVENING SESSION

A song service was conducted by W. Furman Betts.

The Chair read telegrams of greetings from the Kentucky General Association and from Len G. Broughton. The Secretary was instructed to make reply.

E. C. Snyder read Isaiah 9th chapter and other passages and spoke on "God's Order," followed by special music, "Golden Bells" by Furman Betts and J. H. Jones.

The first order of the evening was Foreign Missions. J. M. Kester, the member of the Foreign Mission Board from North Carolina, was in charge.

The following returned Missionaries were called to the platform and introduced:

T. W. Ayers, E. F. Tatum, Mrs. Tatum, M. L. Braun, Mrs. Braun, P. E. White, and Mrs. White.

J. M. Kester read the following report on Foreign Missions:

### FOREIGN MISSIONS

The latest report of the Foreign Mission Board to the Southern Baptist Convention shows the status of the work as follows: Foreign missionaries, 489; native missionaries, 2,057; 1,275 churches, with 146,072 members; 12,542 baptisms during the year; 1,538 Sunday schools; 785 Woman's Missionary Societies; 638 B. Y. P. U.'s; 587 schools of all grades, enrolling 26,244 pupils; 9 hospitals which preached the gospel to and treated nearly 50,000 patients.

Such a record of achievement should encourage us. It shows good stewardship; for the work was done with a small amount of money and under many difficulties. In spite of the many missionaries kept at home on account of lack of funds, the forces on the field have been greatly blessed by the Holy Spirit in spreading the unsearchable riches of Christ to the millions in the darkness of sin.

Another source of encouragement is the reduction of the debt on the Foreign Mission Board. From January 1 to October 1 of this year, the debt was reduced \$75,556.19. A letter from Dr. Ray dated November 7, states that the Board has sold a piece of property in Budapest for \$90,000 and this will be applied on the debt as soon as received. The Board is determined to wipe out the debt as soon as possible. The debt on October 1 was \$1,070,173.55. It will therefore take some time to pay the entire debt; but the churches may rest assured that the Board is handling the matter in as wise a way as possible and will clear away the handicap as soon as it can.

To be sure the work is suffering. It has suffered for five years from a constantly decreasing income. The decrease continues year by year in spite of an increase in membership and in the face of prosperity among our members. The Board was compelled to make its budget for 1929 nearly \$65,000 less than that for 1928 and to cut \$286,512.61 from the amount requested by the missionaries on the fields. How long shall we continue this tragic cutting and curtailing of the Lord's work when the world's most urgent need is the gospel?

On last May 3, the Board suffered the loss by death of its great-hearted leader, Dr. J. F. Love. For fourteen years he had given his best to the work of foreign missions. The indifference of the churches and the decreasing receipts in the face of a world white unto harvest crushed his heart and hurried him to the grave. So far, the Board has not succeeded in securing a successor for Dr.

Love. In the meantime Dr. T. B. Ray, the Foreign Secretary, who for twenty-two years has served the Board, is carrying on the work and is doing it in a fine way.

The churches can help the cause of foreign missions in many ways. They can make use of the many missionaries at home, using them for pulpit supplies, as acting pastors, and for conducting Schools of Missions. The churches also can make more use of the free literature of the Board, and by conducting Schools of Missions from time to time. We would urge that these things be done, and as rapidly as possible the churches come back to giving foreign missions the rightful proportion of all gifts to the Lord's work.

J. M. KESTER.

T. W. Ayers was presented to deliver the message on Foreign Missions. E. F. Tatum also spoke, after which Mrs. M. L. Braun sang "The Old Rugged Cross," and the congregation sang "Higher Ground."

C. H. Durham, member of the Home Board from North Carolina, presented Austin Crouch, Executive Secretary of the Executive Committee of the Southern Baptist Convention, who discussed Home Missions, with special reference to the recent defalcation of its treasurer, and how to safeguard its funds in the future.

At the suggestion of R. J. Bateman, a special love offering was taken for R. T. Vann, amounting to \$136.

E. Walter Sikes, president Clemson College, S. C., was recognized.

W. O. Carver made announcement of the critical illness of E. Y. Mullins, president Southern Baptist Theological Seminary, after which William Louis Poteat led in special prayer in his behalf.

Adjourned.

#### THURSDAY—MORNING SESSION

Joseph A. Gaines presented the following report on Public Morals, which, after discussion by him, was adopted:

#### PUBLIC MORALS

In preparing its report your Committee found many questions calling for consideration, but on account of limits of time and space deems it expedient to select and emphasize a few subjects of major importance.

##### 1. TEMPERANCE LAW ENFORCEMENT, AND THE ADMINISTRATION OF JUSTICE

We re-affirm the position our Convention has consistently held and declared on the question of intoxicating liquors. We have ever believed that the manufacture, sale and use of alcoholic beverages is a menace to life and morals, a curse upon our people, and should be prohibited by law.

After years of agitation and effort the Christian forces of our State achieved the legal prohibition of the liquor traffic in North Carolina, and eventually saw the triumph of that cause in the enactment of the 18th Amendment to the National Constitution. It has been the contention of enemies of prohibition that this law could not be enforced because a majority of the people do not want it. Recent events seem to have answered that claim with overwhelming denial. Political leaders in the presidential campaign of this year insisted that this campaign was a national referendum on the liquor question. If that be so, then there can be no doubt as to the mind of the majority in America.

The people do want prohibition. It appears then that this law can be enforced. We call upon all officers of government, from township to the Nation's Capital, honestly to enforce the laws of our land.

We also believe that the law should be enforced with equal justice upon all, and demand of our courts of justice that for the rich and poor alike, for the ignorant and the educated, the humble and the high, justice shall be equal.

## 2. RACE RELATIONSHIPS

We hold prejudice, misunderstanding and injustice in the relations of one race toward another to be utterly opposed to the gospel of Jesus Christ. We believe that the gospel requires the strong to bear the burdens of the weak. We deplore and condemn race prejudice in every form and wherever found. North Carolina stands in a favorable light among the states of the nation in this respect. Here we have a white race and a black race living together in the same territory, under the same laws and economic conditions. We rejoice in the good understanding which mutually prevails, in the attitude of tolerance and consideration, and in our freedom from mob violence and lynchings. It should be our aim to maintain and to improve this good understanding, and in every way possible our Convention should seek to help the members of the black race among us.

## 3. MARRIAGE AND DIVORCE

We hold marriage to be a sacred, life-long bond, uniting one man and one woman in the obligations of husband and wife. We look upon divorce for any cause as a violation both of the ideal and the will of God. It is our belief that many causes of divorce would be eliminated by better regulation of marriage. Hasty marriages should be discouraged, and secret marriages and the marriage of those mentally and physically unfit should be prohibited by law.

There is need for a law requiring the publication in advance of notice of intention to marry before a license to marry could be lawfully granted. We feel that the marriage and divorce laws of the State need careful study.

## 4. RECREATION AND AMUSEMENT

Wholesome recreation and innocent amusements are good and necessary, and should be promoted. A large part of recreation concerns the ministry to the imagination. In this, literature, pictures, pageants and plays occupy an important place. Much of the literature offered the public purely for mental entertainment is dangerous. This is especially true of a certain class of periodical literature which centers around the questions of sex. It is hard to understand how many of these with their open appeal to the most

sordid imagination are permitted the privileges of the postal service. They are to be found on almost every newsstand, gaudily decorated to catch the eye of the public. They constitute a menace to young life.

Much of the current literature of today is not immoral but anti-moral. It openly sneers at morality and cultivates a cynical attitude toward decency. Our people should be on their guard against this, as well as all other sinister appeals to the imagination, and whenever possible should seek to suppress that which unlawfully evades the vigilance of the law. More potent than this is the method of substitution, fostering and promoting the good and wholesome in place of the bad.

#### 5. A PROTEST AGAINST WAR

Remembering the horrors of war so recently endured by the world, and the sorrow and suffering in which our country shared, no right-minded man wishes to see war come again.

Mere wishing, however, will not prevent war. We believe that our protest should be uttered throughout the Christian world against the resort to war as a means of settling differences between nations. We should stand for the principle of arbitration and adjustment to be secured by treaties and international courts. We approve the purpose of the peace agreement recently signed in Paris by the representatives of fifteen nations, our nation included. This was brought about largely under the leadership of our own American Secretary of State, and will come before the Senate at its next session for ratification. We recommend the adoption by our churches of an appeal to Congress for ratification of the treaty.

Among other subjects which might well occupy the attention of our Convention are those of prison reform, the regulation of child labor, the question of dishonesty and extravagant living, which leads to dangerous economic conditions, the observance of the first day of the week as a day of rest, and many more.

We offer the following recommendations:

1. That we pledge the coöperation of our Convention to the Southern Commission on Inter-Racial Coöperation, and to the North Carolina Commission on Inter-Racial Coöperation, and we ask the Convention to authorize appointment by the President of a Commission of fifteen (15) men and women to be known as the North Carolina Baptist Commission on Inter-Racial Coöperation, charged with the duty of studying relations between the races.

2. The appointment of a committee of five on legislative coöperation, to study the laws involved in the subjects of this report, and

confer with the governor and the state legislature on questions of reform.

3. The adoption of two resolutions sub-joined to this report and marked "Resolution A," and "Resolution B."

JOSEPH A. GAINES.

W. F. WEST.

C. A. UPCHURCH.

#### RESOLUTION A

Whereas, the Eighteenth Amendment to the National Constitution, and the laws enacted by Congress under the provisions thereof, are intended to prohibit the manufacture, sale and use of alcohol for beverage purposes, and

Whereas, the desire of the people for the enforcement of these laws appears to be overwhelmingly evident, be it resolved by the North Carolina Baptist State Convention, representing a church membership of nearly four hundred thousand persons, that we pledge our coöperation and support to the national government and all officials of law in an honest and serious effort to enforce the prohibition law.

By order of the Convention in annual session at High Point, N. C., November 15, 1928.

I. M. MERCER,

*President of the Convention.*

WALTER M. GILMORE,

*Secretary of the Convention.*

#### RESOLUTION B

Whereas, the representatives of fifteen great nations of the earth, our nation included, have signed a Treaty in Paris, the intention of which is to prevent, as far as possible, any future wars between these countries, and

Whereas, the ratification of this Treaty will be proposed to the United States Senate at its next session.

*Be it resolved* by the North Carolina Baptist State Convention representing nearly 400,000 church members in annual session assembled that we earnestly recommend the ratification of this Treaty.

Done by order of the North Carolina Baptist State Convention, High Point, N. C., November 15, 1928.

I. M. MERCER,

*President of the Convention.*

WALTER M. GILMORE,

*Secretary of the Convention.*

J. T. Henderson delivered his closing message to the Convention, speaking specifically about the Southern Baptist Brotherhood movement, of which he is the Executive Secretary, and making a plea for the Every Member Canvass.

On motion of J. R. Jester, the Secretary was instructed to send a telegram of sympathy to President E. Y. Mullins, Southern Baptist Theological Seminary, whose condition is reported still quite critical, and also J. T. Henderson was authorized to bear the sympathy of the Convention to the children of Missionary Jackson and his wife who went down in the ill-fated ship, *Vestris*, last Monday, while on their return voyage to their field in South America.

H. E. Waldrop offered the following resolution, which was adopted by a rising vote:

*Be it resolved*, That this Convention express to this church, its pastor and community its sincere appreciation and gratitude for the generous hospitality which they have manifested in caring for this Convention.

On motion of Perry Morgan, the Convention expresses its appreciation of the generous help the Baptist Sunday School Board of Nashville, Tennessee has rendered and is still rendering our work in North Carolina.

The Secretary reported for the Committee on Resolutions that it did not recommend the Bloxam Resolution offered yesterday. On motion, the report of the Committee was adopted.

The Secretary reported that the registration had reached 824.

On motion adjourned, after singing "Blest Be the Tie That Binds," and prayer by Fred N. Day, to meet a year hence in Shelby.

I. M. MERCER, *President*.

## Report of the General Board

CHARLES E. MADDY, *General Secretary*

With profound gratitude to Almighty God for His blessings upon us during the past year, we render to the Convention an account of our stewardship for the year ending November 1. This is the ninety-eighth report submitted by your Mission Board to the Convention. While the achievements of the year fall far below what we had hoped for, the record shows substantial progress. With sorrow we have to record that during the year we have lost one of our faithful and devoted members, Brother F. A. Ward of Durham. A few weeks ago, Brother W. N. Jones, a member of our Executive Committee, Chairman of the Board of Trustees of the Convention, was called to his heavenly home. For forty years Brother Jones had been an outstanding leader among North Carolina Baptists and his home-going is mourned by thousands.

The State Mission Board and the Education Board were consolidated two years ago and we have now had ample time to test out the wisdom and foresight of the Convention in this reorganization of its work. The consolidation of the Boards into one General Board with one Executive head has resulted in greater efficiency for all phases of the work and in the unity and harmony among North Carolina Baptists. We note with profound gratitude to God, the beautiful harmony and fine fellowship existing among our people. This is as it should ever be, and we earnestly hope and pray that nothing hurtful or divisive shall be brought into this session of the Convention.

## Department of Missions

### 1. THE CHALLENGE OF THE NEW NORTH CAROLINA

At the meeting of the Baptist State Convention at Hendersonville in 1910, by invitation of State Secretary Livingston Johnson, I made the speech on State Missions. I chose as my subject, "State Missions and the North Carolina that is to be." If I were to make a speech on State Missions now, eighteen years later, I would speak on "The Challenge of the New North Carolina." Truly the North Carolina of today as compared with the North Carolina of eighteen years ago, is a new commonwealth. We have seen our State made over before our eyes in one short decade. The old conservative, easy-going, self-satisfied and self-complacent North Carolina of another generation lives only in dream and memory and in its stead has come the progressive, alert, hustling North Carolina of a new day and a new era. The eyes of the nation are upon us and the verdict of those outside who know, is that North Carolina is one of the most progressive states of the Union, standing in the very forefront of all the states in educational achievement, in good roads, in motor transportation, in agricultural development, in hydro-electric extension, in the varied forms of industrialism and manufacturing, in health conservation, in child welfare work and in all those other fine and wholesome efforts that make for civic righteousness and better standards of living among the people. The changes have been so rapid, so gigantic, so kaleidoscopic, that we are confused and bewildered by it all. Consider somewhat in detail these items that have gone into the making of the new North Carolina.

Eight years ago next March, the legislature passed the first bond issue for good roads. Since that time the Highway Commission has spent nearly \$150,000,000 for permanent road construction besides what the communities have spent. With the coming of this marvellous system of good roads there are no more isolated communities nor "lost provinces" in the State, but instead the State has become one big neighborhood and Highway Number 10 has become the "Main Street" of a new commonwealth.

Along with good roads has come the automobile by the multiplied thousands and easy motor transportation has changed in a radical and far-reaching way the whole life of our people.

Too, we have made wonderful strides in educational matters. It is true that we still have a long road ahead of us, but surely we have come a long way in educational achievement since the advent of Aycock, North Carolina's prophet and flaming evangel of a new era in education.

Then consider the hydro-electric growth and development within the compass of two decades. The whole State has become one vast net-work of high power lines, bringing energy and light and heat from the falls of our fast descending rivers to multiplied thousands of factories and homes and firesides.

Along with all of this has come almost every conceivable form of manufacturing and industrial development. The cotton mill industry of New England is moving almost bodily to Piedmont North Carolina and upper South Carolina. The new rayon industry is destined to transform Piedmont and Western Carolina within ten years.

We have thus hastily sketched the coming of the new North Carolina, that we might urge upon the Convention the imperative necessity of carefully taking stock of our present State Mission Program and scope of endeavor and see if the present outlay in effort and money is going to meet the demands of the new day and be equal to the challenge of this imperial and spacious hour. It is said of the men of Issachar that "They were men who had understanding of the times, to know what Israel ought to do." God grant that North Carolina Baptists may be given insight and wisdom to understand the times in which we are living and know what God would have us do! Into every one of these new towns and industrial centers the Baptist Missionary and worker ought to go along with the town site surveyor. The best location in all of the community ought to be secured for the Baptist Church. The new comers into these communities are largely from the mountain section of our State and they are our own people. They make some of the finest supporters of our work when rightly organized and worthily led. The new North Carolina presents such a challenge to this Convention as has not come to us in this generation.

## 2. PASTORAL AID AND GENERAL MISSIONARIES

There has grown up a feeling among some of our people that there is a distinction between aiding a mission church in the support of a pastor and the support of a special worker whose duties are confined to a special phase of State Mission work. We think it is a distinction without a difference. The missionary pastor's labors are confined to one church or a field of churches, while the general worker is appointed for service in a special kind of work, and

has the territory of the whole state or a part of the state as his field. Some think of the salary of a general worker as "over-head expenses" while the salary paid a missionary pastor serving a local church or field of churches as "State Missions." We need to do some clear thinking on this subject and we have thought it wise to bring this matter clearly to the attention of the Convention. We submit that the heads of the Sunday School, B. Y. P. U. and W. M. U. Departments are just as truly State Missionaries as the pastors of local churches. We believe that the Student Secretaries at four great State Schools, working with at least two thousand Baptist students are as truly State Missionaries as any employed by the General Board. They are doing their part to save and hold true to our faith these future potential leaders for Christian service in the years ahead. Therefore, we hope this Convention will give serious thought to this matter and speak a clear and emphatic word for the guidance of the General Board in its future work.

With the reorganization of the General Board Brother W. M. Gilmore was made Secretary of the Department of Missions. He has been faithful and tireless throughout the year in visiting mission churches, speaking on our work, assisting in stewardship campaigns, and stirring up interest in all of our general work. He is an invaluable missionary at large with all North Carolina as his field of operations. He is an invaluable aid to the General Secretary in all phases of our Convention work. We submit herewith his annual report:

### 3. REPORT OF MISSION SECRETARY

By WALTER M. GILMORE, *Secretary*

Since the first of this year when my colaborer, A. C. Hamby, who for several years had done such effective work in the western part of the State, resigned and reëntered the pastorate, the field of operations of the Secretary of this Department has been the entire State. During these ten months we have journeyed into every one of the 65 Associations in the State, with possibly one or two exceptions, and have sought to render some personal service in them.

We have gone to more than 150 different churches during the year and have tried to hold up Christ on the Cross as the only panacea for all of this world's ills. In some cases we have spoken two, three, four and even more times in the same church, magnifying the program of Jesus, that of teaching, preaching and healing, and Christ's method of taking care of this program by practicing the vital doctrine of Stewardship, insisting that "every one on the first day of every week lay by him in store as the Lord has prospered him."

During the first two months of the year we devoted much time to the Centennial Campaign in various capacities. In March and April the Secretary, with the assistance of S. H. Templeman, L. Bunn Olive, Trela D. Collins, Fred A. Bower, and R. C. Campbell, conducted 26 all-day Mission Rallies in as many different Associations, seeking to arouse the people to the supreme importance of rounding up the spring campaign in a worthy way. A. C. Hamby, John R. Jester and H. H. McMillan conducted five other similar rallies in other Associations.

From the middle of July till the tenth of November we have attended 20 Associational meetings in the interest of the work of our General Board. For ten days in June we were engaged in looking after the business side of the Preachers' School at Meredith College. We have attended practically all of the Conventions and general meetings in our State and Southwide, doing the publicity work for these in many cases. We attended the meeting of the Promotional Committee in Nashville in June, and also made a trip to Louisville in the spring with a view to bringing back to the State our students in the Seminary when they complete their courses there. We have acted as recording secretary of two meetings of the General Board, and several meetings of the Executive Committee of the Board. At the direction of the Board we have taken over the work of the statistical secretary, which E. L. Middleton did for so many years, in addition to our regular work as Recording Secretary of the Convention.

In the midst of our multifarious duties we have made a special effort this year to study the situation in our industrial centers throughout Piedmont North Carolina. In a score or more of such communities we have made partial surveys, quite enough to give us a definite and clear-cut impression of the vast and acute needs that now exist in this section. We verily believe that our Board could expend many thousands of dollars in these rapidly developing centers to great profit. Experience has proven that churches aided in these industrial communities soon become valuable denominational assets.

Within the past few months a number of gigantic industrial enterprises have come to this section. Towns spring up over night and cities already in existence suddenly have their population greatly augmented by the coming of these enterprises. In practically every case the Baptists far outnumber all the other denominations put together. They must be helped and encouraged to build a church and sustain a pastor. We know of a number of cases right now where a few hundred dollars wisely expended in encouraging such churches would yield large dividends in the near future. But what can we do with such situations? So many of our old established

churches still appeal to our Board for assistance that our income is completely exhausted before we get to these new developments. Your Secretary is wondering how long it will be before our policy can be changed somewhat so that we can meet the imperative needs of these growing centers.

We have also gone into the tidewater and mountain sections of our State. While their problems are difficult, their opportunities are challenging. Both ends of our State are feeling the effects of the great industrial progress that has come to us in recent years. In most cases our cause has already been planted in these sections. The churches need to be nurtured and cultivated. But for the timely aid of our Mission Board many of them would have long since gone the way of all the earth. In this day of good roads and rapid transportation, many of them ought to consolidate. Many others ought to form fields and locate a pastor in their midst. Thereby the Board might be relieved to some extent to help the new work that ought to be started.

It would be a suicidal policy for our Board to withdraw entirely from these older communities in which we have invested so much already. In some cases the churches our Board has been aiding may never become self-sustaining, but these churches are continually sending into our more prosperous communities their young people. So the whole State is vitally interested in the religious training of these young people.

Into the homes and churches of a score or more of the faithful pastors who are being aided by our Board we have gone this year seeking to carry encouragement and inspiration. On every hand we have been cordially received and have been the recipients of far greater blessings than we have been able to impart, for which we profoundly thank God and take courage.

The following is a summary of the report of the work done by our missionaries throughout the State during the past year:

#### 5. HOME AND FOREIGN MISSIONS \*

During the last Southern Conventional year, North Carolina Baptists gave to Home Missions \$46,999.98 and to Foreign Missions the sum of \$129,927.64. There will be a slight falling off we fear this year. The future of the Home Board and its work will have to be carefully and prayerfully considered by the next Southern Baptist Convention. Until then we sincerely hope our people will stick by the Coöperative Program and let us take care of the debts and obligations of the Home Board until such time as the Southern Baptist Convention may have time to consider the matter and make some final deliverance thereon.

We are glad to say that the Foreign Mission Board is slowly but surely working itself out of debt. Of course it means a serious reduction in the work of the Board, but we believe the sensible thing is to get out of debt at the earliest possible moment. We hope before long, Southern Baptists will be able to change the schedule of percentages so that Foreign Missions will get not less than 30 per cent out of every dollar given to the Coöperative Program.

#### 6. EVANGELISM

We have four evangelist in the employ of the General Board. Brethren J. R. Cantrell, Raleigh, and S. T. Hensley, of High Point, give their time largely to holding evangelistic meetings with State Mission churches. Brother J. M. Page is our building evangelist, but is many-sided in his activities. He is especially gifted in designing and helping in the erection of church houses and Sunday School equipment. Brother J. H. Moore, Durham, is our worker among the colored Baptists and has done a good year's work.

Here follows the report of the four evangelists:

|                                                  |             |

#### 7. SUMMER SCHOOL FOR PASTORS

We are glad to report that the Summer School for Pastors has grown greatly in worth and importance and in the favor of our pastors and people generally. The attendance last summer was around 325 pastors and pastors' wives. W. R. Cullom has been selected as Dean for another year and already a splendid corps of teachers are under engagement for next summer and we fully expect five hundred to come for instruction and fellowship in this fast growing school for pastors.

About \$800 was spent this year in paying the room and board at Meredith College of one pastor from each Association. These brethren were selected by the Executive Committees of the various Associations. We believe it was a wise expenditure of mission and educational funds and we recommend that the same plan be followed this year. Many pastors were thus enabled to come apart for ten days of study and fellowship that could not have come if their expenses while at Meredith had not been provided.

#### 8. CHRISTMAS DEBT-PAYING CAMPAIGN

At the last meeting of the Southern Baptist Convention a resolution was adopted authorizing the launching of a Southwide Debt-Paying Campaign at Christmas time. We presented the matter to the meeting of the General Board last June. After prayerful and careful consideration of the whole matter, the General Secretary

was authorized not to put on the campaign. But in lieu thereof, the objective for the Coöperative Program for the year 1929 was increased from \$600,000 to \$700,000 and the associations were asked to underwrite this additional amount. In accordance with this resolution, we worked out carefully a suggested goal for each Association. We are glad to report that almost every association in the State voted to undertake to raise the additional amount. The pastors and Executive Committee of each association were asked to divide this suggested goal among their churches and to ask each church to underwrite the amount with an Every Member Canvass December 2-9. This has been done in a great many of the associations already.

The General Board at the June meeting voted also to leave the further participation in the Southwide Debt-paying Campaign at Christmas time to the judgment of each pastor and church. Of course those churches desiring to put on the Campaign and make extra offerings for our Coöperative Program at Christmas time will have opportunity to do so. We thus bring the matter to the attention of the Convention, giving in substance the action of the General Board with respect to this matter.

#### 9. SHALL WE TAKE OVER THE HOME BOARD WORK?

In view of the fearful loss that has come to the Home Board through the defalcation of the former treasurer and owing to the inability of the Home Board to continue much of its regular work, we believe the time has come for the North Carolina Convention to take over all mission work in North Carolina now being done by the Home Board. One year ago the Convention voluntarily relieved the Home Board of all coöperative mission work within our state. The only mission work now being done by the Home Board in our state is the Indian work in Robeson county and the Indian work at Cherokee. It would mean that our General Board would have to assume the salaries of missionary J. K. Henderson at Pembroke, and Brother and Sister J. N. Lee, Cherokee, N. C. We ask the Convention for definite instructions with reference to this matter.

#### 10. SPECIAL DAYS AND SPECIAL OFFERINGS

We believe the time has come for the Baptist State Convention of North Carolina to say a plain and emphatic word about the matter of special campaigns and special offerings. We believe that the Convention ought to instruct the General Board, the members of the Promotional Committee of the Southern Baptist Convention from North Carolina, its General Secretary, and all others having to

do with the making of programs for North Carolina Baptists, that henceforth we are going to stay by the Coöperative Program as the method of doing our mission, educational and benevolent work. We believe that this is the one solution of our financial problems and difficulties to maintain and strengthen and popularize the budget method of doing all of our denominational work. We do not believe that North Carolina Baptists ought to be asked to turn aside for any more Campaigns or special offerings except those already in vogue among us: viz., an offering once a month in the Sunday Schools together with a State-wide offering of the worth of a day's labor on Thanksgiving Day for the Orphanage; the offering for Home and Foreign Mission in the Sunday Schools in March and April; Mothers' Day offering for the Hospital in June, and State Mission Day in the Sunday Schools in September. We would recommend that all having to do with the formation of plans and the direction of the work of the North Carolina Baptist State Convention be and are hereby instructed NOT to enter into any further special days or campaigns, calling for extra contributions except those as outlined above.

In the event of an unforeseen emergency, seeming to require a special campaign or special offering for any object or cause supported and fostered by the Baptist State Convention, before putting on such campaign or offering, the General Secretary shall present the matter to the General Board or the Executive Committee of the General Board for endorsement and instructions.

#### 11. REPORT OF DEPARTMENT OF WOMAN'S MISSIONARY UNION

The Woman's Missionary Union is celebrating this year their Ruby Anniversary, forty years of marvelous missionary achievement in North Carolina. The story of the achievements of these years in the growth of missionary sentiment and in the spread of missionary information in the churches reads like a veritable romance. The Convention is under an everlasting debt of gratitude and love to Mrs. W. N. Jones, the President and leader of the Union for more than forty years, for her devoted, untiring and unselfish service rendered the cause of Missions in our state. We submit below in detail the report of the officers of the Union for the year 1928:

##### WOMAN'S MISSIONARY UNION

The year 1928 marks the fortieth anniversary of the organization of the Woman's Missionary Union, Auxiliary to the Southern Baptist Convention, and the forty-second year of the Woman's Missionary Union, Auxiliary to our Baptist State Convention.

The Ruby Anniversary movement to celebrate this fortieth anniversary was launched at the meeting of the Woman's Missionary Union in Louisville, Ky., May, 1927. Three objectives were taken: an increase in organizations of 40 per cent, an increase in membership in existing organizations of 10 per cent; and an anniversary gift of \$4,000,000. The part apportioned to the Woman's Missionary Union of North Carolina in these large aims was the organization of 967 new societies, an increase in membership of 4,000, and a gift of \$402,000. Because of this the emphasis in our work in 1927, the year for which this report is made, was laid on new organizations and 708 new societies were organized before Dec. 31, 1927. The greater number of these new organizations was among our young people. These new organizations gave us a total of 2,781 societies. Every year because of the expense of maintenance we are forced to drop from our roll those societies that fail to make any contribution during the year to missions and benevolences. So many of the new organizations fill in the places of those that have failed to function as missionary societies because of lack of interest, or having their interest directed to local activities.

We have increased the number of Standard Societies, though we have not laid undue stress upon this matter, the stimulation of missionary thought and gifts being always our first consideration. The Woman's Missionary Union has a complete organization in North Carolina, and it is possible to get in touch with every member in a minimum of time. The Divisional and Associational officers have been most efficient and untiring in their efforts. Fifty-five meetings were held in the Associations and the Superintendents report 26,500 miles traveled, and 15,327 letters written. This is entirely a voluntary service, without expense either to our Union or the Board. Field work was done in eleven Associations fifty-two mission study classes were held and eighty-six societies revived and organized by these workers.

The Centennial Campaign has been given a prominent place in all our meetings, and we shall endeavor to collect all pledges made by our Union to this Fund. In addition to our offerings to the Coöperative Program we have five special offerings during the year: the Lottie Moon Christmas Offering for Foreign Missions; the Thank Offering for Home Missions, in March; the Heck Memorial Offering in June; the Offering for our W. M. U. Training School and Margaret Educational Fund in August and the State Mission Offering in September. The record of the years justifies us in our belief that these special offerings are not only in accordance with the Scriptural plan of giving, but are a great incentive to our work.

We present the following financial report of the work for the year 1927:

We realize fully that these figures cannot possibly represent the love and service of the more than forty-four thousand women that make up our organization. Underlying every effort there has been the devotion and consecration of this host of women, and our Union that has through all the years laid the emphasis on Bible Study, Mission Study, Personal Service in His Name, Christian Stewardship and Prayer stands today on a firm foundation.

With grateful hearts we would say, "Not unto us O Lord, not unto us, but unto Thy name give glory for Thy mercy and Thy truth's sake."

Respectfully submitted,

## 12. BAPTIST HISTORICAL COMMISSION

The following report of Chairman J. T. Alderman of the Historical Commission brings encouragement as to the progress being made in the preparation of our first volume of our proposed History of

North Carolina Baptists. Dr. George W. Paschal, of Wake Forest College, has been working for some two years on this first volume of North Carolina Baptist achievements. We are glad to report that he is making some progress in the matter and we hope to go to press with this volume early in the new year. He has gone back to original sources and we confidently expect a history of our Baptist people that will be accurate in historic data and at the same time be entirely worthy and acceptable as a literary contribution to the Baptist life of North Carolina. The following is the report of the Historical Commission:

## REPORT OF THE BAPTIST HISTORICAL COMMISSION

By JAMES T. ALDERMAN

Research students are asking for a comprehensive history of the Baptist denomination in North Carolina. Hitherto no work of the kind has been prepared. Prof. C. B. Williams a few years ago published a splendid little introduction to our history which is fine as far as it goes. It is now out of print and copies are rare. Brief historical and biographical sketches have appeared in the Biblical Recorder and other papers. The Baptist Historical Papers published by T. M. Pittman and Dr. J. D. Hufham furnish material which can be found nowhere else. Some of the associations have put into permanent form sketches of their history, most of these are very brief and much important information has been omitted.

Our Baptist people have always been concerned more about making history than about preserving it. It is amazing how little has been recorded. Church records were simply and literally minutes which presented the barest facts. They were void of explanatory references and sidelights which might aid the student in understanding conditions which prevailed at the time.

A vast amount of important material, record books, church documents, letters, and the like have been allowed to go to waste or burned as so much trash. Our history is just so much the poorer by such prodigal neglect.

This year finds us in the midst of peculiar conditions. The great institutional libraries in and out of the state supported by funds from the state treasury or from great endowments are able to put salaried agents into the field; these agents are ransacking every nook and corner, gathering up all forms of records including church records and documents for the enrichment of their respective libraries? This is a commendable effort on their part, but shall we as Baptists rest supinely while others are collecting material rightfully our own, in order that they may deposit it as spoils in

those competing libraries. The crusade is on *now* no matter how indifferently we may close our eyes to the fact.

There are in the new library at Wake Forest fire-proof rooms and vaults, well arranged stacks and filing cases, for the preservation of all such important books and documents which might be given to the library or entrusted to its keeping. These deposits will be labelled and carefully indexed so as to be readily found when desired. If churches or individuals should be unwilling to relinquish their ownership of such material, the library has arranged for the safe-keeping of items specified and to allow the title to remain with the depositor.

There is, no doubt, a vast amount of priceless material in private homes in many parts of the state exposed to destruction by fire. Some of the older records have survived the destructive agent and their stories reach back well beyond the century mark; they are venerable with age, but they are in danger of being lost by fire or vermine. We have in mind two notable instances of just such a calamity. The original records of the old Sandy Creek Association which was organized in 1758, were burned in 1816 when the home of Dr. William Lightfoot, the clerk, was destroyed by fire. The early history of the old Yadkin Association organized in 1786 was lost when the home of Dr. Martin, the clerk, was burned about 1854. These are only samples of many other instances of the same kind.

The managers of the Wake Forest Library ask the Historical Commission to insert the following:

This Convention urges the churches to deposit their early records in the fire-proof room of the Wake Forest College library for safe keeping, subject to recall by the church. It asks the District Associations to coöperate with the Historical Commission by calling the attention of the churches to this important matter.

If the ministers and laymen would institute a systematic search for items of historical interest many things heretofore unknown might be brought to light. A memorandum indicating where these items may be found should be sent to Mrs. E. T. Crittenden, librarian, at Wake Forest.

Dr. G. W. Paschal, who is writing the first volume of our history, says it will be ready by the centennial year.

### 13. BAPTIST BOOK SHOP

We are glad to report that the Baptist Book Shop has had a very successful year. From May 1, 1927, to April 30, 1928, we sold \$40,919.92 worth of books. The stock has been greatly increased and we have been compelled to provide larger space for the display of our books. We are glad to advise the Convention that the Book

Shop is out of debt and has already turned into the State Mission funds for this year \$1,257.29 profit and has paid a like amount to the Baptist Sunday School Board, Nashville, Tenn., joint owner in the enterprise.

We wish to acknowledge with gratitude the debt we owe the Manager, Miss Madge Alderman, for the splendid business-like manner in which she has carried on the business of the Book Shop. If we had room to expand, we confidently believe that in a few years the Baptist Book Shop would be paying into the State Mission funds a handsome sum each year.

### REPORT BAPTIST BOOK SHOP

MISS MADGE ALDERMAN, *Manager*

The Baptist Book Shop, Raleigh, N. C., which is owned jointly by the General Board of the North Carolina Baptist State Convention and the Baptist Sunday School Board of the Southern Baptist Convention, Nashville, Tenn., has had the best year in its history. Net sales for the year ending April 30, 1928, amounted to \$40,919.92. The net worth of the business was increased during the year by \$5,597.21, which was the profit for the current year left in the business.

The Book Shop is now on a paying basis, September 1, 1928, all bills were paid and the management was able to hand Dr. Maddry a check for \$1,257.30 and the Sunday School Board a check for \$1,257.29 for profit accrued during the three years since the business was taken over jointly by the two boards. Although the store has shown a nice net gain each year, this was the first division of profits, as all other profit has been left in the business.

We handle all supplies for church, Sunday School, and B. Y. P. U., except quarterlies and periodicals, which should be ordered from Nashville. Our stock of books consists of study course books for the Sunday school, B. Y. P. U., and mission study books for each department of the W. M. S., as well as the best books of current religious thought from all publishers; also children's books and books of a general nature; and a large stock of Bibles. By means of the catalogues at our disposal, we can secure any book in print within a short time.

It is our aim to fill orders promptly and efficiently, and we are anxious to render a distinctive book store service to the Baptists of North Carolina.

We appreciate your coöperation and business during the past year and trust we may merit your continued patronage and support. When you patronize your own Baptist Book Shop you make a real

denominational investment, as our share of the profits of this store is turned into State Mission channels.

Write us when in need of any book or supplies. Catalogue will be sent free on request.

#### 14. BAPTIST FOUNDATION

We bring below the annual report of the Trustees of the Baptist Foundation. Commendable and gratifying progress is being made in the matter of interesting our well-to-do Baptist people in making provision in their wills, and by special gifts to the various Baptist institutions and agencies. We believe that here is a veritable gold mine that as yet, has not been touched. We wonder if the time has not come when the Baptist Foundation should be instructed to make a special effort to induce our Baptist people generally to remember the Foundation in making their wills and in the disposition of their estates. We trust the Convention will give serious consideration to this matter. The following is the report of the Trustees of the Foundation:

#### REPORT OF THE NORTH CAROLINA BAPTIST FOUNDATION

By CARROLL WEATHERS, *Secretary*

At the close of business October 31, 1928, the North Carolina Baptist Foundation was administering 12 trusts of the aggregate value of \$82,763.92, which represents an increase of \$1,481.03 during the year.

The present active trusts are as follows:

1. Two vacant lots in Sunset Park, Wilmington, North Carolina, valued at \$900.00, the gift of Brother W. L. Carter of Greensboro—object undesignated.

2. A fund of \$39,918.95 now being held as an endowment for aged ministers of North Carolina. Upon instruction from the General Board of the Baptist State Convention, the Foundation has during the year paid \$2,319.81 of income to the General Board. A fund of \$1,000 which the Foundation has been holding for the benefit of aged ministers subject to the life estate of Mrs. W. O. Allen has now, upon the death of Mrs. Allen, been transferred to and merged into this fund.

3. A fund of \$5,000 from the Noah Biggs estate, as an endowment for Mission work in the Roanoke Association. Income to the amount of \$285.28 has been paid to the General Board of the Convention.

4. A fund of \$5,000, also from the Noah Biggs estate, as an endowment for the building of churches in the Roanoke Association. Income to the amount of \$285.28 has been paid during the year to the General Board of the Convention.

5. A fund of \$2,500, also from the Noah Biggs estate, as an endowment for the relief of aged ministers. Income to the amount of \$171.65 has been paid to the General Board of the Convention.

6. A fund of \$2,500, also from the Noah Biggs estate, as an endowment for ministerial education, income from which to the amount of \$144.92 has during the year been paid to the General Board of the Convention.

7. A house and lot in Newland, Avery County, North Carolina, valued at \$10,000 for State Missions, subject to an annuity of \$120, payable in monthly installments of \$10, during the life of Brother D. P. Bridges.

8. A fund of \$1,094.82, the name of the donor withheld at his request, which has been increased during the year by the amount of \$400.00 and which is held in perpetual trust as a memorial, the income to be paid annually to the Thomasville Baptist Orphanage. At the request of the Orphanage the income from this fund is, for the present, being accumulated and reinvested.

9. Two lots in Sunset Park, Wilmington, North Carolina, the gift of Brother W. L. Carter, to be sold as soon as practicable and the proceeds held for the Thomasville Baptist Orphanage.

10. Two lots in Sunset Park, Wilmington, North Carolina, also the gift of Brother W. L. Carter, to be sold as soon as practicable and the proceeds held for the Baptist Hospital, Winston-Salem, North Carolina.

During the year Mr. Stephenson has been to Wilmington and made a personal investigation of all the lots in Sunset Park, the title to which is now in the Baptist Foundation, and has requested the Carolina Building and Loan Association to list the lots for sale as soon as a reasonable price for them can be obtained. No sale will, of course, be closed without the consent of the Board of Directors.

11. A remainder interest in the Hurdle Farm in Edgecombe County, North Carolina, subject to the life estate of Brother E. J. Hurdle, the value of which remainder interest is carried on the books of the Foundation at \$10,852.40.

12. A fund of \$1,102.86 has been received during the year as agent for the Treasurer of the Denmark Loan Fund of Wake Forest College.

A summary of the twelve trusts shows that during the year the Foundation has distributed \$3,206.94 of income and now has \$133.94 of income on hand for distribution.

During the year Rev. G. H. Church of Statesville has died leaving an estate valued at about \$8,000 to the Baptist Foundation for the Orphanage and Missions. This estate is now in process of settlement and the funds should be delivered to the Foundation during the coming year.

Since the books were closed on October 31, the Foundation has received a fund of \$761 from the Gaston Association to be held and invested and the income to be used for ministerial students at Boiling Springs Junior College. We understand that this is the beginning of a fund that is to be increased as time goes on.

At the close of the last fiscal year the Foundation reported that it had received notice of the execution of forty wills and four trust agreements covering estates of the estimated value of \$835,000 of gifts in prospect, which together with the \$81,302.89 made a grand total of \$916,302.89 of gifts in hand and in prospect.

During the fiscal year we have received notice of the execution of three trust agreements and five wills under which the Thomasville Baptist Orphanage is to receive property of the estimated value of \$65,000, Meredith College \$10,000, Wake Forest College \$122,000, and Benson Baptist Church \$5,000, a total of \$202,000, making a grand total of \$1,037,000 of gifts in prospect, which together with the \$82,783.92 makes a total of \$1,119,783.92 of gifts in hand and in prospect.

The North Carolina Baptist Foundation has been functioning eight years during which it has distributed \$10,365 of principal and \$18,616.45 of income among our Baptist objects, institutions and agencies and has \$133.94 of income still to be distributed, making a grand total of \$28,981.45 distributed.

In our last report we stated that "The Foundation has now reached the point where the denomination as a whole should make a more systematic use of it than it has done up to this point." The gifts received during this year indicate the possibilities of the Foundation if such a systematic use is made of the Foundation. It would be highly advisable, in the opinion of the Directors of the Foundation, if some arrangement could be worked out whereby a designated representative of the Baptist State Convention could be put into the field, at least for a part of his time, to work for the foundation. During the year the Secretary of the Foundation in coöperation with the Secretary of the Virginia Baptist Foundation has prepared a series of six booklets. But for lack of funds these booklets have

not yet been printed. We think it would be advisable in some way to provide funds for printing and distributing these booklets.

All of which is respectfully submitted to the General Board of the Baptist State Convention for its consideration.

## 15. SPECIAL ITEMS

### 1. CHANGE OF DATES OF ASSOCIATIONAL MEETINGS

Since the Convention has adopted the Coöperative Program as its method of doing all of our Mission, Educational and Benevolent work, most of the Associations consider several of these items at one time and often under one report. In the old days representatives of the various objects vied with each other in attendance upon the local associations each desiring to be heard upon his own particular phase of denominational work. It is different now, and with the limited number of general workers who can help us in visiting Associations and presenting our work, we are often hard put to it to reach the Associations, especially in those weeks when so many are meeting. For instance, during the week beginning August 23rd six associations are meeting. During the month of September we have a repetition of the same thing, but during the month of October we are simply overwhelmed. During the week beginning October 9 we have eight Associations meeting. We have a repetition of almost the same thing in the third and fourth weeks of October. It is utterly impossible for two or three men even to represent our general work at the Associations. The pace is simply killing and it all could be obviated with a little planning and mutual concession between all concerned. We are glad to say that Tennessee and some of the other conservative states of the South have worked out a schedule for the meetings of the Associations whereby the representatives of the General Boards can attend all of them and everybody is the better off for the changes. With the change in the date of the meetings of a few of these Associations, the whole matter could be worked out in a very efficient and satisfactory way.

We therefore earnestly urge on the Convention the advisability of appointing a special committee to take this matter under advisement, work out a schedule of suggested dates for the meeting of each Association and that they be asked to submit this schedule to the Executive Committees of the Associations and ask their sympathetic and helpful coöperation. We believe great good can come from the work of such a committee.

### 2. THE ORPHANAGE AND THE COOPERATIVE PROGRAM

There seems to be a widespread demand that amounts given to the Orphanage through the Sunday Schools and on Thanksgiving

Day should be credited to the churches along with other contributions made to the Coöperative Program. We believe this would be a wise and wholesome thing to do and we hereby recommend to the Convention that the General Secretary be instructed to secure from the Orphanage Treasurer on Dec. 31, the amounts given by the churches to the Orphanage for the year, and that these amounts be included by the bookkeeper in the report for the year of amounts given to the Coöperative Program and that this annual statement be published in the *Biblical Recorder*.

### 3. FINANCIAL METHODS

We wish to state for the benefit of the whole denomination that every possible safeguard has been taken by your Executive Committee and your General Secretary to protect, conserve, and safeguard the financial interests and honor of North Carolina Baptists. When we came to the Secretaryship eight years ago, we asked the Board to authorize us to have a complete audit made of the books of the treasurer from the year 1919, the beginning of the 75 Million Campaign. This was done and at the close of each year we have had one of the best firms in North Carolina to make the audit. Everything has been found correct every year. In addition to this, three years ago, we began to publish in the *Recorder* once each quarter, the amounts given by the churches for the Coöperative Program. Also once each month we publish the total amount received, together with the distribution of all funds among the Boards and agencies. When we came to this work, we found the Treasurer bonded in the sum of \$5,000. We increased the bond to \$30,000. He is also bonded for the Centennial Fund in the sum of \$30,000. The bookkeepers of both funds are bonded in the sum of \$10,000 each. The Manager of the Book Shop is bonded in the sum of \$10,000 and the clerk in the sum of \$5,000.

With respect to the matter of borrowing money from banks, we quote article VI of the Constitution and by-laws of the Baptist State Convention:

The Executive Committee shall have power to borrow money and execute notes on behalf of the General Board for the purpose of meeting the obligations of said Board, and to do and perform any act incidental to or necessary in the execution and discharge of the work of the General Board: Provided, the Executive Committee shall not incur obligations for any object in excess of the budget fixed by the General Board. Notes may be executed in the name of the General Board and in its behalf by the Chairman of the Executive Committee, attested by the General Secretary, and when so executed by authority of the Executive Committee duly given, shall be the binding obligation of the General Board.

As a further safeguard and protection, we recommend that the Convention pass the following resolution for the guidance of the General Board, its Executive Committee and the General Secretary:

Resolved by the Baptist State Convention of North Carolina in annual session at High Point, November 13-15:

First, that at the annual meeting of the General Board of the Baptist State Convention in December of each year, the General Secretary shall be required to advise and inform the Board of all the obligations of the Convention maturing during the forthcoming fiscal year; together with an estimate of the maximum amount, if any, that it will be necessary for the General Board to borrow during the year;

Second, that the General Board shall thereupon adopt a resolution fixing the maximum amount that the Executive Committee is authorized to borrow during the year;

Third, that the General Secretary shall furnish each bank or institution or individual from whom the Executive Committee seeks to borrow, a certified copy of the resolution and a statement under oath of all the outstanding obligations of the General Board at that time; and the General Board shall not be responsible for any loans over and above the maximum amount stated in the resolution without formal action taken at a meeting of the General Board called for the purpose of authorizing additional authority to borrow.

#### 4. GENEROUS GIFT TO STATE MISSIONS

We are glad to report to the Convention the gift of \$1,000 each from Brother E. T. Pittard and Sister Sarah F. Pittard, Oxford, N. C., R. 2. for State Missions. This money is invested with the National Bank of Granville at 4 per cent, the proceeds to be used for the preaching of the gospel in North Carolina. Thus through all the years to come, this timely gift year by year, will be used to bring Christ's Kingdom in North Carolina.

#### 5. TRAINING PROBLEM

North Carolina Baptists have always been great evangelizers. Even before the organization of the Convention, our fathers were aggressively going afield in North Carolina to win the lost to Christ. As soon as the Convention was organized, they began in a systematic, organized, aggressive way to win North Carolina to Christ and the Baptists. The success of our efforts is seen in the mighty host of nearly 400,000 gathered into the churches. For nearly a decade now we have averaged around 20,000 baptisms a year. But we have sadly neglected through the years the training and enlistment task. There must be 200,000 of our church members who are unenlisted in our great denominational program, and vast numbers are not receiving any training at all for efficiency and service in the Kingdom of God. Our unsolved and crucial problem

is the enlistment and training of our vast army of nominal and unenlisted church members. For eight years now, we have tried to magnify this phase of our work. We can see that some progress has been made but much remains to be done.

What are we going to do about it? We believe profoundly that it is largely a young people's problem. We will not enlist many of the older people in our program of missions, education, benevolence and New Testament stewardship. First of all it is a problem of enlisting many of our pastors for the fact remains that many of the pastors in the backward Associations are unsympathetic with our denominational program and out of harmony with the plan of work and policy of the State Convention. But the children of these unenlisted Baptists are going to these consolidated high schools and many of them on to college. Shall we neglect them and leave them out of our plans and lose them to our churches?

Because of a shortage in funds and a harassing debt, we will be compelled to retrench in the volume and scope of our State work for next year. We bring this whole problem anew to the Convention and ask for an expression of opinion that will guide the General Board in making plans and outlining policies for another year.

## II

### Department of Education

There are seven schools and colleges owned and controlled by the Baptist State Convention of North Carolina. We are assisting each of these schools as far as possible with the funds available in the payment of their running expenses and teachers' salaries. Some of these schools could not exist for twelve months without aid from the Baptist State Convention in supplementing the salaries of their teachers. Under this department also we are assisting 126 young men and women who are going to be preachers and missionaries, in securing their education. The following is the report of Secretary M. A. Huggins for the year:

#### DEPARTMENT OF EDUCATION

By M. A. HUGGINS, *Secretary*

We record our gratitude to God for another year of progress in Kingdom building. The achievements of the year are so numerous that more space than is available could well be used. So only the most notable ones, will be herein recorded.

#### SECTION 1.

*General Items.* (a) The first phase of the Centennial Campaign closed in September. All in all, it was the most challenging task to which North Carolina Baptists have set their hearts and hands. Surely, with almost a million dollars subscribed during the first phase, North Carolina Baptists will come up to November 1930 with the full Million, Five Hundred Thousand raised. Only by so doing will the equipment which we are now using, in addition to a building imperatively needed at Wake Forest, be free of debt at that time. Thus far, hundreds of churches have had no part in this thank-offering for one hundred years of history. Surely this must not be said of a single church in 1930. Neither must it be said of a single Baptist whom God has blessed with property or the ability to get it. Let us not evade the issue: Only as we magnify Christian Education will our denomination grow and fulfill its mission as an agency in the building of Christ's Kingdom.

(b) Two events of particular import should be recorded here. Dr. William B. Royall, for more than 62 years a professor in Wake

Forest, passed to his reward on January 27, 1928. His long connection with the College sets a record in point of time not only in North Carolina but perhaps in the whole country as well. The quality of his service was even more distinguished than its quantity. He was a great teacher, as his students in Greek will testify. He was a greater man, they will also testify, because he was Christ-like. His life and service were a benediction not only to his classes, the college and the denomination, but to the State as well. Let Baptists cherish his memory as a rich heritage through all the years.

The inauguration of Dr. Francis Pendleton Gaines as the eighth President of Wake Forest College on April 25, 1928, was an event which brought together a distinguished company not only from North Carolina but from distant parts of the country. Perhaps Dr. Wait while teaching in the carriage house and Dr. Wingate while traveling through North Carolina saw that day and were glad. In a brilliant inaugural address, the new President urged that Wake Forest entertain the ideal of a small, cultural Christian College. To attempt to be large without the resources necessary for a large program would not be honest. A cultural college, he urged, because "culture is the way to freedom"; a Christian college, he urged, because education ought to be "illumined by faith and ennobled by obligation."

(c) Two statements should be made concerning the work of the schools during the year. It is doubtful if any year has ever been marked by more substantial achievement. During the past few years the Junior Colleges have been passing through a period of adjustment and of finding themselves. With them, a big question has been: what must we do to justify our existence now that the Convention has given us permission to exist; and yet again, how can we exist at all upon our meagre income, especially since students keep coming to us without money. Fortunately, the Convention has been able to provide enough to keep the wolf from the door, and certainly the product of the Junior College is now of a good quality.

Attention is called especially to the fact that the Institutions are living within their incomes. Since the Convention three or four years ago adopted this principle as a policy, the Institutions have made an honest effort to live in accord with this policy. Confronted as they are on the one hand with the necessity of maintaining standards with reference to faculties and equipment, and on the other, with a host of worthwhile but poor young people who can pay only a small part of what it actually costs to educate them, an outsider can hardly appreciate their temptation to hope for more income than reason justifies. And after the budget is made, the temptation is likewise great to exceed it because some unexpected and urgent

need arises. In either case, a deficit may easily be created. Figures given in another part of the report, however, show that the Institutions on the whole have not yielded to this temptation.

Moreover, with one possible exception, no debts have been created during the past five years. The money now accruing from the Centennial is going to discharge obligations created prior to that time. In a word, approved business methods, with only a slip here and there, prevail; and it may be stated positively that a dollar given to one of our Baptist Institutions is not only safe but pays for as much superior instruction as a dollar expended for this purpose anywhere. There is evidence that it pays for not only "as much" but for more.

## SECTION 2

*Faculty Changes.* The following Faculty changes have occurred in the several Institutions, effective for the school year 1928-29:

## SECTION 3

*Ministerial Education.* (a) During the year 1927-28 and the summer of 1928, students were aided in amounts ranging from \$7.50 to \$15.00 per month. Observe the following report:

| Institution          | No. College Students Aided | Amount     | No. H. S. Students Aided | Amount     |

(b) During the past months, the Secretary has been making a study of ministerial aid. The study covers a ten-year period, 1918-28. There has been an attempt to answer some questions. How many have been aided? How much has been expended? Where are those who have received aid and what are they doing? The study is not as yet complete, but it is approximately correct as far as it goes. One may get a fairly comprehensive idea about what has happened during the past ten years from a study of the following table:

TABLE SHOWING NUMBER MINISTERIAL STUDENTS AIDED DURING 10-YEAR PERIOD,  
ARRANGED IN GROUPS, WITH AMOUNTS EXTENDED TO EACH. NOVEMBER 1, 1928

| Group No.   | No. in Group | Description of Group                                                                                                                            | Amount to Each Group |

Perhaps the above table needs a word of explanation. There are, for example, 46 in Group 5. Those in this group have graduated and are working until funds can be secured for further study, and upon this group we have expended \$15,373.95. The other groups may be studied in the same manner. Attention is called in particular to Groups 8 and 9. None of these are listed in the Southern Baptist Convention or State Minutes. Letters mailed to some are returned: others are unanswered. Upon these two groups we have expended nearly thirty thousand dollars. In the judgment of the Secretary, 75 per cent of these two groups are not engaged in the ministry, nor are they likely to be, certainly as their major work.

## SECTION 4

*The General Audit.* The Minutes of the 1927 Convention, Pages 94-95, point out the purpose and method of the general audit. It is

not necessary to repeat either here. The Secretary has given much time to improving the bookkeeping forms now in use. He desires to record here the fine spirit of coöperation manifested by the bursars of the several Institutions.

Below are given three exhibits showing some facts gleaned from the audits of the several Institutions for the year 1927-28, that is, from July 1, 1927 to June 30, 1928:

In these exhibits, it must be understood that these figures show expenses for Repairs and Replacements but not for new buildings or Permanent Additions. Again, it should be pointed out that Column 3, Exhibit B, gives perhaps a truer picture of actual operating Income and Expense than is found elsewhere in these columns. Some will collect more than 50 per cent of the accounts due them, but perhaps it is not safe to count upon the probability of collecting a larger per cent than this. If this be considered, Chowan and Boiling Springs ran a little behind last year. Those two Institutions must, therefore, collect more than 50 per cent of outstanding accounts if a deficit for the year is avoided.

The Accounts Receivable listed in Exhibit C are considered good. These figures do not show the "face" amount, since a certain per cent considered uncollectible has been charged off. The actual standing of our Institutions on June 30, 1928 may be arrived at as follows: To amount Receivable add Cash on Hand, and from this total subtract the amount Payable. This of course is contingent upon collecting outstanding accounts as listed above.

---

\*In the case of Wingate the students overpaid by \$859.53, the actual expense of operation provided, of course, that all amounts charged to students are collected.

## Report of the Department of Benevolences

R. T. Vann has served wisely and efficiently this year as Secretary of the Department of Benevolences including Old Ministers' Relief, Orphanages and the Hospital. His report in detail follows below:

### 1. REPORT ON OLD MINISTERS' RELIEF

By R. T. VANN, *Secretary*

Since all the relief work for our old and disabled ministers in the South is administered by one General Board in Dallas, Texas, North Carolina Baptists should keep in touch with the work of that Board.

It should be remembered that this Board operates in two different ways: First, in the way of direct and immediate relief, and second, in the way of providing for old age through an Annuity Plan.

#### RELIEF WORK

In its Relief work for the year closing April 30th, 1928, the Board reported receipts from the churches of \$94,892.77, and appropriations for this purpose aggregating \$118,520.47. The beneficiaries during the year numbered 587 men and 570 widows, a total of 1,157. It accepted during the year 104 new applicants, dropped ten by request and four others for cause, and lost 76 by death. The total number on its new roll as of May 1st, 1928, was 1,171.

The Relief Department has invested as a Permanent Fund \$332,601.15, which as a corpus cannot be touched; also, a Reserve Fund of \$173,362.46, which is set aside for the purpose of stabilizing the regular allocations in case of serious loss in current receipts from any cause. The interest from both of these funds is regularly applied to current relief work. The policy of the Board is to apply 55 per cent of the annual contributions from the churches to relief work, and invest 45 per cent in the Annuity Fund. But for the last two or three years, because of the falling off in receipts, every dollar of these has gone directly to relief work.

#### IN NORTH CAROLINA

The list of beneficiaries in North Carolina at present includes 64 men and 61 women. During our past Conventional year seven men

and one woman have died—Brethren Braxton Craig, E. M. Gilbert, J. A. Jordan, J. F. Lanning, W. M. Myers, B. B. Riddle, E. L. Weston and Mrs. O. V. Thompson—and one has been dropped because he secured employment. Three men and five women have been added to the list, and three applications for aid are now pending. A total of \$14,259.18 was allocated during the year to our State beneficiaries, a reduction of \$2,812.15 from the amount allocated during the previous year. The Board received from North Carolina during that period \$9,042.94, a loss of \$592.51 as compared with the previous year. This Board, of course, in common with all our institutions, has suffered from diminished contributions in the last few years. The average allocation for men was \$120.72; for women \$116.53. This is rather above the average allocation throughout the South, which is \$110.

#### OUR BENEFICIARIES IN THIS STATE

In age, the men average 70 and the women 64. One of the men is over 91, and one of the women over 94. Thirty-one of the men own homes, which average in value \$885. Forty-eight of them have living wives and twenty-six have one or more dependent children. Of those with wives, sixteen have no home and twelve no income except the pittance received from the Board. Twenty-nine of them have an annual income outside their receipts from the Board averaging \$55 per year. A number of them cannot estimate the number they have baptized; but the others report an aggregate of 45,000 baptisms, and it would doubtless be safe to say that the total number baptized by them would aggregate 50,000. Their years of service aggregate 2,487.

Thirty of the widows own homes with an average value of \$1,300. Eighteen of these widows have dependent children. Eleven with children have no homes, and five with such dependents have neither home nor outside income.

Some of these men may perhaps be unworthy, and a number of them are illiterate; but many of them have been men of great power, and eternity alone will reveal what they, in their time and among their people, have accomplished for the Kingdom of God and the Baptist cause in North Carolina.

It will be observed that the amount received for our North Carolina veterans was nearly \$5,000 more than what we sent to the Board. In other words, we received from that Board \$1.57 for every dollar we sent them. It will be noted also that the general allocation of \$118,000 for the South was nearly \$24,000 more than the churches sent in for that purpose. This extra amount had to be taken from the Reserve Fund. And this fact compelled the Board to reduce allocations in general in order to preserve the integrity of its Reserve Fund. This general reduction aggregated \$15,070.15.

It must be added that in this work, we are still behind all our sister states in the South save Arkansas, Illinois, New Mexico and Oklahoma in the ratio of our receipts to the amount we contributed.

#### THE ANNUITY DEPARTMENT

By this plan, it is hoped still further to cherish and steady our worthy preachers in their days of active service by relieving them from the apprehension of neglect and want when disease or age has brought them to the inevitable dead-line. The Plan also proposes to aid their widows and orphan children. While by no means adequate, it is a good beginning, and gives promise of something better within the next two or three years. But even its present provision of \$500 a year for all annuitants is not to be despised, and this is within the reach of most of our pastors who are willing to exercise a little self-denial and forethought. The plan offers the equivalent of an income from a \$10,000 life insurance policy invested at five per cent during their natural lives after they have reached the age of 68 years, or at any previous time should they become totally disabled. All are eligible for membership in this class under 58 years of age. The cost, of course, varies with age, but at middle life, say 40, it is \$32.11. This is only one-fifth of the total cost, the denomination paying the other four-fifths. The Annuity Fund has increased \$268,737.06 within the last year, and now amounts to \$2,196,649.43. The number of annuitants now on the list is 1,366, and 85 are already receiving the benefits of the Fund. Within the years of its operation, \$91,108.35 has been paid to annuitants.

Since the safety of this form of insurance has been questioned by some, it may be stated that the Annuity Plan is on a regular actuarial basis and is not a matter of guess work. Its guarantees are as good as those of a regular insurance company as long as the Southern Baptist Convention maintains its Old Ministers' Relief Board. That is, the Fund is guaranteed by the same security as that on which banks and bonding companies now lend our denomination millions year by year for its other agencies; namely, the credit of those two bodies corporate, the State and Southern Baptist Conventions.

#### HOW THE BOARD'S FUNDS ARE ADMINISTERED

The several funds of the Board are invested chiefly in first mortgage bonds on improved real estate. No money is lent on personal security nor to any denominational enterprise or institution. The treasurer of the Annuity Fund, the treasurer of the Relief Fund, the cashier and bookkeeper are all adequately bonded. All investments that are made by an Investment Committee are reported to the Executive Committee for approval. No money can be borrowed from the

Board by any of its members or officials, nor can any loans of any kind or to any person or corporation be made without special authorization of the Executive Committee; and such authorization is necessary in each transaction. The checks against any funds of the Board must be signed by the Executive Secretary of the Board and the Treasurer of the fund checked on. The books have heretofore been audited every six months; hereafter, it is proposed to require an audit every four months.

The funds in hand seem to be well guarded and wisely administered. Our chief concern now is, first, to increase those funds so that the pittance now received by our worn-out ministers, their widows and orphans, may be trebled at least. This stipend in the South is less than one-third of that received by Methodist and Presbyterian preachers and one-fifth of that received by Episcopal preachers; and yet, the membership of these bodies in North Carolina, respectively, is only about two-fifths, one-sixth, and one-tenth of our Baptist membership. Secondly, to provide some plan whereby all worthy Baptist preachers may be able to do their work while in their prime untroubled by haunting apprehensions of an old age of want. Less than one-third of Southern Baptist preachers now derive any benefit from either the Relief service or Annuity Plan. In North Carolina, 570 of our preachers are without churches and have no part in either of these funds; and many, if not most, of these men must depend for their living on the care of their children or the charity of their neighbors. The Presbyterians of the North have recently completed successfully a campaign for \$15,000,000, to be invested for the benefit of their old preachers; and the Methodists in the South are nearing the completion of a \$10,000,000 campaign for their superannuates. Southern Baptists have no such fund, and under existing conditions among us, it is impracticable even to start a campaign for raising one. But we may increase our Board's helping capacity by outside donations from men of large means; by legacies; and by the purchase of the Board's Annuity bonds. Under this plan, generous-minded men and women may invest their means while living with the Relief Board, receive regular dividends from such investment during their lives, and at death, leave such funds as a permanent investment in the hands of the Board for the benefit of our aged ministers.

## 2. HOSPITAL REPORT

We are glad to report that the Baptist Hospital continues to grow in favor with our people and we wish to commend Superintendent Lumpkin for the wise and efficient way in which he has directed the affairs of the Hospital.

## NORTH CAROLINA BAPTIST HOSPITAL

By G. T. LUMPKIN, *Superintendent*

The North Carolina Baptist Hospital reached its fifth birthday on May 29th, of this year. From small beginnings it has grown to be one of the leading Baptist Hospitals in the South. It has successfully battled with the discouragements of the untried and now offers its helping hand to thousands of unfortunate sick of the state. It constantly seeks the presence of the great Physician and the results of its ministry are significant.

10,300 patients have received treatment since it began its work and nearly 2,000 of these were charity or part pay. For all of these we have done our best and only eternity can reveal the blessings the Hospital has provided in the relief of suffering and the saving of human life.

2,375 patients have been registered in the last twelve months and the death record among these was fourteen and one half to the thousand. The average number of days stay in the institution was nine and one tenth. It will be interesting to note that these are the lowest averages reported in the report of the Duke Foundation for the two Carolinas. These facts should be an eloquent appeal to our Baptist people who are able to pay their expenses to come to our Hospital and receive these fine advantages.

## FINANCIAL

For the twelve months from October 1, 1927 to September 30, 1928 the total amount of income from all sources for the operating account was \$104,033.16, and the total expense for that period was \$98-771.86. The savings of \$5,261.30 was used to help pay for the large amount of charity sent in by the Churches of the state.

We have a bonded indebtedness on the Hospital of about \$110,000.00 which is being reduced annually. The four per cent we receive from the Coöperative Program is used to retire the bonds which come due and to pay the interest. Thus far we have kept the interest paid and retired the required amount of bonds each year.

The charity work is entirely separate and apart from the bonded indebtedness, and for ministering to the sick we can use no part of the four per cent fund. All charity work is a part of our operating account and must be cared for by Mothers' Day offerings, annual donations from the Duke Foundation and any reserve funds or earnings the operating account may have.

This year we have received from Mothers' Day offerings \$13,316.85. We will get about \$7,500 from the Duke Endowment, making a total of approximately \$20,816.85. But the number of charity patients will

be larger and the amount required for this work will total about \$30,000. So the Hospital will be compelled to pay around \$10,000 from its current expenses or go in debt. We shall be able to reach January the first without incurring any debt for the charity services, but from that time until next Mothers' Day we will be compelled to pile up a debt or decline to accept those coming to us for help.

#### THE NURSES' HOME

Two years ago the Baptist State Convention authorized the Trustees to build a nurses home. We are glad to report that this home is completed and we have been using it since early in the year. The entire cost of the building and furniture was \$45,500. Of this amount the Baptist Women of the state paid \$24,500, leaving a balance of \$21,000. The Hospital cut this balance down to \$14,000 and then appealed to the Duke Endowment for help to pay the balance. They offered to donate the last \$5,000, provided we raise the entire amount by January 1, 1929. We accepted the challenge and now have all the required amount to get the offer except \$2,500. We must have this and we are praying that some good Baptist brothers and sisters will come to our aid now and give us this amount so that we may be free from this debt. This will greatly increase our possibilities for charity work and be a wonderful inspiration to our entire program.

#### NEEDS

Let us not forget that this is our own hospital. It was conceived in our own hearts, built and equipped for the saving of our own people, ordained to be the training school for our girls, and heralded as the saving station for our poor, unfortunate brothers and sisters. Therefore we owe it our patronage and financial support. We must give it the uplift of our fervent and continuous prayers.

We must also coöperate with the hospital in the matter of deciding upon charity patients. It is necessary that the Baptist Churches sending us patients see to it that none shall be recommended who are able to pay their own way. Because the hospital has no other way of securing this information. We cannot take invalids, incurables or contagious cases, and our churches must do their best to see that these cases are not sent to us.

Furthermore, the Churches can greatly help us by raising a part or the actual cost of caring for the free patient sent. While this may seem a small matter to the Church or community sending the patient, it will amount to a great deal when five hundred churches make such an effort. We cannot care for the increasing number of charity cases unless this is done.

Lastly, we must support the charity work by putting on the program and taking an offering on Mother's Day or some other Sunday. Remember this is the only fund we can use for this purpose, and we use every cent of it for free services. If we fail to make this offering or provide some other definite charity fund the Duke Foundation will withdraw its help for charity and all of the work for the unfortunate sick will discontinue. This will mean that hundreds will die uncared for and the Hospital will fail in its supreme mission.

All of these things your Trustees recommend and urge. We shall need at least \$25,000 for this purpose. May we pray and plan to raise this splendid offering next Mother's Day for our own sick that at least a thousand of those who need us may receive the blessed touch of the healing hand and be made whole.

### 3. ORPHANAGE WORK

We are greatly pleased with the progress that is being made in all phases of our Orphanage work. Our General Manager is recognized in North Carolina and throughout the South, as one of the most progressive and forward-looking Orphanage men in the South. He has led all North Carolina in child-welfare work and to him belongs the credit of showing the State of North Carolina the way and leading her in the practical methods of doing Mothers' aid work. We ought as a Convention to stop long enough in our labors to pay tribute to our great Manager who has so successfully led North Carolina Baptists in their Orphanage work for twenty-eight years. Truly God has grown one of His great servants before our eyes and we ought to recognize it before it is too late. We give the following as the report on the Orphanage:

### ORPHANAGE REPORT

By M. L. KESLER, *General Manager*

This is a method of giving an account of our stewardship to this Convention for the past twelve months. During the year we have had in our care 689 children, an average of 617. We now have 503 at Thomasville and 116 at the Kennedy Home. During the year 353 have been under our care as Mothers' Aid cases. At present we have 265 children with their mothers. So for the year we have had in our care, all told, 1042 children. A perfect report should be thought of in terms of the life history of these more than 600 boys and girls in the orphanage for one year of the formative period of their lives. It would be a record of habits formed and

broken; fears allayed and quickened hopes; loss or gain in character; the beginnings of aimless living or the stirrings of nobility. There would be individual chapters which in many cases chronicle the struggles and decisions which point to worthy achievement.

In order to lift this into vision, allot to each of these children an anxious father and fond mother guarding and guiding his young feet in untried paths. This all brought together at the close of the year would furnish a heart engaging report. Reduce this to terms of our present situation at the orphanage, cottages with 30 boys or girls—some of them 40, with one woman in charge, and you see something of the size and perils of our task. We seem to be forced to state that our capacity is more than six hundred children when it should be placed at five hundred or far better, at four hundred, twenty children to a cottage. Members of this Convention will live to see the day when they will wonder why we crowded these cottages and gave to matrons an impossible task, when so many of the children could have been handled in their own homes, or by other outside methods. The above observations may not be an orthodox form of report, but they furnish the best type of report, if they lead to more constructive thinking about this exceedingly important matter.

This is closely related to the per capita cost of caring for children. The lack of funds has compelled us to cut down Mothers' Aid. But even with the smaller number thus helped, the per capita cost per month per child, counting all, is cut down from \$23.55 to \$17.70. The day we began case work we made it certain that sooner or later we would be compelled to review our methods and make new appraisals. Case work is taking each application and having it thoroughly investigated by a worker with training and a level head. A case worker is a diagnostician in the field of child dependency. This work is the delicate task of probing into homes going to pieces from many causes, learning conditions at first hand. It is in many cases a family diagnosis, with the purpose of saving the home if possible and in order that the child may be saved in the home. Careful and tactful investigation may disclose the fact that the child may be cared for to best advantage by some relative. This may appear to be unwarranted interference with family affairs. But remember that a call for help gives the institution ample ground for opening the door and going in for a complete study of the case in all of its bearings. The result is that many cases are adjusted, the denomination saved the expense, all parties are pleased, and a whole neighborhood awakened to a new sense of social obligation. Much of this type of work has been done during the year, but it is difficult to report and the orphanage gets little credit for it.

When careful study of a case shows that it cannot be cared for by relatives, it by no means follows that the children should all come to the orphanage. Many can be helped by Mothers' Aid, or boarding homes, some should go to a hospital, some should go to the Caswell or Jackson Training Schools, a large number should come to the orphanage, while others, problem children, should never be placed in any large group of children. This is but a glimpse of the field. At some early Convention the Orphanage should be given an hour and a half in which to go through the whole question.

#### OUR FINANCIAL SITUATION

In every part of our work this has become an engaging subject for discussion and decision. We were not forced to begin borrowing money as early as last year. During the spring months the returns from the Sunday schools were better than they were a year ago, but the late summer months tell a different story.

Along with other departments of our work we have felt keenly the general depression. However, our debt is not as great as it was a year ago.

Since the middle of June Brother Ford A. Burns has been in the field working for the orphanage. The plan is for him to visit pastors and Sunday school superintendents, putting them in closer touch with the orphanage. He uses Sundays and other opportunities to speak to the people. But his purpose is not to take collections but to line up our schools for better contributions. He gathers valuable information in connection with his visits. No immediate and marked increase in contributions is expected, but there can be no doubt of its value for the future. It is not expected that this work continue after the canvass is completed.

With the tremendous load we are carrying in the Centennial campaign, and the distressing debts on our mission boards, it behooves us to press with unusual diligence the once-a-month collections in every Sunday school, and a Thanksgiving offering in every church in the Convention. If this is hearty and thoroughgoing there can be no doubt about the result.

There have been occasional suggestions that the orphanage be put in the budget of the Coöperative program and do away with the monthly collections in the Sunday schools. If this is really a debatable question in the minds of many, it ought to be settled, but settled right. The middle of the stream is a bad place in which to swap horses. However, if the question should be raised seriously a committee should be appointed by the Convention or the General Board, which should first meet with the Orphanage Board and then report back to the Convention and let it be settled in a way pleasing to the Baptist churches of North Carolina.

The orphanage is as much a part of our Coöperative program as any other object. It simply does not have a percentage allotment. The whole body of Baptists are joined hand in hand in its support from one end of the state to the other, without a broken link.

The Secretary of the General Board and the General Manager of the orphanage are suggesting that a quarterly report of orphanage receipts from the churches and Sunday schools be sent to the Treasurer of the Convention so that they may come out side by side with the reports from the regular program. It will show that the orphanage is not left out.

Our health record has been out of the ordinary. The health of the great body of the children has been unusually good. We have had no death. But we have had a number of queer cases of sickness, most of them chronic and very difficult to handle. This situation, however, has cleared up very much in the last few weeks, and we are getting back to normal.

The school shows the results of well organized work and the devotion of a splendid group of teachers. A gratifying arrangement has been made for handling the high school pupils of the Kennedy Home whereby they are carried by school truck to the high school at La Grange. The County school authorities were not able at this time to buy the truck, so the County Superintendent of Schools, Mr. E. E. Sams, and the Superintendent of the Kennedy Home appealed to the churches and friends of that section to purchase the truck. The county furnishes the teacher, a man, who boards at the Kennedy Home, chaperones the truck and makes himself generally useful about the Home. This enables the children who can do so to complete high school there without being transferred to Thomasville.

It is difficult to report on our religious life,—spiritual progress cannot be graded. Here above all other situations the vital thing of nominally accepting Christ, and living the Christian life is acute. This young life is here in mass and moves with mass psychology or the characteristic public opinion of youth. So this Christian experience must be genuine or it is a farce, or worse, a tragedy. Pastor Gardner is devoting himself with thoughtful earnestness, both in his classes and as pastor, to this most difficult and fascinating task. Cedar Dell, the little church at the Kennedy Home, has a most satisfactory arrangement by which the beloved pastor of the First Church at Goldsboro, A. J. Smith, comes to them on Sunday afternoons. His coming to them brings a joy and a blessing and the appreciation of his ministry cannot be adequately expressed.

We have had an unusual change in superintendents at the Kennedy Home. For some time other institutions have had designs on

R. F. Hough. So July first he went to Salem, Va., to take charge of the Baptist Orphanage there. During his four years with us he greatly endeared himself to the Home and to the community. We regretted to give him up. But fortunately we succeeded in getting his brother, J. C. Hough, to fall in and take his place without a break. Both had had considerable experience in school work as well as in practical affairs. It is a case in which comparisons would not only be odious but embarrassing. The regret is that we cannot have them both together on this big task in North Carolina.

#### IV

### Report of Department of Training Activities

Secretary Perry Morgan submits below his report of the Department of Training Activities. This department includes Sunday Schools, B. Y. P. U. and Student work. Commendable and gratifying progress has been made in each of these Departments this year. In Secretary Morgan the Convention has a wise, tactful and faithful general worker. Through this department much is being done for the training and enlistment of the coming generation of Baptist leaders for our churches.

I wish to pause here and pay a personal tribute to my dear friend and fellow-laborer in Christ's Kingdom, Brother E. L. Middleton. For nearly seven years I worked with him in an intimate and personal way. Truly he was one of God's noblemen! E. L. Middleton was a godly, consecrated man. He loved North Carolina Baptists with a consuming passion. He loved his work—the Sunday School work of the Convention. I can truthfully say he loved it better than he loved his life. "Greater love hath no man than this, that a man lay down his life for his friends," and that is just what E. L. Middleton did for North Carolina Baptists. "He counted not his life dear unto himself" but without stint or measure he poured out his life for Christ's cause. And even in his lifetime, he saw the Sunday School work of our denomination grow and come to greatness, until North Carolina stood in the very forefront of all the states of the South in Sunday School achievement. Truly a great man in Israel has fallen and we stand today with uncovered heads and contrite spirits to thank God for the great life He gave us.

"A voice is heard on earth of kinsfolk weeping  
The loss of one they love;  
But he has gone where the redeemed are keeping  
A festival above.

"The mourners throng the way, and from the steeple  
The funeral bell tolls slow;  
But on the golden streets the holy people  
Are passing to and fro.

"And saying as they meet, 'Rejoice, another  
Long waited for has come;  
The Saviour's heart is glad, a younger brother  
Has reached the Father's home.'"

The following is the report of the year's achievements:

## 1. SUNDAY SCHOOL REPORT

By PERRY MORGAN, *Secretary*

This is the first report made by the writer to the Convention since he became Sunday school Secretary. For seven years and nine months he was Secretary of B. Y. P. U. Work. Those were happy and fruitful years that brought to him a vision of the possibilities wrapped up in the young life of our churches. It is a conviction of the writer that the dictates of wisdom should lead us to continue our program of training and our educational ministry to our young people through our great Young People's Department now headed by James A. Ivey, who succeeded him as Secretary of B. Y. P. U. Work.

At the request of my brethren the scene of my activities was transferred to the Department of Sunday Schools on January 1. We found our Sunday School Work in fine condition. A sure foundation had been laid by Secretary E. L. Middleton during his twenty years of service. On January 1 he was yet seriously ill in our Baptist Hospital in Winston-Salem, and on February 13 went home to be with his Saviour whom he had served so faithfully and long.

### PERSONNEL OF GENERAL WORK

The personnel of general work remains the same as last year except that James A. Ivey, Field Worker for the west was elected Secretary of B. Y. P. U. Work. His place has not been filled, so we have one worker less than in 1927. L. L. Morgan continues as Field Worker. Gladys H. Beck, Elementary Secretary, and Bessie Morgan, Office Secretary.

### THE WORK IN GENERAL

The State Workers have spent their time on the field, in conventions, conferences, Sunday School rallies, training schools, institutes, revivals and enlargement campaigns in individual churches, groups of churches, district associations, and schools and colleges. For the most part their efforts and energies have been centered on projects that would enable them to touch and reach the largest number of rural and village churches. Of necessity a part of their time was spent in the headquarters office in planning for field operations. The Secretary always faces a mass of work in the office—answering personal correspondence, writing, issuing tracts, distributing free literature, and doing a hundred and more other things that are imperative in office routine.

## ASSOCIATIONAL WORK

With the Sunday School Board coöperating in paying one-half the salary and expenses and the Association one-half the following workers have served this year:

M. L. Jones, Winston-Salem, in the Pilot Mountain; Lillian Mabry, Southport in the Brunswick; A. R. Waters, Oxford, in the Flat River; (Before coming to the Flat River in July he was in the Avery, Mitchell, and Yancey Associations as an employee of the Sunday School Board and the General Board.) Grover C. Teague, Lenoir, in the Caldwell during July, August and September; K. L. Lineberger, Hickory, in the South Fork during January, February and March; Roy D. Clarke and W. C. Lynch in the Roanoke and Sandy Run Associations entirely under the auspices of their local district Associations until August when they resigned, Mr. Clarke to enter our Seminary at Fort Worth, Texas, and Mr. Lynch to teach in the public School at Mars Hill, N. C.; A. V. Washburn, Sylva, in six western Associations under the joint auspices of our General Board and the Sunday School Board.

Many pastors, superintendents, college students, training school, and Seminary Students, and college graduates in other fields of service have rendered valuable service free in various phases of field work and Associational Campaigns. The Sunday School Board sent us from time to time valuable assistance from Nashville and from other States. The list is so long space forbids giving all their names. We are indebted to them.

## ENLARGEMENT CAMPAIGN

The Revival and Enlargement Campaign is the plan used in reaching the masses of people looking to us for leadership in individual churches, a group of churches, or in a whole district Association. The plan can be used to put on simultaneous schools or special seasons of revival and study of the most approved and modern methods of doing Sunday School work.

## PLAN AND PURPOSE OF CAMPAIGN STATED

I. To find possibilities for the Sunday School.

- (1) Through a religious census.
- (2) From the church roll.
- (3) From the Sunday School roll.

II. To build an organization sufficient to reach and hold possibilities for the school. New officers and teachers to be found in the church membership.

- (1) General Sunday School officers.

(2) Department officers where needed.

(3) Teachers.

III. To grade and tabulate the census, making the information available for use.

IV. To enlist new officers and teachers.

(1) Offer them a definite task.

(2) Ask them to pray about it.

(3) Urge them to accept it in the name of Christ.

V. To adjust equipment where necessary and secure additional equipment where needed.

(1) Plan for departments where needed.

(2) Locate each class with the needs of the whole school in mind.

(3) Put up partitions, curtains or screens, where needed.

VI. To take all present and prospective workers through a course of intensive training and study.

(1) Department books in churches with department schools.

(2) "Building a Standard Sunday School" in others.

VII. To get all prospects and absentees visited.

(1) As a demonstration of how to visit.

(2) To enroll as many of these prospects in Sunday School as possible.

VIII. To teach and install the Six Point Record System and a Weekly Teachers' Meeting.

IX. To install the enlarged organization and grade the Sunday School. The workers to remain with the church for the second Sunday of the Campaign and assist the pastor and superintendent in getting these things done.

X. To present the Standard of Excellence and plan with pastor and superintendent for its attainment.

XI. To show how the pastor can use the Sunday School to:

(1) Win the lost.

(2) Inform the people.

(3) Solve financial problems.

(4) Provide definite work for his people.

XII. To stress church loyalty.

XIII. To urge positive soul winning emphasis in all the work of the school.

XVI. To present to small and weak churches a plan that will enable them to do full-time work with fourth-time preaching.

XV. To present sensible plans for building and maintaining a great teaching and soul winning organization.

This type of Campaign has been conducted in individual churches, groups of churches and Associations. We mention some of the larger projects. Chowan Association with nine churches centering around Elizabeth City; Wilmington Association with thirty-five churches centering around Wilmington; Little River Association with fifteen churches centering around Campbell College; Tuckaseegee Association with ten churches centering around Sylva; Kings Mountain Association with thirty-four churches centering around Shelby; South Yadkin Association with thirty churches centering around Statesville; Raleigh Association with twenty churches centering around Raleigh.

Eight days work was done in each church.

Results cannot be recounted in these 153 Churches. Eternity alone will tell of the good that was done. Many of the little country churches were made over, reorganized, revived and started on the road to great usefulness and power.

#### STANDARD SCHOOLS

There are 123 Standard Sunday Schools, an increase of five over last year. Prospects are fine for fifty more before the year is over.

#### STATEWIDE CONFERENCE

The Second Statewide Baptist Sunday School Conference was held at Meredith College June 14-17. The meeting was attended by more than 500 Sunday School workers from various parts of the State. It was a clearing house of Sunday School information, and a mighty source of inspiration for all who attended. It is the purpose of this Department to hold such a Conference next year.

#### TEACHER TRAINING

We are grateful to God for results obtained in this phase of our work. From November 1, 1927, to November 1, 1928, North Carolina has received 9,312 Normal Awards. The number of Sunday School Administration Awards received is 4,548, making a total of 13,860. More and more pastors and superintendents are doing the work of leading their people in teacher training. Teacher Training is our greatest need and challenge. Large numbers of new workers are enlisted from year to year. Soldiers in the army of the Lord should be trained to use the Sword of the Spirit. In times of war soldiers of the country are trained to kill men. We should train the Lord's Army to save men in times of peace and of war.

## DAILY VACATION BIBLE SCHOOLS

We have had hearty coöperation from The Department of Daily Vacation Bible School Work of the Sunday School Board, Dr. Homer L. Grice, Secretary in charge. This phase of the work grows year by year. Miss Beck is rendering fine service here. This Department recognizes the need of additional Bible Study for our boys and girls during the vacation period, and is lending aid to pastors and churches in giving free literature and in conference and training work. An outstanding demonstration of what can be done in this work was made by the Pilot Mountain Association in connection with the State Sunday School Department and the Department of Daily Vacation Bible School Work of the Sunday School Board under the leadership of Rev. D. H. Wilcox and our Field Worker, M. L. Jones, assisted by Misses Gladys, Maude and Irene Jones of Greenville, S. C. Our records show that there were forty-two schools lasting from ten days to four weeks held in the State during the summer months.

## THE GENERAL SITUATION

On the whole it is encouraging and we are indeed hopeful. There is a fine spirit of coöperation existing between this Department and the churches. The future is bright. The challenge is mighty. The work to be done is far-reaching. We are encouraged for the following reasons:

1. We have God on our side.
2. We have people unnumbered.
3. Our people have courage, faith and conviction.
4. We have resources, both spiritual and material that are untouched.

## OUR SUNDAY SCHOOL PROGRAM

It is the program of the North Carolina Baptists and of Southern Baptists. It is the program of our Convention. This Department has no plan or ambition save as it is tied up with the plan and will of the Baptist State Convention. We commend our Sunday School Program to all the churches as being the best and, as one of our leading ministers said of it, "the safest, sanest, most sensible, most workable, and result-getting program of Sunday School Work being used in the Christian World today."

## 2. BAPTIST YOUNG PEOPLE'S UNION

By JAMES A. IVEY, *Secretary*

As we take up the B. Y. P. U. work of the state where our predecessor, Perry Morgan, laid it down, we do so with a grand admira-

tion for the man who gave himself to the Baptist young people in this state for eight years. It is in our hearts to pay tribute to him who has led the B. Y. P. U. of North Carolina in achievements, many of which are not surpassed by any other state in the South.

*The Workers.* The Department now has four full time workers in the field. They are as follows: Rev. James A. Ivey, general secretary; Winnie Rickett, Junior-Intermediate Secretary; Marguerite Harrison of Goldsboro, eastern field worker, and Mary Frances Biggers, Salisbury, western field worker. Mrs. Alma Tharrington continues to serve as office secretary.

*Associational Workers.* M. L. Jones, Winston-Salem, A. V. Washburn, Sylva, A. R. Waters, Oxford, and Lillian Mabry, Shallotte, are Associational workers, giving a part of their time to B. Y. P. U. Theirs is an intensive and constructive work.

*The State B. Y. P. U. Officers.* The officers of the State B. Y. P. U. Convention are giving so freely of their time and energy to the young people's work over the state that we are adding their names to our report. They are namely: President, M. L. Jones Winston-Salem; Eastern Regional President, John T. Coley, Rocky Mount; Eastern Regional Junior-Intermediate Leader, Louise Daniels, Elizabeth City; Southern Regional President, J. E. Foster, Wilmington; Southern Regional Junior-Intermediate Leader, Annie Horner, Orrum; Central Regional President, J. C. Matthews, Durham; Central Regional Junior-Intermediate leader, Bruce Ousley, Raleigh; West Central Regional President, C. T. Skidmore, Charlotte; West Central Regional Junior-Intermediate leader, Mrs. M. T. Leatherman, Lincolnton; Western Regional President, Rev. W. H. Ford, Andrews; Western Regional Junior-Intermediate leader, Madeline White, Asheville.

*Activities of Workers.* We give here a brief résumé of what the Department force has accomplished during the convention year.

*Conventions.* The five Regional Conventions were held at Scotland Neck, St. Pauls, Roxboro, Statesville and Andrews. Around 3,000 young people were in attendance upon these meetings. The Regional Conventions will meet in 1929 as follows:

Eastern Region, April 16-17, Williamston.

Southern Region, April 19-20, Wallace.

Central Region, April 23-24, Sanford.

West Central Region, April 26-27, Lexington.

Western Region, April 30-May 1, Sylva.

The State B. Y. P. U. Convention met at Meredith College, Raleigh, with approximately 1,500 messengers present. The next session will be held June, 18, 19, 20, at the same place.

*Enlargement Campaigns.* Four simultaneous B. Y. P. U. Enlargement Campaigns have been conducted. We believe this plan to be the best yet discovered for carrying the B. Y. P. U. program more speedily and effectively to our churches.

It is simultaneous. A part or all of the churches of an Association join together to engage in eight days of training and enlargement activities. Through the coöperation of the B. Y. P. U. Department one or more workers are provided for each church participating.

It is inexpensive. Besides the members of the Department the workers for the most part are volunteers. It is a tribute to B. Y. P. U. work of our state that so many of its products, consecrated, capable and enthusiastic, gladly give themselves to these campaigns without remuneration save the joy of service.

It is resultful. New unions are organized where needed and advisable. The General B. Y. P. U. Organization is set up in every church where there is a possibility for two or more unions. All needed officers are selected and enlisted. Leaders and sponsors for Junior and Intermediate unions are enlisted. Classes for the different grades are taught thus taking the present members, the deacons and others through a week of B. Y. P. U. study. The prospects and absentees are visited. Many new members are secured. Church loyalty is stressed. The B. Y. P. U. Department of the church is held up as a church task.

*Educational Work.* The B. Y. P. U. has twenty approved text-books in its course of study. Additional books are being added to this number from time to time. These courses acquaint the young people and leaders with the approved methods of B. Y. P. U. work. The

real meaning and purpose of B. Y. P. U. is taught. Forms of church organization and government are clearly set forth. The young church members become thoroughly familiar with the world-wide missionary program of Baptists. The young people are trained in the art of soul-winning and in every phase of stewardship. A clear and simple study of all the great Bible doctrines is given. A usable knowledge of the books of the Bible and methods of Bible study are given.

Much time is given to training schools in local churches, to city training schools and Associational training schools. Misses Biggers and Harrison, another year, will locate in an Association for a month working with the associational program and the most needy churches. In this manner they will be able to reach twelve associations each. The entire force will turn their attention more and more to rural churches.

*Associations Functioning.* Fifty-five of the 65 associations are organized for B. Y. P. U. work. Through these associational organizations we are able to reach hundreds of churches with the B. Y. P. U. program, whereas we could not otherwise. We propose to organize every possible association within the state and promote our work very largely through these organizations.

*B. Y. P. U. a Church Task.* There is a need for a church consciousness on the subject of training, embracing support of the board of deacons; financial support for literature, equipment, rooms, and social life; parental coöperation. When we realize that the B. Y. P. U. is the church training its young members that it is and must of necessity be a church responsibility we have accepted the relationship that rightfully exists between the church and its training department.

### 3. REPORT ON STUDENT WORK

By PERRY MORGAN, *Secretary*

Progress has been made in the Department of Student Religious Work. There is great need for this Department to be strengthened. Our student forces are capable and filled with spiritual dynamic. If we are wise we shall do all within our power to keep intact these forces, conserve them, and use this now latent power in Kingdom building through the years that lie ahead of us. There are several thousand Baptist students enrolled in our own denominational schools and colleges, in tax supported schools, private schools, and schools of other denominations. This Department has tried to minister to them and has succeeded in an admirable manner.

Our student secretaries are: Miss Cleo Mitchell, at North Carolina College for Women, Greensboro; L. H. Tapscott, at University of North Carolina, Chapel Hill; Y. C. Elliott, at North Carolina State College, Raleigh; Miss Joy Beaman, at the Appalachian Training School, Boone; and Miss Madaline Elliott, at Meredith College, Raleigh. They have rendered fine service to the denomination, and the hundreds of students at these school centers. Their activities are manifold. The student secretary acts as host, agent, advisor, encourager, discoverer, and general all-round helper to students. He forms a connecting link between the student, the school, and the church.

At North Carolina College for Women we have a home called "Baptist Cottage" for the girls. It is a place where they may find refuge, sympathy, and help in times of spiritual difficulties. It is the headquarters of our student work. Prayer meetings, Bible study groups, mission study workers and student worshipers gather there for all kinds of religious work. There our girls have social recreation of a wholesome kind. It is as nearly home to them as a denomination can make such an undertaking. At the University, North Carolina State, and the Appalachian Training School such headquarters are maintained as nearly as possible in the Baptist churches situated near the campuses.

#### STUDENT CONFERENCE

The Annual Statewide Conference for Baptist students was held at Chowan College, Murfreesboro, October 19-21. We had the valuable assistance of the Department of Student Work of the Southern Baptist Convention. The Conference was attended by more than 200 students representing the various schools of the State. The students adopted as their Conference keynote the phrase "That I may know

Him." It was a meeting of marvelous power and deep spirituality. Under the direction of Secretaries L. H. Tapscott, Chairman; Y. C. Elliott, Cleo Mitchell, and Joy Beaman representing the Student Religious Activities Department; and students Anne Downey of Chowan College, Maurie Cree, of Wake Forest College, and Madaline Elliott, of Meredith College, the program was built and presented to the Conference. At this meeting students pledged their loyalty to the denomination, re-affirmed their faith in the Bible as God's inspired Word and renewed their allegiance to Him.

The next statewide conference will be held at North Carolina College for Women, Greensboro, in October, 1929. Charles A. Maddry, a student at Wake Forest College was elected President of the State-wide Baptist Student Union, which was organized by the Conference.

We urge the continuance of this Department of our work and, if possible, to strengthen it by placing full time workers at East Carolina Teachers' College, Greenville, and Wake Forest College.

## EXPLANATIONS

We are under everlasting obligations to the clerks of the various Associations for furnishing us with the statistical information that follows. This would have been impossible without their coöperation.

Names of churches having preaching every Sunday are printed in SMALL CAPS; those having preaching two or three Sundays are printed in *italics*.

Churches or single items marked thus (\*) have the latest available data, in most cases for 1927.

We earnestly urge upon the pastors to encourage their church clerks and treasurers to keep accurate and complete records of the work of their churches and furnish this to the Associational clerk, who in turn passes this on to us and we pass it on to the great stream of Baptist history of the world. It is highly important that we get complete and accurate information. We are persuaded that in many cases we do not get this. Due to the limitations of our knowledge, we can not transform this information into accuracy after it reaches us.

WALTER M. GILMORE, *Statistical Secretary*.

## STATISTICAL SUMMARY

Every one of the 65 Associations made report to us, save one, the Tuckaseigee, and we are using the 1927 figures for that Association.

We are reporting 87 churches less than last year, and only a net gain in membership of 3,163. This, perhaps, breaks the record for many years in loss of churches and membership. An explanation is needed.

The former statistical secretary carried not only the churches and membership reported to him by the associational clerks, but he included churches who had not reported to their Associations, for a number of years, in some cases.

The present secretary takes the position that nothing is to be gained by carrying this dead weight from year to year, and so at the risk of causing misunderstanding as to our lack of growth for the time being, we are eliminating all of these moribund churches from our tables this year. We are following strictly the lists furnished us by the clerks of the various Associations, on the assumption that they are living closer to the situation than are we. If any of these churches are still living and ought to be included in our lists, then it is the fault of the church clerk, primarily, and the associational clerk and not ours.

The following is a list of Associations in which a shortage of churches is reported together with the number lacking. Check up on this list and report to us if it is incorrect:

Alleghany, 4; Anson, 1; Bladen, 1; Buncombe, 6; Caldwell, 3; Cape Fear-Columbus, 1; Carolina, 8; Chowan, 5; Eastern, 2; Elkin, 1; French Broad, 2; Gaston County, 1; Green River, 2; Haywood, 2; Johnston, 1; Macon, 2; Mitchell, 1; Mount Zion, 2; Neuse-Atlantic, 4; New South River, 4; Piedmont, 1; Roanoke, 1; Robeson, 1; South Fork, 4; Stanly, 4; Stone Mountain, 5; Tar River, 1; Tennessee River, 7; Transylvania, 3; West Liberty, 2; Western North Carolina, 4; Wilmington, 1; Yadkin, 1; Yancey, 12; South Yadkin, 17. The South Yadkin lost these to the new Rowan Association organized a year ago.

The following Associations gained in number of churches: Ashe, 1; Beulah, 1; Brier Creek, 1; New Found, 2; Pee Dee, 1; Sandy Creek, 1; Stony Fork, 1; all the other Associations reported same number of churches as last year.

## PRESENT MEMBERSHIP

There are now 2,281 churches with a membership of 386,405. Last year we reported 2,368 churches and a membership of 383,242. While these figures reveal a loss in the number of churches and a consid-

erable decline in the net gain in membership over last year, yet as a matter of fact we have made normal progress all along the line, not as much, perhaps, as in former years, yet we have really gone forward.

### BAPTISMS

The churches report 17,313 baptisms during the year, this being 1,136 less than last year. There were 630 churches that did not report a single baptism during the entire year. But there were 2,011 other churches who reported from one to a hundred or more baptisms. That is a great cause for rejoicing and taking courage.

### FINANCES

We gave to all objects, according to the reports, \$3,909,673.10, which is \$181,919.02 less than we gave to the same causes in 1927. Of course we must bear in mind as we go along we are leaving out of this count 87 churches and what they reported the last time they were heard from. However, that would not swell the totals a great deal, especially the financial totals.

Our gifts were distributed as follows: Coöperative Program, \$371,001.76; Missions (designated), \$81,552.63; Benevolences (including Orphanage, Hospitals, Ministers' Relief), \$213,999.52; Christian Education, \$107,970.14; total denominational contributions, \$813,706.38; which is \$100,052.60 more than was given for these objects in 1927; total for local church expenses, \$3,095,966.72, which is \$105,471.21 less than we spent on ourselves last year, but it will be seen that we are still quite liberal with ourselves.

### PER CAPITA CONTRIBUTIONS

The per capita gifts for denominational objects were \$2.14, being 25 cents per member more than last year, while the per capita for all objects, including denominational and local church expenses, were \$10.11.

The Rowan led all the Associations in per capita gifts for all objects, \$25.44, while the Buncombe was second with \$21.01. The Mecklenburg-Cabarrus, with \$5.59 per capita for denominational objects, led all the Associations in that respect, while the Piedmont came second with \$4.96 per member for denominational objects.

### ASSOCIATIONS LEADING

The Pilot Mountain still leads in the number of churches, 71, with the Roanoke second, 66. The Mount Zion leads again in membership, 14,940, while the West Chowan is a close second, 14,320. The

Gaston led in baptisms, 743, while the Roanoke lacked only one of duplicating that number, 742. The Pilot Mountain leads in number of Sunday schools, 68; the Roanoke has 65. The Pilot Mountain also leads in Sunday school membership, 13,597; while the Mount Zion comes next with 13,147. The Gaston leads in number of B.Y. P. U.'s, 113, and the Buncombe comes second with 98. In the matter of B.Y.P.U. membership the same Associations lead, Gaston, 2,599; Buncombe, 2,254. In number of W.M.U.'s the Tar River leads with 163, and the West Chowan next, 160. In W. M. U. membership, the Mount Zion leads with 3,191, while the Roanoke has 3,000 members. The Mecklenburg-Cabarrus leads this year in gifts to denominational objects, \$66,831.37, while the Piedmont takes second place with \$54,167.15. The Pilot Mountain leads again with \$221,249.87 given for local church expenses, while the Mount Zion comes next with \$199,335.19. The Pilot Mountain leads again with the largest amount contributed for all purposes, \$274,468.50, and the Mount Zion comes next with \$252,072.03.

### SUNDAY SCHOOLS

The figures for the Sunday schools suffer even more than those for the churches because of our cutting off so many churches. According to the reports received, there are now 2,177 Sunday schools with a membership of 331,728. This is 81 fewer Sunday schools than last year and 3,505 fewer members. In the following Associations the Sunday school membership is larger than the church membership: Catawba River, Gaston County, Kings Mountain, Liberty, Piedmont, Pilot Mountain, Rowan, South Fork, South Yadkin. For every 100 church members there are 85.8 in Sunday school.

There are 123 Standard Sunday schools, an increase of five over last year. A total of 13,860 Normal and Administration awards were given during the year.

While the figures used for the Sunday schools would seem to indicate a falling off in this department of our work, yet it is only apparent. As a matter of fact, we have more Sunday schools and better Sunday schools with larger membership than we had a year ago, we feel quite sure. The many enlargement campaigns put on throughout the year have resulted in greatly augmenting the Sunday school forces. The shortage this year is due entirely to our system of counting, or rather of not counting non-reporting churches.

### BAPTIST YOUNG PEOPLE'S UNION

The B.Y.P.U. Department began the year by cutting off 300 or 400 Unions from which no report could be obtained. That necessarily resulted in a shortage in their totals. They report now 2,125

organizations, with an approximate membership of 48,875, which means an apparent loss of 91 organizations and 5,116 members. But this does not indicate a lack of interest in B.Y.P.U. work. Under the leadership of Brother Ivey it is making substantial progress.

### WOMAN'S MISSIONARY UNION

The 1927 report of the Woman's Missionary Union, which is the latest data we have, shows 2,781 organizations, an increase of 368 over 1926, of these 1,700 being young people's organizations. There were 775 Standard societies, Roanoke leading with 64, Chowan second with 48. Contributions amounted to \$278,985.60. The Associations standing at the top in gifts were: Piedmont, \$25,257.70; Pilot Mountain, \$21,587.04; Mount Zion, \$19,104.22. To the Kings Mountain Association, Mrs. John Wacaster, Superintendent, was awarded the W.M.U. Banner, and to Mount Zion Association the Young People's Banner for the best all-round year's work. Mission Study Classes reported, 844, with 10,662 seals and 4,727 certificates awarded. In the tithing story contest sponsored by the W.M.U., the award went to Marian Turner, Hendersonville.

### EDUCATIONAL INSTITUTIONS—STATE AND SOUTHWIDE

The Convention owns three four-year colleges, and three Junior Colleges. Boiling Springs has added during the year one year's work of college grade and is advancing towards full Junior College work. It is owned jointly by the Kings Mountain, Sandy Run and Gaston County Associations. All these institutions enrolled during 1927-1928 a total of 2,190 college students and 693 high school students. Adding attendance during the summer of 1928, the total is 3,398. Adding the Orphanage enrollment, the total is 4,022. In these institutions were enrolled 203 ministerial students and 31 student volunteers. The equipment of these institutions is valued at \$3,947,070.73, while the total endowment amounts to \$3,368,523.03 (par value). Its market value is about \$4,000,000. Upon this property are debts amounting to \$1,100,000.

The four South-wide institutions which belong in part to North Carolina Baptists are valued at \$5,106,725.69, with endowment amounting to \$2,742,133. In these 61 young men and young women from North Carolina are enrolled.

## AUDITOR'S REPORT

Dr. Charles E. Maddy,  
Corresponding Secretary N. C. Baptist State Convention,  
Raleigh, North Carolina.

Dear Sir:

We submit herewith a summary of our detailed report on the Audit of the North Carolina Baptist State Convention, Raleigh, North Carolina for the twelve months ended December 31, 1928.

Our detailed report will be submitted to you as soon as we have been able to hear from all the verifications mailed out and if any differences appear they will then be covered in our report.

## SCOPE OF EXAMINATION

Our examination has been in detail and consisted of a verification of all cash disbursements as supported by vouchers issued in the regular course of business. We reconciled the vouchers issued during the year with those paid by the Treasurer and we also reconciled the checks issued by him in payment of vouchers, with the charges to his account by the bank. We also traced all cash receipts into the banks and made tests of the receipts by reference to the original letters sending money to the Treasurer. We did not check all the letters for the reason that it would have taken quite a while to do it and we did not think it necessary in view of fact that the Cash Receipts are published in detail every three months. At the close of our audit all paid vouchers were turned over to Miss Ivey, the bookkeeper, and the Treasurer has no vouchers in his possession except those paid by him in 1929.

We found the books in good shape and well and accurately kept. No irregularities were disclosed during the course of our audit.

## SUMMARY OF FUNDS BALANCES

## LIST OF PASTORS

This list of pastors is made up from the data furnished us by the associational clerks. They depend for their information about the pastors upon the clerks of the churches. Of course we try to keep a close check upon this list as we hear of changes in addresses. We shall greatly appreciate your kindness if you will notify us of any changes either in your own address or that of your friends. From our list the roster of the pastors of the Southern Baptist Convention Annual for North Carolina is taken. In the early spring we furnish Dr. E. P. Aldredge, Nashville, Tenn., a corrected list of the North Carolina Baptist pastors.

WALTER M. GILMORE, *Secretary.*
